UTAH.

CAPITAL, SALT LAKE CITY.

POPULATION OF STATE, 143,963.

(Census 1880).

Males	74,509	Native	99,969
Females	69,454	Foreign	43,994
White	142,423	Chinese	501
Colored	232	Indians	807

The territory of Utah extends from 37° to 42° north latitude, and from 109° to 114° west longitude, and is bounded on the north by Wyoming and Idaho, on the south by Arizona, on the east by Colorado and on the west by Nevada.

It comprises an area of 84,476 square miles or 54,064,640 acres, and forms part of the vast plateau which lies between the Rockies and the Sierra Nevada. The surface is very mountainous, interspersed with arid plains, valleys and basins; much of it is utterly sterile. The principal rivers of the State are the Bear, Malade, Weber, Ogden, Jordan, Green, Grand, White, etc. The climate is mild and dry, the mean annual temperature as observed at Salt Lake City being 51.86, that of the summer 73.59, and of the winter 30.38. The average annual rain-

fall is about 18 inches, but in the vicinity of the Great Salt Lake it increases to 23 inches. Forests of coniferous trees are found in the higher mountains, but the State generally is not well timbered. Utah possesses immense mineral resources, gold, silver, lead, iron, salt, coal and copper being produced in large quantities. Stock raising is a profitable industry, and can be carried on successfully in sections where farming is impracticable.

The following table shows increase in population during the past 30 years.

1850	11,380	1870	86,786
1860	40,273	1880	143,963

The census of manufacturers for 1880 shows the number of establishments in operation at that time to have been 640; capital invested, $2,656,657; number of hands employed, 2,495; total wages paid during the year, $858,863; value of materials, $2,561,737; value of products, $4,324,992.

Rate of Mortality in Utah, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1000.	White.	Colored.	Rate per 1000, White.	Rate per 1000, Color'd.
143,963	2,414	16.77	2,403	11	16.87	7.14

The total number of deaths from consumption during 1880, was 69, which was at the rate of .40 per 1,000 of population, or 28.58 per 1,000 of total deaths.

Colored	1,057	Indians	11

The State of Vermont extends from 42° to 45° north latitude, and from 71° 25′ to 73° 26′ west longitude, and is bounded on the north by Canada, on the south by Massachussetts, on the east by New Hampshire and on the west by New York. It comprises an area of 10,212 square miles, or 6,535,680 acres, and is intersected by the Green Mountains, which, trending from north to south, nearly parallel to the western boundary, are covered by dense forests of coniferous trees. The rivers of the State are the Connecticut, Barton, Black, Missisquoi, Lamville, Winooski, Passumpsic, Wells, Poultney, etc., etc.

The climate is cold, and like most of the New England States, is marked by great extremes, the winters being severe and of long duration, and the summers short but extremely warm. The mean annual temperature, as observed at Montpelier, is 42.76, and the average annual rainfall about 36 inches. Iron ore, marble, slate, building stone, kaolin and manganese are found in large quantities in various portions of the State. Agriculture and stock-raising are the principal industries, and Vermont wool is famous all over the United States.

The following table shows increase in population for the past 60 years.

1820	235,966	1860	315,098
1830	280,652	1870	330,551
1840	291,948	1880	332,286
1850	314,120		

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages* 101 *to* 120) *indicates the college of graduation, and the last number the year in which diploma was granted.*

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 2,874; capital invested, $23,265,224; number of hands employed, 17,540; total wages paid during the year, $5,164,479; value of materials, $18,330,677; value of products, $31,354,366.

The best known mineral springs in the State are : Alburg Springs (sulphur), in Grand Isle county; Clarendon Springs (calsic), in Rutland county; Elgin Spring, P. O. Vergennes, in Addison county; Highgate Springs (sulphur), in Franklin county; Middletown Springs (alkaline), in Rutland county; Newbury Springs (sulphur), in Orange county; Plainfield Springs, in Washington county; Shelden Springs (alkaline), in Franklin county, and Welden Spring (alkaline), P. O. St. Albans, in Franklin county.

Rate of Mortality in Vermont, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
332,286	50.24	15.12	5,008	16	15.11	14.98

Total number of deaths from consumption during 1880, was 813, which was at the rate of 2.40 per 1,000 of population, or 161.82 per 1,000 of total deaths.

MEDICAL LAWS OF VERMONT.

PRACTICE OF MEDICINE AND SURGERY, CHAPTER 172, REVISED LAWS, 1880.

SECTION 3908. Medical societies, organized under a charter from the general assembly, shall, at each annual session, elect a board of censors, consisting of three members, who shall hold their office till others are elected; which board may examine and license practitioners of medicine, surgery and midwifery.

3909. A practitioner of medicine, surgery or midwifery, who, by sign or advertisement, offers his services to the public as practitioner of either medicine, surgery or midwifery, or who, by such sign or advertisement, assumes the title of doctor, shall obtain a certificate from one of such medical societies, either from a county, district or State society.

3910. A person not a resident of this State, who has not received a diploma from a chartered medical college, shall obtain a certificate from a board of censors in this State before he shall be permitted to practice the medical art in this State.

3911. Each board of censors shall issue certificates, without fee, to physicians and surgeons who furnish evidence, by diploma from a medical college or university, or by certificate of examination from an authorized board, which satisfies said censors that the person presenting such credentials has been, after due examination, deemed qualified to practice the branches mentioned in such diploma or certificate.

3912. The censors of each medical college aforesaid shall, in their discretion, notify practitioners of medicine, surgery or midwifery of the terms of this chapter, and shall require such persons to comply therewith within thirty days after such notification, or within such further time as is allowed by the censors, not exceeding ninety days.

3913. The certificate shall set forth that said censors have found the person to whom it is given qualified to practice the branches of medical art mentioned in it, and shall be substantially in the following form:

No. —— *Certificate.*

STATE OF VERMONT, }
COUNTY OF———. }

This may certify that the undersigned board of censors have found A. B., of ———, in the county of ———, and State of ———, qualified in the following branches of the medical rofession: —— —— ——; and therefore license him to practice said branches within this tate.

———— ————,
———— ————,
———— ————,

Board of Censors of Medical Society.

3914. The person to whom a certificate is thus issued shall cause the same to be recorded in the clerk's office of the county in which he resides, or, if not a resident of the State, in the county in which he obtains such certificate, in a book to be kept by the county clerk for that purpose, and to be called the Medical Register of ——— County. The fee for recording such certificate shall be twenty-five cents.

3915. A certificate issued by a board of censors, as herein provided, shall be valid throughout the State after being duly recorded. Said censors may revoke or annul a certificate if, in their judgment, the person holding it has obtained it fraudulently, or has forfeited the right to public confidence, by conviction of crime.

3916. A person who practices medicine, surgery or midwifery in this State, or signs a certificate of death for purposes of burial or removal, unless authorized so to do by a certificate issued and recorded as herein provided, shall, for the first offense, be fined not less than fifty nor more than two hundred dollars, and for a subsequent offense not less than two hundred nor more than five hundred dollars, which fine may be recovered in an action of debt, for the use of any person who sues therefor, or by an indictment.

3917. No person practicing either of the branches of medicine, surgery or midwifery within this State shall be permitted to enfore, in the courts, the collection of a fee or compensation for services rendered, or material or medicine furnished, in the practice of any of the branches for which he has not a certificate as provided in this chapter.

3918. This chapter shall not apply to the practice of dentistry, nor to the practice of midwifery by women in the town or locality in which they reside, nor to those practitioners of medicine who had resided and practiced medicine in the State five years previous to November 28, 1836.

2555. A physician who attended upon a deceased person shall leave with the town clerk a certificate containing the name of the disease or cause of such death within fifteen days after the interment of the deceased; and a medical attendant who fails to give such certificate shall be fined three dollars, for the use of the town where the offense is committed.

The professional books and instruments of a physician are exempt from taxation, and from attachment and execution.

Virginia, one of the original 13 States, extends from 36° 30′ to 39° 27′ north latitude and from 75° 10′ to 83° 30′ west longitude, and is bounded on the north by Maryland and West Virginia, on the south by Tennessee and North Carolina, on the east by Chesapeake Bay and the Atlantic Ocean, and on the west by Kentucky and West Virginia. It comprises an area of 38,348 square miles or 24,542,720 acres.

The six great natural divisions of the surface may be briefly described as follows: The tide water comprising the south and southeast; the middle an undulating plain extending west to the coast range; the Piedmont from the Coast range to the Blue Ridge mountains and to North Carolina from the Potomac; the Blue Ridge crossing the State in a southwesterly direction; the Valley, a broad belt of gently rolling fertile country between the Blue Ridge and North mountains and the Appalachian, a mountainous region through which trend the Alle-

ghenies. Much of the mountain region is well timbered and the soil in the valleys is extremely fertile.

The principal rivers are the Potomac, Shenandoah, Rappahannock, Rapidan, York, James, New, Nottoway, Roanoke, West Fork, etc,. etc.

The climate is mild and on the whole salubrious, the most unhealthy portion of the State being the Tidewater country. The mean annual temperature as observed at Richmond is 57.53 and the average annual rainfall is about 40 inches.

The minerals comprise coal, salt, gypsum, marl, iron ore, zinc, Sulphur, kaolin, fire clay, marble, etc., etc., and are found in large and paying quantities. Tobacco is grown extensively and all the cereals flourish here.

The following table shows increase in population during the past 60 years.

1820	1,065,116	1860	1,596,318
1830	1,211,405	1870	1,225,163*
1840	1,239,797	1880	1,512,565
1850	1,421,661		

The census of mauufactures for 1880 shows the number of establishments in operation at that time to have been 5,710; capital invested, $26,968, 990; number of hands employed, 40,184; total wages paid during the year, $7,425,261; value of materials, $32,873,933; value of products, $51,810,692.

Rate of mortality in Virginia as computed from the U. S. census of 1880.

Population.	Deaths in 1880.	Rate per 1000.	White.	Colored.	Rate per 1000, White.	Rate per 1000, Colored.
1,512,565	24,681	16.32	12,345	12,336	14.01	19.52

Total number of deaths from consumption during 1880 was 3,025 which was at the rate of 2.00 per 1,000 of population, or 122.56 per 1000 of total deaths.

*The decrease in population from 1860 to 1870 was due to the erection of West Virginia as a separate state which took place during that period.

MEDICAL LAWS OF VIRGINIA.

Dr. J. L. Cabell, University of Virginia, furnishes the following:
Code of Virginia (1873). Chapter 34, Section 8:

A separate license shall be granted to each member of a firm or company of attorneys at law, physicians, surgeons and dentists; and where the tax is estimated on the income from the professional business of a firm or company, if any part thereof is exempt from taxation, the exemption in favor of such firm or company shall apply to each member thereof.

16. Provides that no abatement of tax be granted on licenses for one year.

62. No person shall, without a license, practice as a physician, surgeon or dentist, for compensation; but a license to practice either profession shall confer the privilege of practicing in all the professions aforesaid, and a license granted to practice in any county or corporation, shall aurhorize such physician, surgeon or dentist to practice in any of the professions authorized throughout, the commonwealth without additional license. Any person violating the provisions of this section, or who shall practice in either of the professions named, without a license, shall pay a fine of not less than thirty dollars nor more than one hundred dollars for each offense, and shall be debarred from recovering any compensation for any such service, by suit or warrant, in any of the courts of the commonwealth.

Chapter 35, Section 51. The specific license tax on every physician, surgeon or dentist, shall be ten dollars.

Chapter 104, Section 31. Every physician and surgeon shall, in a book to be kept by him, make a record at once of the death of every person dying in this State, upon whom he has attended at the time of such death, setting out, as far as practicable, the circumstances herein required to be recorded by an assessor or commissioner respecting deaths. He shall give to an assessor or commissioner of the revenue, whenever called upon by him for that purpose, annually, a copy of such record, so far as the same relates to deaths in such assessor's or commissioner's district.

The above statutes were enacted during the session of the Legislature of 1871-72.

Compensation for attending prisoners, and for making analyses in criminal cases, is prescribed by the following statute, enacted during the session of 1877-78:

A court may appoint a physician to attend prisoners in its jail, and make him a reasonable allowance, not exceeding seventy-five cents per day for each day he attends a patient. When he attends more than one patient a day, there may be allowed fifty cents per day for each additional patient. A court may make an allowance not to exceed the sum of twenty-five dollars, as compensation to any physician or analytical chemist, for making an analysis to discover poison in any criminal case.

WASHINGTON.

CAPITAL, OLYMPIA.

POPULATION, 75,116.

(Census of 1880.)

Males	45,973	Native	59,313
Females	29,143	Foreign	15,803
Whites	67,199	Chinese	3,187
Colored	325	Indians	4,405

Washington Territory extends from 45° 33′ to 49° north latitude and from 117° to 124° 41′ west longitude, and is bounded on the north by the British Possessions, on the south by Oregon, on the east by Idaho, on the west by the Pacific Ocean, and on the northwest by the Strait of San Juan de Fuca and the Strait of Georgia. It comprises an area of 69,994 square miles or 44,796,160 acres, and is divided by the Cascade Mountains into two distinct sections; the western a heavily timbered country, rugged and broken, with a few fertile prairies, and the eastern, which has extensive plains admirably adapted to stock raising. Wheat, barley, flax, hops, and oats are the agricultural staples and are grown principally west of the Cascades.

The climate is mild, equable and salubrious, and the mean annual temperature is 50.81. The average annual rainfall is about 39 inches. The principal rivers are the Columbia, Snake, Spokane, Walla Walla, Yakima, Klikitat, Cowlitz, etc. Gold and silver are mined. Salt abounds on the Spokane Plain. Large coal fields occur near Bellingham Bay and back of Seattle, on Lake Washington, and iron, copper, lead, zinc, cinnabar, gypsum, etc., are found in large quantities.

The following table shows increase in population during the past 20 years:

1860	11,594	1880	75,116
1870	23,955		

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 261, capital invested, $3,202,497; number of hands employed, 1,147; total wages paid during the year, $532,226; value of materials, $1,967,469; value of products, $3,250,134.

Fishing is an important industry, and immense numbers of salmon are canned here every year and shipped to all parts of the Union.

Rate of Mortality in Washington as computed from the U. S. Census of '80.

Population.	Deaths in 1880.	Rate per 1000.	White.	Colored.	Rate per 1000 White.	Rate per 1000 Colored.
75,116	755	10.05	703	52	10.46	6.56

Total number of deaths from consumption during 1880 was 100, which was at the rate of 1.30 per 1,000 of population, or 132.45 per 1,000 of total deaths.

MEDICAL LAWS OF WASHINGTON TERRITORY.

It has been impossible to obtain a copy of the law requiring the registration of physicians in the Territory, which is partially explained by the following letter of Dr. N. Ostrander, of Olympia.

OLYMPIA, W. T.

R. L. Polk & Co.

GENTLEMEN,—In answer to yours of the 27th ult., I have to say that no person is permitted to practice medicine or surgery in this Territory for gain without filing with the county auditor a copy of his diploma, under oath, but I am sorry to say also that the law is not always enforced. Very respectfully,

N. OSTRANDER, M. D.

WEST VIRGINIA.

CAPITAL, CHARLESTON.

POPULATION OF STATE, 618,457.

(Census of 1880.)

Males	314,495	Native	600,192
Females	303,962	Foreign	18,265
White	592,537	Chinese	5
Colored	25,886	Indians	29

The State of West Virginia is bounded on the north by Pennsylvania and Maryland, on the south and east by Virginia, and on the west by Kentucky and Ohio. It extends from 37° 6′ to 39° 37′ north latitude, and from 77° 43′ to 82° 33′ west longitude, and comprises an area of 24,780 square miles, or 15,859,200 acres. The surface is mountainous and well wooded, and the bottom lands are wonderfully fertile, being specially adapted to grazing and dairy farming. Blue grass is indigenous. The principal rivers are the Ohio, Potomac, Monongahela, Cheat, Big Sandy, Little and Great Kanawhas, etc. The climate is mild and healthful, the mean annual temperature, as observed at Kanawha, being 54.27; that of the summer, 71.40, and of the winter, 36.66. The average annual rainfall is about 43 inches. Nearly the whole of the State lies within the Allegheny coal system, and large quantities of coal are exported. The other great mineral resources of the State are salt, iron ores, fire clay, petroleum, lime and sand stones, etc. The agricultural staples are corn, wheat, oats and tobacco; and West Virginia is specially famous for wool.

The following table shows increase in population during the past 10 years:

1870	442,014	1880	618,457

The census of manufactures for 1880 shows the total number of establishments in operation at that time to have been 2,375; capital invested, $13,883,390; number of hands employed, 14,351; total wages paid during the year, $4,313,965; value of materials, $13,891,444; value of products, $22,867,126.

West Virginia possesses a number of mineral springs, best known of which are: Berkeley Springs (calcic), postoffice Bath, in Morgan county; Blue Sulphur Springs (sulphur), in Greenbrier county; Berland Mineral Well, in Pleasants county; Capon Springs (alkaline), in Hampshire county; Greenbrier White Sulphur Springs (sulphur), in Greenbrier county; Parkersburg Mineral Wells, postoffice Mineral Wells, in Wood county; Hart Well, postoffice Willow Island, in Pleasants county; Red Sulphur Springs (sulphur), in Monroe county; Salt Sulphur Springs (sulphur), in Monroe county; Shannondale Springs, in Jefferson county; Sweet Springs (calcic), in Monroe county.

Rate of Mortality in West Virginia, as computed from the U. S. Census of 1880:

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
618,457	7,418	11.99	6,984	434	11.78	16.74

Total number of deaths from consumption during 1880 was 969, which was at the rate of 1.50 per 1,000 of population, or 130.62 per 1,000 of total deaths.

MEDICAL LAWS OF WEST VIRGINIA.

AN ACT AMENDING AND RE-ENACTING CHAPTER 150 OF THE CODE OF WEST VIRGINIA CONCERNING THE PUBLIC HEALTH.

Be it enacted by the Legislature of West Virginia:

SECTION 1. There shall be a State board of health in this State, consisting of two physicians residing in each congressional district thereof, who shall be graduates of reputable medical colleges, and who shall have practiced medicine for not less than twelve years continuously. They shall be appointed by the Governor, and hold their office for the term of four years, unless sooner removed as provided in this chapter. But the members of said board now in office shall, unless sooner removed therefrom, remain in office until their successors are appointed and qualified. On the first day of June, 1882, and in every second year thereafter, or as soon after said day as possible, the Governor shall appoint two members of said board for the term of four years. Vacancies in said board shall be filled by the Governor for the unexpired term. Any person so appointed may be removed from office by the Governor, for incompetency, neglect of duty, gross immorality or drunkenness, or for any cause deemed necessary for the public good.

2. The persons so appointed shall take the oath of office prescribed by the fifth section of the fourth article of the constitution of this State, before entering upon the duties of their office, and file a certificate of their having done so with the Secretary of State.

3. The said board shall, on a day to be fixed by them, in every two years, elect from their own number a president and secretary, who shall hold their offices for the term of two years and until their successors are appointed and enter upon the duties of their office. The said board shall be a corporation by the name and style of "The State Board of Health of West Virginia," and have and use a common seal, and, as such corporation, may sue and be sued, contract and be contracted with, plead and be impleaded, to the extent of the powers conferred upon said board by this chapter. Said board may make and adopt all necessary rules, regulations and by-laws, not inconsistent with the constitution and laws of this State, or of the United States, to enable it to perform its duties and transact its business under the provisions of this chapter. A majority of said board shall constitute a quorum for the transaction of business. A meeting of the board may be called by the president or any three members thereof.

4. The secretary shall be the recording officer of the board, and, in addition to his other duties prescribed in this chapter, he shall respond to all communications of the local boards of health, as well as from any member of said State board of health residing at a distance from his office, and give to them such advice and information relative to their duties as he may deem necessary and proper. He shall also do and perform such other duties as the State board of health may lawfully direct; and in case of the prevalence of endemics, epidemics, infectious and contagious diseases, or other unusual sickness, he shall, on the request of the local board of health, visit the locality and advise with them, and adopt such regulations for its suppression as may seem best. He shall annually report to the Governor, on or before the first day of January, the investigations, discoveries and recommendations of the board, which shall be printed and distributed as soon as practicable thereafter in the same manner as other public documents of the State, except that the Governor may cause said report to be printed and distributed annually.

5. The board shall take cognizance of the interests of the life and health of the inhabitants of the State, and shall make, or cause to be made, sanitary investigations and inquiries respecting the causes of diseases, especially the endemics and epidemics; and the means of prevention, the sources of mortality, and the effects of localities, employments, habits and circumstances of life on the public health. They shall also investigate the causes of diseases occurring among the stock or domestic animals in the State, the methods of remedying the same, and shall gather information in respect to these matters and kindred subjects for diffusion among the people. They shall also examine into and advise as to the water supply, drainage and sewerage of towns and cities; the ventilation and warming of public halls, churches, school houses, workshops and prisons; the ventilation of coal mines, and how to treat promptly accidents resulting from poisonous gases. When they may believe there is a probability that any infectious or contagious disease will invade the State from any other State, it shall be their duty to take such action and adopt and enforce such rules as they may, in the exercise of their discretion, deem efficient in preventing the introduction and spread of such disease or diseases. The better to accomplish such objects, the board are empowered to establish and strictly maintain quarantine at such places as they may deem proper, and may adopt rules and regulations to obstruct and prevent the introduction or spread of infectious or contagious diseases to or within the State. They may enforce inspections of persons and articles of baggage, or other goods of whatsoever character, as well as the purification of the same; and companies or individuals operating or controlling railroads, passenger coaches, public conveyances, and steamers plying the Ohio river, or its tributaries in this State, shall obey the rules and regulations when made and published by the board in some newspaper printed at or near the place where the danger is; and any owner or person having charge of such railway train, passenger coach, steamboat, or public or private conveyance, who shall refuse to obey such rules and regulations when so made and published, shall be guilty of a misdemeanor, and for each offense be fined not less than fifty nor more than five hundred dollars, and be confined in the county jail not less than fifteen days nor more than two months, at the discretion of the court.

6. It shall be the duty of the county court to nominate, and the said board to appoint, in each of the counties of this State, three intelligent and discreet persons residing therein, one of whom, at least, shall be a person qualified to practice medicine under the provisions of this chapter, if there be such person residing in the county, and the persons so appointed shall constitute a *local board of health* for the county of their residence, and hold their office for the term of two years, and until their successors are appointed, unless sooner removed from office by the State board of health. Vacancies in said local board shall be filled by the State board for the unexpired term upon the nomination of the county court. The said local board of health shall make and establish for their county, or for any district or place therein, such sanitary regulations and rules as they may deem necessary and proper to prevent the outbreak and spread of cholera, small-pox, scarlet fever, diphtheria and other endemic infectious and contious diseases; and they or any of them may. except in the night time, in the performance of the duties imposed upon them, enter into or upon any house or premises and inspect the same whenever they have reason to believe that such house or premises is in an unclean or infectious condition; and if any house or premises so inspected be found in such condition as aforesaid, said local board shall direct and require the person in charge of, or occupying the same, if of sufficient ability, to cleanse and purify the same according to the sanitary rules and regulations made by said board as aforesaid; and if any such person shall fail or refuse to comply with and obey the said directions and requirements of said board, he shall be guilty of a misdemeanor, and fined not less than ten nor more than one hundred dollars. Such local board shall also enforce within their county all the lawful rules and regulations of the State board of health applicable to such county.

It shall be the duty of every practicing physician in any county in which there is such local board of health, to report to said board promptly all or any diseases of the above named character under treatment by him; and said local board shall once, at least, in every three months, report to the State board of health the character of all such infectious, contagious, endemic or epidemic diseases; the number of persons reported as affected with either of said diseases, naming the same; the action taken by such local board to arrest the progress of every such disease, and the visible effects (if any) of such action. Where any city, town or village has a board of health of its own, the jurisdiction of the local board so appointed shall not extend thereto, but such city, town or village board of health shall be auxiliary to and act in harmony with the State board of health.

7. The local board of health of any county may declare quarantine therein, or in any particular district, or place therein, against the introduction of any contagious or infectious disease prevailing in any other State, county or place, and of any and all persons and things likely to spread such contagion or infection. As soon as such quarantine is established, such local board shall, in writing, inform the members of the State board of health residing in their congressional district thereof, whose duty it shall be to ascertain as soon as practicable the necessity therefor, if any exist; and if they find that no such necessity exists, they shall declare the same raised. The said local board shall have power and authority to enforce such quarantine until the same is raised as aforesaid, or by themselves; and may confine any such infected person, or any person likely to spread such contagion or infection, to the house or premises in which he or she resides, or if such person have no residence in the county, at a place to be provided by them for the purpose; and if it shall become necessary to do so, they shall summon a sufficient guard for the enforcement of their orders in the premises.

Every person who shall fail or refuse to comply with any order made by such board under this section, and every person summoned as such guard who shall, without a lawful excuse, fail or refuse to obey the orders and directions of such board in enforcing said quarantine, shall be guilty of a misdemeanor, and for each offense be fined not less than twenty-five nor more than one hundred dollars. In cases of emergency or of actual necessity, and when the court or corporate authority are from any cause unable to meet or to provide for the emergency or the necessity of the case, all actual expenditures necessary for local and county sanitation as provided for in this section, shall be certified by the local board of health to the county court, and the whole or as much thereof as the said court may deem right and proper shall be paid out of the county treasury. The board of health of any city, town or village, shall have the same powers and perform the same duties herein conferred upon and required of the local board of health in their county. The State board of health may also, under the provisions of this section, declare quarantine in any part of the state, and all the provisions of this section shall be applicable to the quarntine so declared.

8. The State board of health, its agents and employees, and the local boards of health, in the absence of the State board, its agents and employees, when they have reason to believe that any steamboat or other water craft navigating the Ohio river or its tributaries in this State, or any other of the waters of the State, or bordering thereon, is infected with any contagious or infectious disease, may prevent the landing of such boat or craft at any point in this State. They may also, if they have reason to believe that any railroad train, coach or other vehicle, passing on or along any railroad in this State, contains any person or thing infected with contagious matter, detain at any station or point on such railroad, where it can be done with safety, such train, coach or vehicle, for a time sufficient to examine the same, and if found to be so infected, for a time sufficient to disinfect and purify the same; and if the conductor or person in charge of such train, coach or vehicle, shall wilfully fail or refuse to stop the said train, coach or vehicle for the time aforesaid, he shall be guilty of a misdemeanor and punished as prescribed in section five (5) of this chapter. Nothing herein contained shall be so construed as to impair or affect the powers and duties of the county court of any county under the provisions of sections twenty-five (25) and twenty-six (26) of chapter thirty-nine of the code of West Virginia as amended and re-enacted by chapter five of the acts of one thousand eight hundred and eighty-one.

9. The following persons, and no others, shall hereafter be permitted to practice medicine in this State, viz:

First. All persons who are graduates of a reputable medical college in the school of medicine to which the person desiring to practice belongs. Every such person shall, if he have not already done so and obtained the certificate hereinafter mentioned, present his diploma to the State board of health, or to the two members thereof in his congressional district; and if the same is found to be genuine, and was issued by such medical college as is hereinbefore mentioned, and the person presenting the same be the graduate named therein, the said board or said two members thereof (as the case may be) shall issue and deliver to him a certificate to that effect: and such diploma and certificate shall entitle the person named in such diploma to practice medicine in all its departments in this State.

Second—All persons who have practiced medicine in this State, continuously, for the period of ten (10) years prior to the eighth day of March, one thousand eight hundred and eighty-one. Every such person shall make and file with the two members of the State board of health in the congressional district where he resides, or, if he reside out of the State, in the district nearest his residence, an affidavit of the number of years he has continuously practiced in this State, and if the number of years therein stated be ten (10) or more, the said board or said two members thereof shall, unless they ascertain such affidavit to be false, give him a certificate to that fact, and authorizing him to practice medicine in all its departments in this State.

Third—A person who is not such graduate and who has not so practiced in this State for a period of ten (10) years, desiring to practice medicine in this State, shall, if he have not already done so, present himself before the State board of health, or before the said two members thereof in the congressional district in which he resides, or, if he reside out of this State, to the said two members of the State board of health in the congressional district nearest his place of residence, who, together with a member of the local board of health who is a physician (if there be such member of the local board) of the county in which such examination is held, shall examine him as herein provided; and if upon full examination they find him qualified to practice medicine in all its departments, they, or a majority of them, shall grant him a certificate to that effect, and thereafter he shall have the right to practice medicine in this State to the same extent as if he had the diploma and certificate hereinbefore mentioned.

The members of the State board of health in each congressional district shall, by publication in some newspaper printed in the county in which their meeting is to be held, or, if no such paper is printed therein, in some newspaper in general circulation in such district, give at least twenty-one days' notice of the time and place at which they will meet for the examination of applicants for permission to practice medicine, which notice shall be published at least once in each week for three (3) successive weeks before the day of such meeting. But this section does not apply to a physician or surgeon who is called from another State to treat a particular case or to perform a particular surgical operation in this State, and who does not otherwise practice in this State.

10. Every person holding any such certificate as is hereinbefore provided for shall have the same recorded in the office of the secretary of the State board of health, in a book kept by him for that purpose, and the secretary shall endorse on said certificate the fact of such recordation, and deliver the same to the person named therein, or to his order.

11. Every person, on presenting himself for examination as hereinbefore provided, shall pay to the State board of health, or to the members thereof by whom he is examined, a fee of ten (10) dollars, which shall not be returned if a certificate be refused him. But he may again at any time within one year after such refusal present himself for examination as aforesaid, without the payment of an additional fee, and if a certificate be again refused him, he may as often as he see fit thereafter, on the payment of a fee of ten (10) dollars, be examined as herein provided until he obtain such certificate.

12. Examinations may be in whole or in part in writing, and shall be of an elementary and practical character, and shall embrace the general subjects of anatomy, physiology, chemistry, materia medica, pathological anatomy, surgery and obstetrics, but sufficiently strict to test the qualifications of the candidate as a practitioner of medicine, surgery and obstetrics. The provisions of this chapter shall not apply to females practicing midwifery.

13. Any person shall be regarded as practicing medicine within the meaning of this chapter who shall profess publicly to be a physician, and to prescribe for the sick, or who shall append to his name the letters "M. D." This act shall also apply to apothecaries and pharmacists who prescribe for the sick. This act shall not apply to commissioned officers of the United States army and navy and marine hospital service.

14. Any itinerant physician desiring to practice medicine in this State shall, before doing so, pay to the sheriff of every county in which he desires to practice, a special tax of fifty dollars for each month and fraction of a month he shall so practice in such county, and take his receipt in duplicate therefor. He shall present said receipts to the clerk of the county court of such county, who shall file and preserve one of them in his office, and endorse on the other the words: "A duplicate of this receipt has been filed in my office," and sign the same and deliver it to the person presenting the same; and if any such physician shall practice, or attempt to practice medicine in any such county without having paid such tax and filed such receipt with the clerk of the county court and obtained his endorsement on the other as aforesaid, or if he shall so practice or attempt to practice for a longer period than that for which he has paid such tax as aforesaid, he shall be guilty of a misdemeanor and be fined not less than one hundred nor more than five hundred dollars. Any person who shall travel from place to place and by writing, printing or otherwise, publicly profess to cure or treat diseases, injuries or deformities, shall be held and deemed to be an itinerant physician and subject to the taxes, fines and penalties prescribed in this section.

15. If any person shall practice, or attempt to practice medicine, surgery or obstetrics in this State without having complied with the provisions of section nine (9) of this chapter, except as therein provided, he shall be guilty of a misdemeanor and fined for every such offense not less than fifty nor more than five hundred dollars, or imprisoned in the county jail not less than one month nor more than twelve months, or be punished by both such fine and imprisonment, at the discretion of the court. And if any person shall file or attempt to file as

his own, the diploma or certificate of another, or shall file or attempt to file a false or forged affidavit of his identity, or shall wilfully swear falsely to any question which may be propounded to him on his examination, as herein provided for, or to any affidavit herein required to be made or filed by him, he shall, upon conviction thereof, be confined in the penitentiary not less than one nor more than three years, or imprisoned in the county jail not less than six nor more than twelve months, and fined not less than one hundred nor more than five hundred dollars, at the discretion of the court.

16. The secretary of the State board of health shall receive a salary to be fixed by the board, but not to exceed the sum of five hundred dollars; he shall also receive his traveling and other necessary expenses incurred in the performance of his official duties within the limits of this State, not to exceed, however, one hundred dollars. The other members of said board shall each receive four dollars per day for each day actually and necessarily employed by them in the discharge of the duties of their office. But the whole of the expenses so incurred, the salary of the secretary and the per diem of the members of the board, shall not exceed the sum of fifteen hundred dollars in any one year. The State board shall audit all bills made out in due form and verfied by the member rendering the services, or incurring the expense, or traveling in the performance of the duties of his office. Such bills, when approved by the Governor, shall be paid out of the State treasury.

17. All moneys received by the State board of health, or any of its members, in payment of fees for examination, as well as the special taxes received by the sheriff under the provisions of section fourteen (14) of this chapter, shall be paid into the State treasury within one month after the same are received. And it shall be the duty of the secretary of the State board of health on the first days of January and July in each year, or within five days thereafter, to certify to the auditor all such moneys received by said board or any member thereof, during the preceding six months. It shall also be the duty of the clerk of every county court on the same days in each year, or within five days thereafter, to certify to the auditor all moneys received by the sheriff under this chapter shown by the receipts filed in his office, as required by section fourteen (14) of this chapter. And any such secretary or clerk who shall fail to comply with the provisions of this section, shall be guilty of a misdemeanor and fined for each offense not less than fifty nor more than two hundred dollars. And if any member of the State board of health shall fail to account for and pay into the treasury, as herein required, any moneys received by him as aforesaid, he shall be guilty of a misdemeanor and fined double the amount of the moneys so received, and which he has failed to pay as aforesaid.

18. The secretary of the State board of health, or any member thereof, shall have power to administer oaths and take and certify affidavits in any matter or thing pertaining to the business of the board, or of any of the members thereof.

19. If any person knowingly sell any diseased, corrupted or unwholesome provisions, whether food or drink, without making the same known to the buyer, he shall be confined in jail not more than six months, and fined not exceeding one hundred dollars.

20. If any person fraudulently adulterate, for the purpose of sale, anything intended for food or drink, or if he knowingly sell or barter anything intended for food or drink, which is not what it is represented to be, or what it is sold for, he shall be confined in jail not more than one year, and fined not exceeding five hundred dollars; and the adulterated or other articles shall be forfeited and destroyed.

21. All acts and parts of acts coming within the purview of this act, and inconsistent therewith, are hereby repealed.

Approved March 25, 1882, and in force from that date.

Governor Jackson, in his biennial message to the Legislature, dated January 20, 1883, refers to the board of health of the State as follows:

The law establishing the State board of health and regulating the practice of medicine and surgery, as amended and re-enacted last winter, has proved a wise act of legislation. It is admirably adapted to secure the protection of the lives, health, prosperity and happiness of all classes of the people. The law is now in force in every county of the State, and we may reasonably expect that its operations will prove of much benefit.

WISCONSIN.

CAPITAL, MADISON.

POPULATION OF STATE, 1,315,497.

(Census of 1880).

Males	680,069	Native	910,072
Females	635,428	Foreign	405,425
White	1,309,618	Chinese	16
Colored	2,702	Indians	3,161

Population according to census of 1885, 1,563,423; increase per cent., 18.84.

The State of Wisconsin extends from 42° 31′ to 46° 58′ north latitude, and from 87° to 92° 53′ west longitude, and is bounded on the north by Lake Superior, on the northeast by the Northern Peninsula of Michigan, on the east by Green Bay and Lake Michigan, on the south by Illinois, and on the west by Iowa and Minnesota. It comprises an area of 56,040 square miles, or 35,865,600 acres. The surface is generally an elevated table land, with high bluffs along the rivers and lakes, caused by the denuding action of the streams, which have cut their beds deep into the alluvial yielding soil, and elsewhere gently undulating, diversified with lakes, prairies and woodlands. The principal rivers of Wisconsin are, the Mississippi, which flows along the southwestern border; the Wisconsin, Chippewa, St. Croix, Montreal, Menomonee, Peshtigo, Fox, Green, Rock, etc. The climate is cool and pleasant, the mean annual temperature being 45.40, that of the summer 69.11, and of the winter 20.84. The average annual rainfall is about 31 inches. The northern portion of the State is well wooded, and in Central and Southern Wisconsin wheat, corn, rye, oats, barley, hops and potatoes are raised in large quantities. Horse breeding, wool growing and dairy farming are all important industries. Lead, iron, copper and building stones constitute the chief mineral resources.

The following table shows increase in population during the past 45 years:

1840	30,945	1870	1,054,670
1850	305,391	1880	1,315,497
1860	775,881	1885	1,563,423

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages* 101 *to* 120) *indicates the college of graduation, and the last number the year in which diploma was granted.*

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 7,674; capital invested, $73,821,802; number of hands employed, 57,109; total wages paid during the year, $18,814,917; value of materials, $85,796,178; value of products, $128,245,480.

The best known mineral springs in the State are: Bethesda Springs (calcic), postoffice Waukesha, in Waukesha county; Silurian Spring, postoffice Waukesha, in Waukesha county; Sparta Springs, postoffice Sparta, in Monroe county; Sparta Artesian Well, postoffice Sparta, in Monroe county.

MEDICAL LAWS OF WISCONSIN.

AN ACT TO PREVENT QUACKS FROM DECEIVING THE PEOPLE BY ASSUMING A PROFESSIONAL TITLE.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION 1. No person practicing physic or surgery, or both, who is prohibited by section one thousand four hundred and thirty-six of the Revised Statutes of Wisconsin, 1878, from testifying in a professional capacity, as a physician or surgeon, in any case, shall assume the title of doctor, physician or surgeon, by means of any abbreviation, or by the use of any word or words, letters of the alphabet of the English or any other language, or any device of whatsoever kind, printed, written or painted, or exhibited in any advertisement, circular, hand-bill, letter or other instrument, nor on any card, sign, door or place whatsoever. Any person violating any provision of this act shall be deemed guilty of a misdemeanor, and shall, on conviction thereof, be punished by a fine of not less than twenty-five dollars, nor more than one hundred dollars, or by imprisonment in the county jail not less than ten days, nor more than sixty days, for each offense.

2. Upon complaint made, in writing, under oath, before any magistrate or justice of the peace, charging the commission of an offense against the provisions of this act in his county, it shall be the duty of the district attorney to prosecute the offender, and in all such prosecutions the burden of proof shall be upon the defendant to establish his right to use such title, under the provisions of this act.

3. Any person prohibited by section one of this act from assuming the title of doctor, physician or surgeon, who shall practice, or pretend to practice, physic or surgery, or both, shall not be exempted from any, but shall be liable to all, of the legal penalties and liabilities for malpractice; and ignorance shall be no excuse for failing to perform, or for negligently or unskillfully performing, or attempting to perform, any of the duties required by law of practicing physicians or surgeons.

4. Every person pretending to practice physic or surgery, or both, shall, upon demand of any person, exhibit all diplomas or licenses that he may have to practice physic or surgery, or both: and if such person, upon demand, shall refuse to exhibit such diplomas or licenses, any suit instigated against him under this chapter shall not be considered malicious.

5. This act shall take effect from and after its passage and publication.

Approved March 30, 1881.

* No reply received in answer to enquiry requesting information.

Section 1436 of the Revised Statutes of Wisconsin, referred to in the above law, reads as follows:

1436. No person practicing physic or surgery, or both, shall have the right to collect in any action, in any court, fees or compensation for the performance of any medical or surgical service, or to testify in a professional capacity as a physician or surgeon in any case, unless he shall have received a diploma from some incorporated medical society or college, or shall be a member of the State or some county medical society legally organized in this State.

Medical societies are empowered to issue diplomas by the following:

1425. [Revised Statutes.] The censors of each medical society shall carefully and impartially examine all medical students who shall present themselves as candicates for a diploma and membership of such society, and report their opinion in writing to the president; and thereupon the society may grant diplomas to the persons so examined, under the hand of the president and the seal of the society, which diploma shall constitute them members of such society; but no person shall be so examined and no diploma shall be issued to any person unless he shall have arrived at the age of twenty-one years, have a good English education, have studied medicine at least three years with some respectable practitioner. and shall produce satisfactory evidence of a good moral character. Every person receiving a diploma from any such medical society shall pay therefor ten dollars to the treasurer thereof.

J. T. REEVE, M. D., Secretary State Board of Health of Wisconsin, writes:

This is the only law we have on the subject. I do not know how the impression has gone abroad, as it has, that we have a law regulating the practice of medicine, for we have none.

Wyoming Territory extends from 41° to 45° north latitude and from 104° to 111° west longitude, and is bounded on the north by Montana, on the south by Colorado and Utah, on the east by Dakotah and Nebraska, and on the west by Montana, Idaho and Utah. It comprises an area of 97,980 square miles, or 62,645,120 acres. The surface is broken by mountain ranges, deep river canyons and buttes or flat-topped hills, and irrigation is needed in a large part of the country to render the soil productive. Stock raising and wool growing are carried on extensively. The principal rivers are Big Horn, Green, Laramie, Little Powder, North Fork of Cheyenne, North Fork of Platte, Upper Yellowstone and Wind. Wyoming is rich in mineral treasures; gold and silver are plentiful, there are vast beds of iron ore and coal and gypsum, salt, sulphur and copper are found.

The following table shows increase in population since 1870:

1870	9,118	1880	20,789

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 57; capital invested, $364,673; number of hands employed, 391; total wages paid during the year, $187,798; value of materials, $601,214; value of products, $898,494.

Rate of Mortality in Wyoming, as computed from the U. S. Census of 1880.

MEDICAL LAWS OF WYOMING TERRITORY.

AN ACT TO PREVENT THE PRACTICE OF MEDICINE, SURGERY OR OBSTETICS BY UNQUALIFIED PERSONS.

Be it enacted by the Council and House of Representatives of the Territory of Wyoming:

SECTION 1. No person shall practice medicine, surgery or obstetrics in this Territory, who has not received a medical education and a diploma from some regularly chartered medical school, said school to have a *bona fide* existence at the time when said diploma was granted.

2. Every physician, surgeon or obstetrician in this Territory shall file for record with the registrar of deeds of the county in which he or she is about to practice his or her profession, or where he or she now practices it, a copy of his or her diploma, at the same time exhibiting the original, or a certificate from the dean of the medical school of which he or she is a graduate, certifying to his or her graduation.

3. Every physician, surgeon or obstetrician, when filing a copy of his or her diploma or certificate of graduation, as required by section two of this act, shall be identified as the person named in the papers about to be filed, by the affidavit of two citizens of the county, or by his or her affidavit, taken before a notary of public or commissioner of deeds, for this Territory, which affidavit shall be filed in the office of the registrar of deeds.

4. Any person practicing medicine, surgery or obstetrics in this territory without complying with sections one, two and three of this act, shall be guilty of a misdemeanor, and, upon conviction, shall be punished by a fine of not less than fifty dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days, nor more than six months, or by both fine and imprisonment for each and every offense. And any person filing or attempting to file as his or her own, the diploma or certificate of graduation of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction, shall be subject to such fine and imprisonment in the penitentiary as may be fixed by the court for said offense.

5. It shall be the duty of the police, sheriff or constable to arrest all persons practicing medicine, surgery or obstetrics in this territory, who have not complied with the provisions of this act, and the officer making the arrest shall be entitled to one-half of the fine collected.

6. No portion of this act shall apply to any person who, in an emergency, may prescribe or give advice in medicine, surgery or obstetrics, in a section of country where no physician, surgeon or obstetrician resides, or where no physician, surgeon or obstetrician resides within convenient distance, nor to persons prescribing in their own families; nor shall the provisions of this act apply to persons claiming to practice medicine, surgery or obstetrics in any section of the territory wherein no physician or surgeon, having a diploma or certificate of graduation as aforesaid, now resides or shall hereafter reside.

7. Upon the trial of any person charged with a violation of any of the provisions of this act, it shall be sufficient for the prosecution to show that the defendant has practiced medicine, surgery or obstetrics within the county where the indictment is found, at any time since the passage of this act, and the defendant shall not, after such proof, be entitled to an acquittal until he or she shows by the testimony of some competent witness, upon oath, that the defendant has received a medical education and a genuine diploma from some regularly chartered medical school: *Provided*, that the defendant may show such facts by depositions taken in the same manner as depositions are taken in civil cases.

8. That an act entitled "An act to protect the citizens of Wyoming Territory from empiricism, and to elevate the standing of the medical profession," be and the same is hereby repealed.

9. This act shall take effect and be in force from and after its passage.

Dr. J. H. FINFROCK, of Laramie City, writes:

I believe our law is efficient, although it has never been tested in our higher courts. Several arrests have been made under it, but the parties either left before trial or ceased to practice. As no attempt has ever been made to repeal the law, I conclude it is favorably received by all classes. Physicians are exempt from jury duty and receive ten dollars per day when testifying before a coroner's jury, and thirty dollars for making a post-mortem examination.

THE PRELIMINARY SESSION will begin about the middle of September and end at the close of March. It will be conducted on the same plan as the regular Winter Session.

THE REGULAR WINTER SESSION begins September 30th, and ends about the middle of March. The plan of instruction consists of Didactic and Clinical Lectures, recitations and laboratory work in all subjects in which it is practicable. To put the laboratories on a proper footing a new building has been erected at an expense of forty thousand dollars. It contains laboratories fitted for instruction in Chemistry, Histology, Pathology, Materia Medica, Operative Surgery Gynæcology and Bacteriology.

Two to five Didactic lectures and two or more Clinical lectures will be given each day by members of the Faculty. In addition to the ordinary clinics, *special clinical instruction*, without additional expense, will be given to the candidates for graduation during the latter part of the Regular Session. For this purpose the candidates will be divided into sections of twenty-five members each. All who desire to avail themselves of this valuable privilege, must give in their names to the Dean during the first week in November. At these special clinics students will have excellent opportunities to make and verify diagnoses, and watch the effects of treatment. They will be held in the Wards of the Hospitals and at the Public and College Dispensaries.

Each of the seven professors of the Regular Faculty will conduct a recitation on his subject one evening each week. Students are thus enabled to make up for lost lectures and prepare themselves properly for their final examinations without additional expense.

THE SPRING SESSION will begin about the middle of March and end the last week in May. The daily Clinics and Special Practical Courses will be the same as in the Winter Session, and there will be Lectures on Special Subjects by members of the Faculty.

It is supplementary to the Regular Winter Session. Nine months of continued instruction are thus secured to all students of the University who desire a thorough course.

FEES.

For Course of Lectures	$140 00
Matriculation	5 00
Demonstrator's Fee, including Material for Dissection	10 00
Final Examination Fee	30 00

For further particulars and circulars address the Dean,

Bellevue Hospital Medical College

CITY OF NEW YORK.

THE REGULAR SESSION begins about the end of September, and ends about the middle of March. During this Session, in addition to the regular didactic lectures, two or three hours are daily allotted to clinical instruction. Attendance upon two regular courses of lectures is required for graduation.

THE SPRING SESSION consists of recitations, clinical lectures and exercises, and didactic lectures on special subjects. This Session begins about the middle of March and continues until the middle of June. During the Session daily recitations in all departments are held by a corps of Examiners appointed by the Faculty.

THE CARNEGIE LABORATORY is open during the collegiate year, for instruction in microscopical examinations of urine, practical demostrations in medical and surgical pathology, and lessons in normal histology and pathology, including the study of the various bacilli. The laboratories are under the direction of Professors JANEWAY and DENNIS, assisted by Drs. HERMANN M. BIGGS, L. J. McNAMARA and F. GRAUER.

ESTABLISHED 33 YEARS.

C. T. HURLBURT'S

American Homœopathic Pharmacy

3 EAST 19th STREET, NEW YORK.

Manufacturer, Importer, Exporter, Dealer and Publisher.

BRANCH ESTABLISHMENT, 61 WEST 125th ST., HARLEM.

—THE—

NEW YORK HOMŒOPATHIC MEDICAL COLLEGE,

Corner of 23rd St. and 3rd Ave., NEW YORK.

The course of study at this College is broad, thorough and practical. The Faculty is large, so that every department of medicine may be included, and personal attention be given to every student.

IN THE JUNIOR YEAR,

Each man must have two months of laboratory work, two hours a day for sixty days. One month is devoted to Chemistry, especially analysis of wine, water, milk, and tests for poisons; the other to practical work with the microscope, studying and diagnosing all the tissues and organs, as well as urinary sediments and preparing microscopical specimens. *The whole curriculum is equally thorough*—this is mentioned as an instance only.

FOR THE SENIORS,

Clinics, operations on the cadaver by the students, bedside instruction in diseases of children, obstetrics and physical diagnosis, are among the practical features of the course.

THERE ARE NO "EXTRAS" IN FEES OR COURSES.

THE REGULAR FEES INCLUDE EVERYTHING.

An entrance examination in the simple English branches is held, which excludes the illiterate, but not students of fair preliminary education.

Send to the Secretary for an announcement and information.

T. F. ALLEN, M. D., Dean.

EDGAR V. MOFFAT, M. D., Secretary,

The New York Polyclinic is strictly a School of Clinical Medicine and Surgery. There are no Didactic Lectures. *None but Practitioners are admitted*, and the classes are limited, so that each case may be minutely and leisurely examined and thoroughly understood.

Clinical Instruction is given at the Polyclinic and in the various Hospitals with which the Faculty are connected.

Physicians will be admitted at any date. Summer Session, from June 1 to September 15, 1886. Winter Session, from September 15, 1886, to June 1, 1887.

For further information send for Catalogue. Address,

JOHN A. WYETH, M. D.,
Secretary of the Faculty,
214 & 216 E. 34th St., New York City.

EDWARD A. AYERS, M. D.,
Assistant Secretary.

The Medical Department

—OF—

YALE COLLEGE.

THE MEDICAL DEPARTMENT, the oldest of the professional schools of Yale College, was founded in 1810, and occupies a building near those of the other departments. The students are thus able readily to consult the University Libraries and scientific collections.

THE FACULTY consists of the President of the College, a Professor of Chemistry, a Professor of Anatomy, a Professor of Physiology, a Professor of Materia Medica and Therapeutics, a Professor of Pathology, a Professor of the Principles and Practice of Medicine, a Professor of Surgery, a Professor of Obstetrics and the Diseases of Women and Children, and a Professor of Clinical Gynæcology. These are assisted in instruction by a Demonstrator of Anatomy, a Lecturer on Normal Histology, a Lecturer on Dermatology, a Lecturer on Diseases of the Nervous System, a Lecturer on Insanity, a Lecturer on Ophthalmology, a Lecturer on Public Hygiene, a Lecturer on Bacteriology, an Assistant in Pathology, and an Assistant in Chemistry.

TERMS OF ADMISSION. Candidates for admission who have not passed an examination for admission to some college or scientific school, must present evidences of a good English education and pass an examination in mathematics and physics.

COURSE OF INSTRUCTION. The methods of instruction prevailing in the other parts of the University are carried out in the Medical Department. The curriculum is graded to extend through three years, with final examinations at the end of each year.

The class-room exercises are, for the most part, recitations on assigned lessons in text books. These are conducted by the professors, and are supplemented by frequent explanatory and didactic lectures.

LABORATORY INSTRUCTION is an important feature of the course, systematic work being required of all students, in Analytical and Physiological Chemistry, Histology, Anatomy and Pathology.

CLINICAL INSTRUCTION is carried on at the college, the New Haven Dispensary on the college grounds, and at the New Haven Hospital.

TERMS AND VACATIONS. The college year begins on the first Thursday in October, and extends to commencement, the last Wednesday in June, with recesses at Christmas and Easter, usually of three weeks and of one week, respectively.

FEES.

Matriculation	$ 5 00
Tuition, first and second years	each 125 00
" third year	75 00
Graduation	30 00

PRIZE. The income of the Keese Prize Fund, amounting annually to about $125, is awarded by the faculty, to that member of the graduating class, who presents the best thesis on some medical subject.

For further information, apply to the Dean of

The Medical Department of Yale College,

NEW HAVEN, CONNECTICUT.

University of Pennsylvania,

DEPARTMENT OF MEDICINE,

Thirty-Sixth Street and Woodland Avenue,

PHILADELPHIA.

This, the oldest School of Medicine in the United States, will begin its one hundred and twenty-first annual session on the first day of October, 1886, and continue until May 1st. It offers a three years' and four years' course, with a graded curriculum, in which practical instruction in laboratories and at the bedside is a prominent feature.

Chemistry, Histology, Pharmacy, Physiology and Pathology are thoroughly taught in the former, as well as by lectures, and the student receives instruction in Medicine, including Physical Diagnosis, Surgery, Gynæcology, and other specialties at the bed-side, as well as by systematic and clinical lectures. The exercises of the fourth year, which is voluntary, are mainly practical.

Matriculates who do not possess a degree in arts or sciences, or diplomas from reputable academies in which the required subjects are taught, must pass a preliminary examination in English and natural philosophy.

PROFESSORS.

WILLIAM PEPPER, M. D., LL. D., Provost.
HENRY H. SMITH, M. D., Surgery, Emeritus.
ALFRED STILLE, M. D., LL. D., Theory and Practice of Medicine, Emeritus.

The Jefferson Medical College

OF PHILADELPHIA.

The Annual Session of the Jefferson Medical College begins October 1st and continues until the end of March. Preliminary Lectures will be held from 15th of September.

PROFESSORS:

J. M. DA COSTA, M. D., LL. D.,
Practice of Medicine.

ROBERTS BARTHOLOW, M. D., LL. D.,
Materia Medica, General Therapeutics and Hygiene.

HENRY C. CHAPMAN, M. D.,
Institutes of Medicine and Medical Jurisprudence.

SAMUEL W. GROSS, M. D.,
Principles of Surgery and Clinical Surgery.

JOHN H. BRINTON, M. D.,
Practice of Surgery and Clinical Surgery.

THEOPHILUS PARVIN, M. D., LL. D.,
Obstetrics and Diseases of Women and Children.

J. W. HOLLAND, M. D.,
Medical Chemistry and Toxicology.

W. S. FORBES, M. D.,
General Descriptive and Surgical Anatomy.

WILLIAM THOMSON, M. D.,
Professor of Ophthalmology.

MORRIS LONGSTRETH, M. D.,
Lecturer on Pathological Anatomy.

The regular course of lectures by the Faculty embraces the whole medical curriculum. This course is supplemented by the lectures on special topics, and demonstratons of the Spring and Fall terms, respectively.

The Faculty invite the attention of the medical profession and students to their thorough system of practical Laboratory work. To each department of the regular curriculum there is appended a Laboratory Course, carried on in large and thoroughly equipped apartments in the College, by specially appointed Demonstrators, under the immediate direction of the Professor. In this way each candidate for the degree of M. D. is immediately and personally taught in Obstetrics and Gynæcology, Physical Diagnosis, Laryngology, Ophthalmology, Medical Chemistry, Pharmacy, Materia Medica and Experimental Therapeutics, Physiology, Histology and Experimental Physiology, and Minor Surgery, Bandaging, Operations on the Cadaver, etc., and in the Department of Medicine, "clinical conferences," and practical lessons in Physical Diagnosis. There are, we believe, no corresponding practical courses in any other Medical College in this country—not at least to the same extent and with the same variety and constituting a part of the regular curriculum.

This course of Instruction is *free of charge, but obligatory upon* candidates for the Degree, except those who have had such instruction and those who are graduates of other Colleges of ten years' standing.

THE SPRING COURSE of Lectures begins early in April, and ends in June. There is no additional charge for this Course to matriculates of the College, except a registration fee of five dollars; non-matriculates pay forty dollars, *thirty-five dollars of which, however, are credited on the amount of fees paid for the ensuing Winter Course.*

Desirable opportunities are afforded to graduates in Medicine for pursuing special courses, and for instruction in the recognized Specialties.

CLINICAL INSTRUCTION is given *daily* at the HOSPITAL OF THE JEFFERSON MEDICAL COLLEGE throughout the year by Members of the Faculty, and by the Hospital Staff, and at the Pennsylvania and Other Hospitals several times a week.

FEES.

Matriculation Fee (paid once)	$ 5 00
Tickets for each Branch (7) $20	140 00
Practical Anatomy	10 00
Graduation Fee	30 00
Fees for a full course of Lectures to those who have attended two full courses at other (recognized) Colleges—the matriculation fee, and	70 00
To Graduates of such Colleges, the matriculation fee, and	70 00
To Dental Graduates the first course is $60, and the second is	100 00
To Graduates in Pharmacy the general ticket is $100 for each year.	

☞ THERE ARE NO EXTRA FEES.

The Annual Announcement, giving full particulars, will be sent on application to

Over 60,000 Patients Successfully Treated in 14 Years,

A large proportion of whom had previously been sick for years after unsuccessful treatment by the best physicians of all schools, different sanitariums, various natural resorts, shops of nostrum mongers, and months of hygienic travelling.

A valuable pamphlet and treatise will be sent free to any address, containing statements and commendations of our OXYGEN treatment from some of the most distinguished persons (who have been cured) including letters, from the Hon. William D. Kelley, of great Congressional fame; Rev. Victor L. Conrad, of the Observer; Rev. Charles W. Cushing, Editor-in-Chief of the American Reformer; Hon. Wm. Penn Nixon, Editor of the Chicago Inter-Ocean; Judge Joseph R. Flanders, of New York City, the well known lawyer and former law partner of Hon. Wm, W. Wheeler, Vice-President of the U. S.; Frank Siddalls, Esq., of Philadelphia, the great advertiser; Joseph Wild, Esq., Importer, 82 and 84 Worth Street, N. Y., and many others who have been cured.

Those in ill health are cordially invited to call or send for our treatise, and see how highly these eminent and other persons bespeak the praises of our Compound Oxygen treatment.

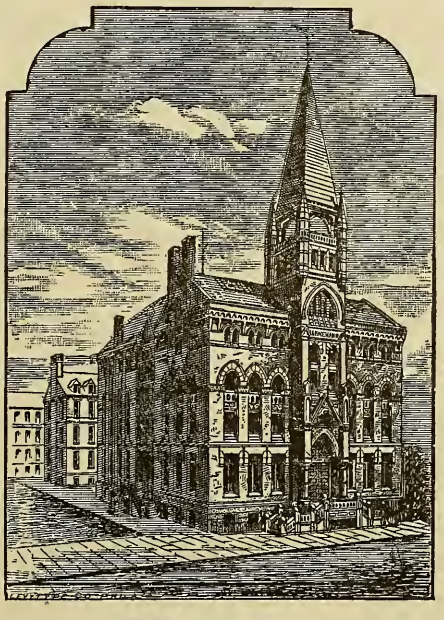
Hahnemann Medical College and Hospital

OF PHILADELPHIA.

ORGANIZED IN 1848. - 1620 GRADUATES.



The advantages of this institution are as follows:

1. A new and commodious building, with every modern convenience, centrally located, and convenient to all the city hospitals.

2. From the accumulations of over a quarter of a century, its teaching facilities have acquired a most complete character; its chemical and philosophical apparatus is ample, while its anatomical museum is unsurpassed, containing nearly five thousand specimens.

3. A medical library of nearly five thousand volumes, to which students have free access.

4. Unlimited clinical advantages, as offered by the Hahnemann Hospital, adjoining the College, with the various free clinics of the several hospitals of the city.

5. Opportunity for the practical study, not only of Anatomy, but of Chemistry, Surgery, Obstetrics, and Gynæcology. In the Practical Surgical Department each student is thoroughly drilled in the applications of the various surgical dressings, and in the performance of the operations on the cadaver; in the Obstetrical Department he is exercised in the touch, the use of instruments, and attends cases of confinement; while in Gynæcology every graduate is practised in vaginal examinations, the use of the speculum, uterine sound, etc.

6. A corps of twenty-one experienced Professors, Lecturers and Demonstrators.

7. A graded course of three years; thus permitting of such a distribution of subjects as to greatly facilitate the progress of the student.

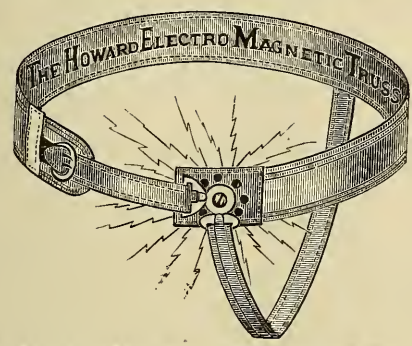
The HOWARD ELECTRO-MAGNETIC TRUSS

NOTHING LIKE IT. HAS NO EQUAL.



IT IS A PERFECT RETAINER.

This cut shows the Howard Electro-Magnetic Truss, which gives the full force of Magnetism and Galvanism directly over the break or rupture, and by its vitalizing effects upon the parts broken or ruptured, causes granulation and healing, and a perfect cure. With every Truss we furnish different sizes and shapes of PADS, which the patient can adjust to fit ANY SIZE OR SHAPE of the RUPTURE. There are no metals to come in contact with the flesh, no hard springs or pressure to weary the patient or affect the Back, Kidneys or Liver. The pressure is regulated at will, and the Pad can be changed to any position desired. It is the most comfortable, easy to wear. It is a PERFECT RETAINER, and aside from its Electro-Magnetic influence, has no equal in the world. It can be changed in an instant for either side, right or left.

This cut shows Shield No. 2 and Suspensory No. 2 combined. Every Shield and Suspensory are so made that you can use them either together or separately as you desire. So it is with every one we make.

The *Galvanic and Magnetic Lapels* of all our Suspensories cover and infuse a constant, soothing and invigorating current directly to all the delicate, sensitive nerves, muscles, glands, ducts, vesicles, etc., of the Nervo-Vital System.

These cuts show the Electric Side of the HOWARD Galvanic Shield. It is this side that *generates the mild, soothing and constant current of Galvanic and Magnetic Electricity*, with or without the aid of vinegar or acids, by simply coming in contact with the heat and moisture of the body, causing neither shock, perturbation or the least unpleasant sensation, nor any irritation of the surface of the skin; but on the contrary, imparts a constant, mild, genial and invigorating influence, which diffuses itself throughout the entire system, particularly and directly to the parts most weakened or diseased It fits any part of the body, and is a most valuable aid in Kidney Disease, Rheumatism, and all diseases for which Galvanism and Magnetism are curatives.

WE MAKE

WASHINGTON H. BAKER, Professor of Diseases of Children.

HOWARD F. HANSELL, M. D., Diseases of the Eye (adjunct).

Clinical and practical instruction in the Medical and Surgical Specialties is afforded, TO PHYSICIANS ONLY, during the entire year. The College has well-fitted laboratories of Chemistry, Pathology, Microscopy, Anatomy, Surgery and Electro-Therapeutics. The Hospital Department, which has been recently added to the College, also affords students an opportunity to more thoroughly study cases and to become familiar with the after treatment of operations.

In addition to the clinical facilities of the dispensary, the professors utilize, for purposes of instruction, their services in the Philadelphia, Pennsylvania, Wills, Howard, Episcopal, German, St. Mary's and St. Christopher's Hospitals.

The fee for each branch, for six consecutive weeks from date of issue, is $15.00. Any two branches, $25.00. Any number of branches may be taken. Certificates of attendance are given.

For Further Information, Address

BUFFALO HILLS, VIRGINIA.

FOR ALL FORMS OF

Kidney and Bladder Diseases,
Rheumatism, Gout,
Dyspepsia, Gravel,
Nervous Disorders,
Female Complaints,

And all Diseases resulting from Uric Acid Diathesis.

☞ The waters of these springs have been celebrated for over 50 years in their immediate locality as a *Household Remedy* and a *Specific* for a large range of diseases. Within the last two years they have been brought prominently before the public by the recommendation of the medical profession of this country, and its present great reputation is *almost wholly due* to the fact of their being so extensively used by the physicians in their practice.

Dr. Wm. T. Howard, Professor of Diseases of Women and Children, University of Maryland, says:

"*In short, were I called upon to state from what mineral waters I have seen the greatest and most unmistakable amount of good accrue in the largest number of cases in a general way, I would unhesitatingly say the Buffalo Springs, in Mecklenburg county, Virginia.*"

Send for Pamphlets giving full description.

COLLEGE BUILDINGS.

In our last annual announcement it was stated that a new College Edifice would be erected before the beginning of the next term of Lectures, and this statement was made in the confident belief that it would prove true. Upon considering plans for the new edifice, however, it was found that a much larger building would be required to meet the growing wants of the institution than could be completed between two college terms; hence it was deemed best to move the present college building to a location near its present site, enlarge and improve it, and occupy it during the erection of the new college, and this plan is now being carried into successful execution. In the meantime the new building will be erected as fast as is consistent with architectural thoroughness and stability.

CHART OF LIFE COMPANY,

PUBLISHERS OF THE

"CHARTS OF LIFE."

Room 18, Tribune Building, CHICAGO.

These new and attractive Charts show the organs of the human body, large as life, of the natural colors, and with their connections, their actions and their microscopic structure. They illustrate the whole science of Physiology, and make it attractive and easy to understand. They are models of correctness, being exact copies from paintings by a thorough anatomist and physiologist, and have been enthusiastically indorsed by eminent members of the medical profession.

The College Year embraces a regular winter session and a spring session.

Attendance during the spring session is not required for graduation.

The Winter Session begins the first of October and continues five months.

During this session six didactic lectures will be given daily. The lectures are illustrated by models, charts and diagrams; also exemplified by cases as far as practicable.

Daily Clinics are held in the College Hospital, Free Dispensary, and at the Hospital of the Little Sisters of the Poor.

The Out-Door Department of the College Hospital and Free Dispensary furnishes excellent clinical advantages, and every variety of disease can be studied at the bedside of the patient. Advanced students will have obstetrical cases assigned them to attend. Attendance during two winter sessions is required before graduation.

The Spring Session will begin the first of April and continue three months.

This session will consist of reading recitations; also dissecting and laboratory work, clinics, etc.

This course is optional, but the student will find it to his advantage to attend, as it will give ample time to pursue the primary branches.

Women are admitted on the same terms as men.

FEES.

Matriculation	$ 5 00	Practical Chemistry	$ 5 00
General Ticket	40 00	Hospital Ticket	Free
Spring Session Ticket	10 00	Graduation Fee	25 00
Practical Anatomy	5 00		

Graduates of Regular Schools, in good standing, and students who have attended two regular winter courses in this college, will be admitted to the third course on payment of the matriculation fee.

A Preliminary Session, free to all students, will commence on Monday, September 6th, 1886, and continue until the opening of the regular session.

The Spring Term of 1887 will begin March 3d and end June 1st. This course offers special and superior facilities to students just entering upon the study of medicine, and those who, having finished attendance upon their first course of lectures, desire to continue their studies systematically throughout the year. It includes Clinical Teaching and Pharmaceutical work in the Dispensary, systematic recitations from Text-books, by a corps of examiners who have the use of the Museum for illustration, personal manipulations in Operative Surgery, Chemistry, Histology, Ophthalmoscopy, Laryngoscopy, and Otoscopy.

The Spring Course is designed to be supplementary to the Regular Winter Course. Attendance upon it is voluntary, and does not count as a session.

The Fee for the Full Course is TWENTY-FIVE DOLLARS.

COR. EIGHTH AND CHESTNUT STS.

Good boarding can be procured in the vicinity of the College at from $3.50 to $5.00 per week, fire and light included.

Students on their arrival in the city, by proceeding to the University, on corner of Eighth and Chestnut streets, will find the Janitor, who will conduct them to suitable boarding-houses.

The MEDICAL COLLEGE of ALABAMA

LOCATED AT MOBILE.

FACULTY:

W. H. ANDERSON, M. D., Emeritus Professor of Physiology.
GEORGE A. KETCHUM, M. D., Professor of Theory and Practice of Medicine, and Dean.
J. F. HENSTIS, M. D., Professor of the Science and Art of Surgery and Clinical Surgery.
GORONWY OWEN, M. D., Professor of Obstetrics and Diseases of Women and Children.
CALEB TOXEY, M. D., Professor of Anatomy.
W. H. SANDERS, M. D., Professor of Diseases of the Eye and Ear and of Microscopy, and Secretary.
CHARLES A. MOHR, M. D., Professor of Chemistry and Lecturer on Pharmacy.
T. S. SCALES, M. D., Professor of Hygiene, Medical Jurisprudence, Clinical and Genito-Urinary Surgery.
W. B. PAPE, M. D., Professor of Physiology and Clinical Medicine.
D. E. SMITH, M. D., Lecturer on Materia Medica and Clinical Medicine.
RHETT GOODE, M. D., Lecturer on Clinical and Minor Surgery and Demonstrator of Anatomy.
E. DICKSON, M. D., Assistant Demonstrator of Anatomy and Curator of the Museum.
F. E. GORDON, M. D., Assistant to the Professor of Obstetrics.

The Sessions of this Institution begin annually in the latter part of October—the date being announced in the annual circular—and continue for five months.

A Handsome and Commodious Building, a museum unsurpassed in this country, an extensive collection of Materia-Medica, an ample Chemical and Philosophical Apparatus, a well arranged Microscopical Laboratory (supplied with microscopes of the best manufacture), a Laboratory for the study of Practical Pharmacy, large Lecture Halls furnished with comfortable chairs, and a convenient clinic room are among the appointments of the College.

The Method of Instruction is painstaking and careful, and every effort is made to so impress upon students the fundamental principles and facts of medicine as to enable them to successfully follow the practical part of the course.

Didactic Teaching is accorded its full value, and is assisted by daily examinations of the class by members of the Faculty, upon their several branches, at hours especially appointed for the purpose,—these examinations beginning about the middle of the session and continuing to its close. Students are thus afforded an opportunity for review before the final examination.

Whilst great attention is paid to didactic teaching and to demonstration, Clinical instruction receives its full share of attention. Medical and surgical clinics are given both at the City Hospital and at the College, the material for the latter being drawn from an out-door dispensary, held in the College building.

Close Attention is paid to the department of practical Anatomy, and arrangements, believed to be of a superior kind, have been made for preserving the material and keeping the rooms pure and clean.

A Course on Microscopy comprises a part of the regular Curriculum, no extra charge being made for it.

Physical Diagnosis is taught both theoretically and practically, and much attention is given to the special branches of the eye, ear and throat, and to genito-urinary diseases, all of these departments constituting a part of the regular course, for which no additional fee is charged.

During the Winter Months the climate of Mobile is genial, and therefore favorable to efficient study.

ST. LOUIS COLLEGE

OF

Physicians AND Surgeons

The course of instruction in this institution embraces a Preliminary Session of four weeks, beginning early in September of each year; a Regular Winter Session of twenty weeks, ending early in the following March, and a Spring Session of six weeks' duration.

THE ST. LOUIS COLLEGE OF PHYSICIANS AND SURGEONS

possesses ample facilities for the study of Practical Anatomy, and for Clinical illustration in every department.

Practitioners licensed by State Boards of Health, by examination before such Boards, are admitted to the Graduating Class without preliminary examination.

Matriculation fee (paid but once)	$ 5 00
Lecture fees, including Demonstrator's ticket	50 00
Examination fee (not returnable)	25 00

Anatomical material, from municipal institutions, free, and furnished at the cost of transportation and preparation.

SPECIAL COURSES of instruction, in Practical Surgery, illustrated by operations on the cadaver, performed by the students themselves; in Physical Diagnosis, Practical Chemistry, Ophthalmology, Laryngology, etc., may be arranged for with the teachers of the respective branches. The fees for these *private classes* are not included in those for the Regular Curriculum.

FACULTY complete, and facilities for illustrating Lectures, both Didactic and Clinical, in abundance.

THE EXPENSES of living in St. Louis are the same as in large cities generally, and vary with the habits and tastes of students.

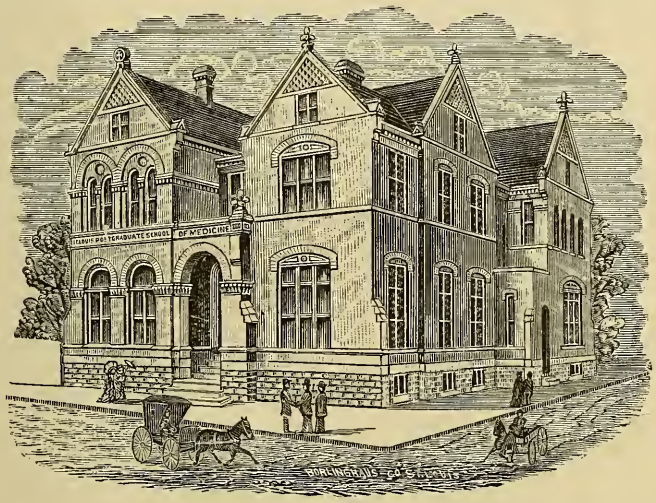
ST. LOUIS

POST-GRADUATE SCHOOL OF MEDICINE

AND POLYCLINIC.



FACULTY.

P. G. ROBINSON, M. D., LL. D., Professor of General Medicine and the Principles of Diagnosis; Professor of the Practice of Medicine, Clinical Medicine and Hygiene, Missouri Medical College.

H. TUHOLSKE, M. D., Professor of Surgery and Diseases of the Genito-Urinary Organs; Professor of Clinical Surgery and Surgical Pathology, Missouri Medical College.

W. A. HARDAWAY, A. M., M. D., Professor of Diseases of the Skin; Clinical Professor of Dermatology, Missouri Medical College.

W. C. GLASGOW, A. B., M. D., Professor of Diseases of the Chest and Throat; Lecturer on Diseases of the Chest and Throat, St. Louis Medical College; Physician to the Department of Chest and Throat, St. Louis Mullanphy Hospital.

H. N. SPENCER, A. M., M. D., Professor of Diseases of the Ear; Consultant to the St. Louis City Hospital.

C. E. MICHEL, M. D., Professor of Diseases of the Eye; Professor of Ophthalmology, Missouri Medical College.

A. J. STEELE, M. D., Professor of Orthopedic Surgery and Diseases of the Joints; Attending Surgeon Department of Deformities and Joint Diseases, Free Hospital for Children (Augusta).

J. G. ENGELMANN, A. M., M. D., Berlin, Master in Obstetrics, Vienna, Professor of Diseases of Women and Operative Midwifery; Consultant to the St. Louis Female Hospital.

H. W. HERMANN, M. D., Professor of Diseases of the Nervous System and Electro-Therapeutics; Consulting Physician to the St. Louis Insane Asylum.

CHARLES E. BRIGGS, A. M., M. D., Professor of Diseases of Children; Physician to the House of the Good Shepherd.

The lectures are mostly clinical in character, being adapted to the needs of practitioners in medicine, to whom the privileges of the institution are limited. A dispensary and hospital form part of the school; other institutions, also with which members of the Faculty are connected, will be utilized for teaching purposes.

With the exception of the summer months, the course continues throughout the year, being divided into terms of six weeks each, though physicians are admitted at any date. For 1886, the fall term will commence October 25th.

For further information or for an Announcement, address the **Secretary, DR. C. E. BRIGGS, cor. Jefferson and Lucas aves., St. Louis, Missouri.**

COURSE OF INSTRUCTION.—The regular winter session opens on the third Tuesday of September and continues twenty-five weeks. The Albany Hospital, St. Peter's Hospital, Child's Hospital, Albany County Hospital, Eye and Ear Infirmary, and their Dispensaries, are available, for clinical purposes, to students.

REQUIREMENTS FOR GRADUATION.—(1) Twenty-one years of age; (2) good moral character; (3) three years' study; (4) three years' graded course in this College, or the equivalent elsewhere and in this College (for exceptions see catalogue); (5) thesis; (6) satisfactory examination in all branches, conducted in writing.

FEES.—Matriculation, $5; Lectures, $100 (Perpetual Ticket admitting to two or more courses, $150); Dissecting, $10 (material free); Graduation, $25.

VARIOUS PRIZES are awarded at the close of the term to meritorious students. Appointments to positions upon the house staffs of the Albany Hospital and St. Peter's Hospital are made by competitive examinations, open to the graduating class of the College.

COMMENCEMENT occurs about the middle of March. The annual meeting of the Alumni Association is held on that day.

FEES.

Matriculation.....$ 5 00
Tickets for one full course of lectures..... 45 00
Final examination fee..... 25 00
Hospital and Dispensary tickets, gratuitous.
Material for dissection, at cost.

For Laboratory course (optional), $5.00, with the expense of chemicals, etc., used in the practical course.

Graduates of other accredited Medical Schools, of three years' standing, will be admitted to the lectures of this institution, after the payment of the matriculation fee.

The matriculation fee of $5.00 admits to all the Clinical lectures delivered in the College, Hospital or Dispensaries. The Matriculation must be taken before any of the tickets for the lectures will be issued.

All fees must be promptly paid at the beginning of the session to Prof. Shearer, Secretary.

Tickets to the lectures will be issued on presentation of the receipt of the Secretary.

Certificates of study from preceptors who practice any peculiar system of Medicine, or who advertise, or violate in any other way the Code of Ethics as adopted by the American Medical Association, will not be received under any circumstances.

Graduates of other accredited Colleges are examined in all the departments, the same as undergraduates, and they must fulfill all the requirements of undergraduates.

Students can obtain good board and lodging in the city at rates varying from $3.50 to $5.00 per week.

Any additional information desired will be given students on their arrival in the city, upon making application to the Secretary of the Faculty.

SPECIAL ADVANTAGES OFFERED TO MEDICAL STUDENTS.

The Medical Students will be allowed to attend the lectures on Botany and Pharmacy, which are delivered in the Medical College Amphitheater, to the students of the Iowa School of Pharmacy; and the Medical Faculty would advise their students to avail themselves of these opportunities for obtaining a knowledge of Botany and Pharmacy, in connection with that of Materia Medica.

REQUIREMENTS FOR ADMISSION.

Students desiring to enter this College shall present: 1st. A creditable certificate of good moral character. 2d. Diploma of graduation from a good Literary and Scientific College, or High School, or a first grade Teacher's Certificate; or lacking this, a thorough examination in the branches of a good English Education, including mathematics, English composition and elementary physics or natural philosophy.

For Information address T. W. SHEARER, M. D., Secretary.

State University of Iowa.

Homœopathic Medical Department.

The STATE UNIVERSITY OF IOWA is an aggregation of six Colleges.

The College of Homœopathy was instituted in 1877 by an especial act of the Legislature, which placed it at once upon an equal footing with all other departments of the University.

FACULTY.

JOSIAH L PICKARD, LL. D., President.
A. C. COWPERTHWAITE, M. D., PH. D., LL. D., Professor of Materia Medica and Diseases of Women and Dean of the Faculty.
W. H. DICKINSON, M. D., Professor of Theory and Practice of Medicine.
J. G. GILCHRIST, M. D., Professor of Surgical Pathology and Therapeutics, and Obstetrics.
C. H. COGSWELL, M. D., Lecturer on Diseases of Children.
CHARLES W. EATON, M. D., Lecturer on Skin Diseases.
G. W. WILLIAMS, M. D., Lecturer on Pharmacy.
O. W. HARTMANN, M. D., Assistant to the Chair of Materia Medica.

Instruction in Anatomy, Physiology, Chemistry, and Clinical Surgery, etc., is given by the Professors in the Medical Department.

While in attendance on lectures in the Medical Department, students are entitled to all the privileges accorded to students in that department, and are expected to conform to all the requirements of said department, so far as such requirements may apply to the branches which they pursue.

The annual course of lectures begins the first Wednesday in October of each year.

C. P. FROST, M. D., Dean, Hanover, N. H.

LONG ISLAND COLLEGE HOSPITAL

BROOKLYN, N. Y.

The Regular Term begins the first week in October, 1886, and continues five months.

The Reading Term begins the second week in March, 1887, and continues three months.

In the Reading Term the Recitations are supplemented by Laboratory work, Lectures and Clinics.

In the Regular Term the Laboratory Work, Lectures and Clinics are supplemented by oral and written examinations; and the senior students are admitted, in sections of ten or more, to the wards of the hospital, where they are thoroughly trained in practical medicine.

The Laboratories, Recitation and Lecture Rooms, Amphitheatre, Wards of the Hospital, and dispensary Rooms, are all in the same building, thus affording convenient and ample opportunities for a thorough education in practical medicine and surgery.

There are over 12,000 patients treated annually in the hospital, which is under the control of the College authorities, and therefore available for practical teaching.

For circulars, address

D., Assistant to the Chair of Regional Anatomy and Oral Surgery; C. M. BELLOWS, M. D., Assistant to the Chair of Visceral Anatomy, Physiology and Histology; CHARLES E. H. PHILLIPS, D. D. S., Assistant to the Chair of Mechanical Dentistry.

CLINICAL STAFF.—JOHN ALLEN, D. D. S.; W. T. LAROCHE, D. D. S.; J. F. P. HODSON, D. D. S.; DOMINGO M. SABATER, D. D. S.; DANIEL A. WILLIAMS, D. D. S.; A. EUGENE RAISBECK, D. D. S.

October 1st, of each year the regular Fall and Winter Session of the New York College of Dentistry opens. From a survey of the work of the past, the Trustees of the College feel justified in adhering to the established curriculum, the methods of teaching, and the manner of conducting the examinations.

The purpose of the institution is to educate men to practice dental surgery as a *specialty of general surgery*; therefore, the fundamental medical sciences applied to the wants of the specialist, and the theory of operative and of prosthetic dental surgery, are lectured upon during the collegiate session. As no amount of scientific attainments can compensate for lack of skill in practice, the greater part of the student's time is devoted to it.

New York City affords the best clinical advantages in medicine and surgery of any city on this continent. The Trustees, to the end of affording clinical opportunities for instruction to the College classes, established the institution known as the Infirmary of the New York College of Dentistry. Open daily from 9 A. M. to 1 P. M. throughout the year.

There is an annual medical and surgical practice done at the dispensaries and infirmaries (exclusive of hospitals) in New York city of upwards of 300,000 patients. Having such a large number of patients to draw from, this, the only dental infirmary in the city, is taxed to its utmost to do justice to the large number that apply.

Over 15,000 operations are now annually performed in the Infirmary, by the students, under the direction of the surgical staff. Here the *collegiate year student* may practice throughout the year.

The field which the infirmary offers is unparalleled. The student can, in a comparatively short time, obtain experience which he could not acquire by years of private tuition, or even practice. In addition to the lectures of the Governing Faculty, the Lecturers will give short courses, of from four to eight lectures each, on special subjects, thus developing important subjects to which the professors cannot give the necessary time.

The Trustees would inform those who may desire to obtain the degree of M. D., in addition to the degree of D. D. S., that the Medical Department of the University of the City of New York will examine for, and confer the degree of M. D. (after a satisfactory examination), upon a Graduate of the New York College of Dentistry—who shall have fulfilled his two regular courses of Dental College lectures at said College—after he shall have studied medicine one year, inclusive of attendance on one regular session of lectures in the Medical Department of the University.

The New York College of Dentistry is empowered by its charter to confer two degrees—that of D. D. S. and that of F. C. D. (Fellow of the College of Dentistry). The Diplomas awarded in testimony of the conference of these degrees bear, in addition to the signatures of the Faculty and officers of the Board of Trustees, the consent to the award, duly attested, of the Regents of the University of the State of New York.

The degree of F. C. D. is an honorary degree, conferred only "on such persons as have made, or shall have made valuable contributions to the science of dentistry."

At a meeting of the Faculty of this College, held on the 23d of March, 1885, the following resolutions were adopted:

Resolved, That hereafter, beginning with the session of 1885-86, a preliminary examination shall be required for admission to the New York College of Dentistry, before matriculation.

Resolved, That a candidate for matriculation, who presents a diploma from a reputable literary institution, or other evidence of literary qualification, shall be admitted without further examination.

Resolved, That hereafter, at the end of each session, an intermediate examination of the junior class will be required before advancement to the senior class.

REQUISITES FOR GRADUATION.

"The candidate for graduation must be twenty-one years of age, and of good moral character.

"Students shall be required to have spent two full years with a preceptor in the study and practice of dentistry (attendance on two Infirmary Courses is considered equivalent to a private preceptorship) inclusive of attendance on two regular sessions of lectures in a recognized Dental College, the last of which shall have been in this institution."

"The candidate for graduation must deposit a specimen of mechanical dentistry in the Museum of the College, made by himself in the institution; have attended one course of practical anatomy; pass satisfactorily a written and oral examination by the Faculty, and a practical examination before the professor of operative and mechanical dentistry."

"A graduate of medicine is accredited one year of study, inclusive of one course of lectures."

The Faculty Prize, founded in 1870, is awarded to the graduate who passes the best examinations—written, oral and practical. It consists of a gold medal, valued at $100. Three other prizes are awarded by the Faculty.

D. A. MAYER,

526 BROADWAY,

IMPORTER OF

Hungarian Wines.

TOKAY. NEW YORK. BUDAPEST.

[Established 1855.]

[Trade Mark.]

The only house in the United States where **Hungarian Wines** are sold which have been awarded **Medals for Purity and Superior Quality by the Centennial Commissioners.**

GENUINE TOKAY WINES A SPECIALTY.

The medical fraternity of Europe recommend these Wines for their remedial properties, as also many eminent physicians of the City of New York and throughout the United States certify to their value as an ordinary tonic for strengthening the system of the convalescent, and for their recuperative powers they are admitted to be a panacea for many of the "ills that flesh is heir to."

PROFESSOR LIEBIG THUS WRITES:

"Wine—as a restorative, as a means of refreshment when the powers of life are exhausted, as a means of correction and compensation, where misproportion occurs in nutrition, and the organism is deranged in its operation, and as a means of protection against transient organic disturbances—Wine is surpassed by no product of nature or art."

And again he observes: "Wine is the universal medicine for the healthy as well as for the sick, for the infant or adult, and it is as milk to the aged."

GOOD INVESTMENTS

FOR PHYSICIANS.

1.—FARM MORTGAGES

Bearing 7 per cent. interest GUARANTEED, and 8 per cent. unguaranteed, are unequalled securities, and are safer than Eastern mortgages. Not a cent of principal or interest has ever been lost.

2.—FARM LANDS

Can be had now at a bargain, and will probably sell at an advance of 15 to 25 per cent. in six months. A quarter section (160 acres) can be had for $500 and upwards.

3.—SMALL LOANS

To thrifty farmers on good security, made through a responsible bank, pay 10 per cent. guaranteed. Nine-tenths of all the banking capital of Nebraska and Dakota is used in this way.

4.—COUNTY WARRANTS

Are a most excellent security, and pay not less than 12 per cent. They are made payable by law from the tax levies. Sworn statements of the financial condition of the counties furnished to all purchasers.

The above investments are made through the **SOUTH PLATTE LOAN AND TRUST CO.,** Holdrege, Neb., and the **COMMERCIAL STATE BANK,** Holdrege, Neb., each having $40,000 paid up capital, and the **SECURITY MORTGAGE AND INVESTMENT COMPANY,** Pierre, Dakota, capital $50,000.

Write for full particulars about loans and the guarantee given, to

☞ *Send for a full description of AVENA SATIVA; Its Preparation and Compounds; also, other Specialties, with prices and doses of full list annexed, and Testimonials; also, REVISED AND ENLARGED MANUAL OF PURE CONCENTRATED MEDICINES, CONCENTRATED TINCTURES, Etc.*

B. KEITH & CO.

PREPARE ONLY

Pure Concentrated Medicines,

CONCENTRATED TINCTURES, OILS, ETC.

We make a full line of RESINOIDS, such as Podophyllin, Leptandrin, Euonymin, Irisin, Hydrastin, &c.,

ALL PURE.

So-called concentrations are in the market, called by the same name as our manufactures, that are made by triturating extracts, etc., with sugar of milk, powdered root, etc.

WHAT ARE CONCENTRATED TINCTURES?

They are not made from the crude material, *but by dissolving the active principles in alcohol in definite proportions,* and invariably represent a uniform amount of therapeutic power.

We are the only concern that make CONCENTRATED TINCTURES by the above method. They are not the same as Fluid Extracts. Are much stronger.

☞ Physicians ordering these Tinctures from the Trade, will therefore perceive the necessity of designating them as "KEITH'S" in their orders.

A NEW REMEDY!

CON. TINC. AVENA SATIVA

(FROM COMMON OATS.)

ITS PROPERTIES ARE AS FOLLOWS:

NERVE, STIMULANT, TONIC, ETC.

IS EMPLOYED IN THE TREATMENT OF

Paralysis, Epilepsy, St. Vitus' Dance, Alcoholism, the Morphia or Opium Habit, Chloral Habit, Sleeplessness, Nerve Exhaustion, etc.

DOSE.—From ten to thirty drops or more, as often as may be indicated, to meet the urgency of the case.

The United States Electrical Co.

41 & 43 Wall St., NEW YORK, and 286 Fulton St., BROOKLYN,

MANUFACTURERS OF ALL KINDS OF

Electro-Medical and Surgical Apparatus

Call particular attention to their

ELECTRIC LIGHT LARYNGOSCOPE.

This instrument is by far the most convenient apparatus ever gotten up for the purpose. **It leaves the hands of the operator free.** It is needless to state how great an advantage this is to the person making examination.

The light of this little instrument is *very powerful.* The lamp, with scientifically adjusted lens and SOLID SILVER parabolic reflector, is fastened to an ordinary spectacle frame—as shown in cut—and can be worn precisely the same as a pair of spectacles. The LARYNGOSCOPE can be used to great advantage in the examination of the vagina or other orifices. It can also be attached to a speculum.

We have also on hand and manufacture all kinds of

BATTERIES.

Our new portable Medical Battery furnishes sufficient power to maintain a brilliant light suitable for the Laryngoscope.

All Inquiries Promptly Answered.

Send for circular free, or send 3 cents in stamps for complete illustrated catalogue including all kinds of electrical apparatus, such as Batteries, Motors, Microscopic Auxiliaries, Poison Cabinet, Burglar Alarms, Gas-lighting Apparatus, Call Bells, &c., &c.

LEDGER AND CASH BOOK COMBINED.

Amoun .	Medicine and Spec'l Charges.	Balance of Old Acc't.	Total Due.	DATE. Mo.	Day.	Year	Cash Paid.	Deductions.	Balance Due.	Bill Presented.
$ 6 00		$50 00		Jan.	15,	18 5.	$25 00			
0 00	$6 00		$72 00						$47 00	1, 10, 1885.

Entered, according to Act of Congress, in the year 1884, by William S. Watson, M. D., in the Office of the Librarian at Washington, D. C. All rights reserved and will be protected.

The above account, as taken from the Visiting List, shows there were 8 regular visits made; one night visit, and one office prescription; the two latter, being special charges, are placed in the appropriate column. The $50 old account is also placed in the column for such charges. Whenever payments are credited they are deducted from the debit, and the balance due is placed in its column. If this rule be followed, a glance will always show balance due.

Dear Doctor,—Save your money! It is not what we earn that enriches us, but only that which is collected. To collect, you must keep a correct and legal Day Book. It should be posted weekly into a Ledger, which will show at a glance the amount due from each patron. Send out all bills on the first day of each month. Thereby you will save hundreds of dollars yearly. Above you will find an illustrated section of "Watson's Ledger and Cash Book Combined," for the use of Physicians. It forms part of a new system of bookkeeping. *The system is comprised of only two books.* First, a Visiting List, which is a complete legal Day Book (sample sheets will be sent on application). Second, a Ledger, of which the above is a section, or one-eighth of a page, with an account posted from the Visiting List, to exhibit the *modus operandi*. It is a new system. It is plain and practical. Easily understood. It will save one-half the time and labor the old methods require. Your patrons will learn to look for their "Doctor's Bill" as regularly as they look for bills for other household expenses. And why not? This system is receiving very flattering notices from many of our best Physicians, some of whom are adopting it, setting aside the old method entirely.

Sizes and Prices of the Ledger.—500 pages, bound in leather, $6.50; 250 pages, bound in leather, $5.00; 250 pages, bound in cloth, leather backs and corners, $4.00.

The large book is the most profitable to buy. Sent by express on receipt of price, or C. O. D., to any address.

Orders filled by WM. S. WATSON, 105 West 47th Street, NEW YORK CITY.

PHYSICIAN'S VISITING LIST, 1885.

LINDSAY & BLAKISTON'S (Thirty-Fourth year of its publication).

Containing Calendar, List of Poisons and Antidotes, Dose Tables rewritten in accordance with the Sixth Revision of the U. S. Pharmacopœia, Marshall Hall's Ready Method in Asphyxia, Lists of New Remedies, Sylvester's Method for Producing Artificial Respiration, with Illustrations; Diagram for Diagnosing Diseases of Heart, Lungs, etc., etc.

The Quality of the Leather used in binding this List has been again improved, and a Superior Pencil with Nickel Tip, manufactured especially for it, has been added.

A REVOLUTION IN THE TREATMENT OF CHRONIC DISEASES.

THE

COLUMBIAN INSTITUTE

For the Preservation of Health and the Cure of Chronic Diseases,

142 East 34th Street, NEW YORK,

Is a public and professional establishment, organized under the laws of the State of New York, and is the first of its kind in the history of the world.

It was originally indorsed by four-fifths of the medical faculty of the City of New York, and is constructed upon a plan which enables every physician to become a part owner and director.

A portion, also, of its room is reserved for resident patients who may desire to be treated by their own physicians, unconnected with it in an official capacity.

It is equipped with every agency, appliance and medicament necessary for its purposes, and as far as its chief object is concerned, it is founded on the principle that the cure of chronic diseases demands a wise and skillful combination of internal and external treatment. Already its success in overcoming the most complicated and obstinate forms of chronic disease has fulfilled the most sanguine expectations of its friends and supporters. Its special facilities have afforded invaluable aid in expediting cures in cases which would probably have yielded in the course of time to the persistent use of ordinary methods; and have rendered essential service in mastering a number of inveterate maladies which had baffled the skill of some of the most eminent physicians of New York, and which could not have been cured without them.

The following unique Testimonials have been presented to the Profession by members of the Medical Faculty of New York, who have carefully investigated the character and work of the Institute:

"The necessity of the Columbian Institute for the cure of chronic diseases has been felt and appreciated by us from its beginning. The ability of the founder, Dr. Henry A. Hartt, to cure chronic diseases of almost every type, we have thoroughly investigated, and verified to our entire satisfaction. The institution, with its remunerative and benevolent sections, should at once be placed in a position to do the great good which its capabilities offer to suffering humanity.

"We therefore ask the co-operation of our professional brethren to build up without delay this grand temple of hope for the cure of thousands of despairing sufferers. The plant is here, with every appliance, in successful operation, and the opportunity is now offered to secure the results of the wisdom and experience of its founder.

"No nobler theme could enlist the good offices of any one; and how infinitely greater must it appear to the physician who is devoted to his profession, and holds first in his heart the cure of his long suffering patients.

"E. H. DAVIS, M. D., 25 West 119th Street.
"A. ROWE, M. D., 410 West 34th Street.
"S. De WOLFE, M. D., 139 West 34th Street.
"T. N. HOLDEN, M. D., 294 East Broadway.
"GEO. A. MACDONALD, M. D., 267 Seventh St.
"J. H. SHORTER, M. D., 109 East 12th St.
"W. SCHOONOVER, M. D., 682 Lexington Ave."

New York, Jan. 7th, 1886.

"I feel it my duty to state, for the benefit of the profession and the public at large, that I know from a thorough personal investigation that chronic rheumatism, paralysis, asthma, catarrh, and chronic diseases generally, which are considered incurable in private practice, are cured at the Columbian Institute, 142 East 34th St., New York.

"T. N. HOLDEN, M. D., 294 East Broadway."

New York, Jan. 7th, 1886.

"I took to the medical director of the Columbian Institute for the cure of chronic diseases, 142 East 34th St., a patient suffering from a chronic congestion of the brain and spinal cord, complicated with rheumatism of the back of twenty years' standing, which had been pronounced incurable by at least a dozen eminent physicians of New York, as well as by myself. He had even been consigned to the Home for Incurables at Fordham. His case was presented and accepted as a test case. He was cured, and is now in perfect health, and employed as foreman of a large department in a factory in New York.

"GEORGE V. HANN, M. D., 363 West 51st St., New York."

SCIENTIFIC AND MEDICAL BOOKS,

Minerals, Shells, Fossils, Birds, Eggs,

AND ALL OBJECTS OF NATURAL HISTORY, ARE BOUGHT, SOLD AND EXCHANGED BY

A. E. FOOTE, M. D.,

No. 1223 Belmont Ave., - - PHILADELPHIA, PA.

(Professor of Chemistry and Mineralogy; Fellow of the American Association for the Advancement of Science; Life Member of the Academy of Natural Sciences, Philadelphia and of the American Museum of Natural History, Central Park, N. Y. City.)

The Largest Stock of Medical Books in the World

Our Medical Catalogue of 120 pp. sent free to Medical Men, to others on receipt of 10 cents. It includes over 13,000 titles of Medical Books, and we have also over 50,000 Journals in stock. Complete set of the

AMERICAN JOURNAL OF MEDICAL SCIENCES

IN STOCK.

Complete Sets of Lancet, Medical and Surgical History of Rebellion, etc.

SPECIMENS SENT TO ANY PART OF THE WORLD BY MAIL.

Specimen Copy of the illustrated monthly, "Naturalist's Leisure Hour," of 32 pages, sent free. Subscription, 75 cents a year. For club rates and premiums, see each monthly issue.

I received the highest award given to any one at the Centennial Exposition of 1876, and the only award and Medal given to any American for "Collections of Minerals."

My Mineralogical Catalogue of 100 pages is sent post-paid on receipt of 15 cents; heavy paper, 25 cents; bound in cloth, 50 cents; half sheep, $1.00; half calf, $1.25; cloth, interleaved, $1.00; half sheep, interleaved, $1.25; half calf, interleaved, $1.50; (price-list alone, 16 pp., 3 cents.) It is profusely illustrated, and the printer and engraver charged me about $1,100 before a copy was struck off. By means of the table of species and accompanying tables, most species may be verified. The price-list is an excellent check list, containing the names of all the species, and the more common varieties arranged alphabetically and preceded by the species number. The species number indicates the place of any mineral in the table of species; after it will be found the species name, composition, streak or lustre, cleavage or fracture, hardness, specific gravity, fusibility and crystallization. I have very many species not on the price list, and some that I had in 1876 are no longer in stock.

Collections of Minerals for Students, Amateurs, Professors, Physicians, et al.

The collections of 100 illustrate all the principal species and all the grand subdivisions in Dana and other works on Mineralogy; all the principal Ores, etc., etc. The collections are labeled with printed labels, that can only be removed by soaking. The labels of the $5.00 and higher-priced collections give Dana's species number, the name, locality, and in most cases the composition of the Mineral; the $5.00 and higher are also accompanied by my Illustrated Catalogue and table of species.

I have now over forty tons, and over $50,000 worth of Minerals, mostly crystallized, in stock. It is well recognized that my prices are lower and my specimens better labeled than those of any other dealer in the country. This is mainly due to my system of printed labels attached to the specimens, and the fact that I carry the largest stock of Minerals in the world.

Catalogue of 2,500 species of shells, made for me by Geo. W. Tryon, Jr., who has labeled nearly all my shells, 3 cents; printed on heavy paper, with genus label list, 10 cents. Catalogue of Birds, Eggs, Eyes, Skins, etc., etc., 3 cents. Catalogue of Books, 16 pp., each 3 cents. Medicine, etc., 120 pp., 10 cents. (Please specify exactly of what class of books you wish catalogues.)

Send for the **Naturalist's Leisure Hour,** giving full particulars. Specimen copy free.

You will confer a double favor by handing this to some physician or other person interested in science.

PLEASE MENTION WHERE YOU SAW THIS.

THE COLLEGE AND CLINICAL RECORD

A MONTHLY MEDICAL JOURNAL.—SEVENTH YEAR (1886).

RICHARD J. DUNGLISON, A. M., M. D., Editor.

Subscription, $2.00 per Annum.

Its original department contains articles on medical topics of present interest, by representative men in the profession in different parts of the United States. A special department is devoted to phonographic reports of Clinics, Hospital Notes, Cases and Class Room Notes. Several columns of the latter are published in each issue; they are freely quoted by almost every medical journal in the United States and Canada. Clinical Lectures are given in each issue.

SAMPLE OF "CLASS ROOM NOTES."

The *nervous cough* of mothers, which exists during the presence of whooping cough in the household, may be allayed by—

℞ Acid. hydrocyan. dil., f ʒ j
Tinct. sanguinariæ, f ʒ iv
Syr. senegæ, f ʒ ss
Syr. tolu, f ʒ ij
Aquæ lauro-cerasi ad f ʒ iv. M.

Sig.—f ʒ j-ij every 3 or 4 hours.
(Bartholow.)

In *atonic dyspepsia* Prof. Da Costa prescribed—

℞ Tinct. nucis vomicæ, gtt. x
Tinc. capsici, gtt. j
Tinc. cinchonæ comp., f ʒ j. M.

Sig.—Ter die.

To this was added pepsin, gr. iij-v with each meal.

A favorite *alterative* with Prof. Goodell is the following—

℞ Hydrargyri chloridi corrosivi, g r j
Liquor. arsenici chloridi f ʒ j
Tinc. ferri.chloridi,acid. hydrochloric. dilut. aa f ʒ iv
Syrupi f ʒ iv
Aquæ q. s. ad f ʒ vj
M.

S.—Dessertspoonful after each meal.

Subscriptions may commence with any number. Subscribers will receive as a premium a life-like portrait on steel of the late J. MARION SIMS, M. D., LL. D., in the best style of the art (with autograph), which, when framed, will make a handsome addition to a physician's office.

Orders will also be received for the following publications, etc.:

The year begins on the Thursday following the first Wednesday in October, and ends on the fourth Wednesday in June. There is a recess at Christmas, beginning December 23d, and ending January 2d, and a Spring recess beginning on the Wednesday before Fast Day, and ending on the following Tuesday, both inclusive.

A well-appointed Laboratory and Infirmary are provided, and such arrangements made as insure an ample number of patients. Clinical instruction is given by the professors and other instructors, and under the direction of the demonstrators patients are assigned to the students, insuring to all abundant opportunities for operating at the chair.

The Laboratory and Operating Room will be open at 9 o'clock A. M., and continue open until 3 P. M. each day. Demonstrators will be present daily during working hours.

Students who began their professional studies elsewhere may be admitted to advanced standing.

EXAMINATIONS,

Examinations are conducted in writing and are held at the end of each year in June, and one week before the opening of the College in September.

Every candidate for the degree must have passed a satisfactory examination in every one of the departments of dental instruction at regular periods of the College course.

REQUISITES FOR ADMISSION.

All candidates for admission must present a degree in letters, science, or medicine from a recognized college or scientific school, or pass satisfactory examination.

Candidates from foreign countries must be able to speak the English language, and must present certificates of pupilage or length of practice, duly legalized by the authorities.

REQUIREMENTS FOR THE DEGREE.

The degree of "*Doctor of Dental Surgery*" may be conferred upon each candidate of adult age, and of good moral chacter; who must give evidence of having studied medicine or dentistry three full years, at least one continuous year of which must have been spent at this College.

FEES AND EXPENSES.

For Matriculation	$ 5 00
For a year	100 00
For Demonstrator's Ticket (Anatomy)	5 00

There is no Diploma Fee and no Fee for Graduation.

MANUFACTURED ONLY BY
THE EGYPTIAN CHEMICAL CO.,
Boston, Mass.

"Thymoline,"

THE FRAGRANT DISINFECTANT.

The attention of the faculty is respectfully called to the new production, "Thymoline," a concentrated solution of the Chlorides of Zinc, Lead, Magnesium, Sodium, Aluminum, etc., combined with "Thymol," the greatest Disinfectant agents known to science.

This fluid is an immediate specific for impure air and bad smells, a preventive and destroyer of the germs of contagion, Cholera, Yellow, Scarlet, Typhus, and Typhoid Fevers. Diphtheria, Smallpox, etc. It checks and prevents animal and vegetable decomposition. It is powerful, yet quite harmless in its effects on persons or fabrics; does not, like Carbolic Acid or Chloride of Lime, substitute one disagreeable smell for another, but at once destroys the offensive odor and leaves a pleasant aromatic one instead.

"THYMOLINE" is prepared from the crystals of Thymol, Oil of Thyme, etc. Its *antiseptic properties are ten times stronger* than the carbolic acid used for disinfecting purposes, and has a fragrant odor. It neutralizes all the offensive odors that escape from the bowl or closet and the body. It permeates the entire house, carpets, furniture, etc., and destroys the poisonous germs, etc., that they naturally absorb. It does not irritate the lungs like other aerial disinfectants, but is more powerful, vastly more agreeable, and renders the air pure and healthy.

"The Vapor of Thymol," says PROF. H. A. MOTT, "is more powerful than carbolic acid, is very pleasant and agreeable, and does not exert any irritant action on the respiratory organs."

Put Up in Quart Bottles, at 50 Cents per Bottle.

Supplied also in bulk on reasonable terms.

On the application of any physician, a sample quart bottle of Thymoline will be delivered free at any express office in Boston.

Manufactured only by

The EGYPTIAN CHEMICAL CO.,

15 Foster's Wharf, Boston, Mass.

For general disinfectant purposes, one quart bottle will make Two Gallons. Mix with water and it is ready for use.

There are Many Reasons why Physicians should be Acquainted with the Best Means for Preserving Bodies.

THE VAST SUPERIORITY AND MANY ADVANTAGES OF

THE ORIENTAL EMBALMING FLUID

Over ice and every other means of preserving bodies should lead to its use in every instance. It is inexpensive and its use is simple. Ask your druggist to keep it.

PRICE, ONLY $2.00 PER GALLON. 75 CENTS PER BOTTLE.

THE ORIENTAL was used in the preservation of the late Gen. Grant with such remarkable results (keeping the body in a perfect state of preservation for seventeen days in the hottest weather), enabling hundreds of thousands to view the face of the old commander and ex-President.

This Fluid was also used in embalming the body of C. A Preller. Its wonderful efficacy is described in the following extract from a letter written by Dr. Nidilet, Coroner of St. Louis: "A corpse, confined in a trunk occupying a place in a steam heated room for a period of nine days, was discovered in a state of putrefaction; it was swollen, discolored, purging, the eyes protruding from their sockets and the tongue from the mouth; the stench was intolerable. The use of this fluid for forty-eight hours restored it to its normal proportions, arrested putrefaction, destroyed the odor, and its continued use restored in a great measure the normal color to the corpse; in fact, he was recognized by his friends, as also those who had seen him in life. The eyes returned to their sockets and the protruding tongue into the mouth. I shall adopt its use in the morgue. Respectfully, (Signed) S. L. NIDILET, Coroner."

Circulars and information sent free of charge to physicians. Address,

D—Rubber Tube.
E—Air Forcing Device.
F—Weight.
F—Tuleys with Screw.

No. 1. Apparatus Complete.

The wonderful superiority of this new Process and Apparatus over and above everything else in use is manifest:

1. In its absolute safety, which consists in producing a light, agreeable, attenuated vapor, having the necessary properties to support respiration and life, and in putting the regulation of the percentage of the narcotic under the complete control, in every respect, of the administrator, so as to be adapted to meet the wants or needs of every patient in all the various stages of Anæsthesia; and also, in having a reliable thermometer attached to the apparatus, by which the capacity and power of the atmosphere to receive, contain and convey a certain percentage of any given narcotic in the Anæsthetic, may be known at all times, while being administered; and further, not only its safety, but its efficiency, consists in having a water bath with heating power combined, by which the tendency to lower the temperature of the vapor by the continuous passage of the air through and over the narcotic, is not only counteracted, but by which an increase of the temperature of the vapor is obtained, so as to meet the ever-varying wants of the patient perfectly in the advancing stages of Anæsthesia.

2. In its desirable effects, being entirely pleasant in respiration and rather enticing than otherwise, non-irritating to the fauces, the epiglottis, the mucous membrane of the bronchial tubes, or the air cells of the lungs, and being free from producing nausea with the consequent fearful results of vomiting, asphyxia, syncope or death.

3. In its adaptation to a uniform evaporation of all the elements in any narcotic admixture.

4. In its cleanliness, being perfectly clean at all times and under all circumstances.

5. In its convenience, the narcotic chamber being always charged and ready for use, and the apparatus being suitably suspended with pulleys and weight, by which it is conveyed out of the surgeon's way when operating, or enclosed in a neat surgeons' portable case, for use out of office, which also contains three suitable bottles, one for the narcotic, and two for stimulants, which should always be convenient of access during a surgical operation.

6. In its cheapness, or the saving of the narcotic, and the consequent annoying effects of its waste in the operating room.

We commend this new "Process of Anæsthetics" with its appropriate Apparatus, to the Medical and Dental professions with the hope that as you value life and health above everything else, you will not endanger the health and the lives of your patients, nor throw yourselves liable to prosecution for mal-practice or criminal neglect, in the administration of an anæsthetic by the ordinary methods.

The entire Apparatus put up in a neat Portable Surgeon's Case, with perpetual license to use the Process, is sold at $50.00.

The same without the Portable Surgeon's Case, is sold at $45.00.

Any Surgeon who has a large practice, requiring the use of an Anæsthetic, can save the cost of his outfit for this purpose in one year's time by the use of our Process and Apparatus, as he saves fully three-fourths of the narcotic he would use by any of the ordinary methods of administering ether or chloroform, besides having all the other advantages which we claim for our Process.

The Generator (A) and Face Piece (B) are made of brass and nickel-plated, and are suspended on pulleys with screw, which are also nickel-plated, and are to be attached to the ceiling. The whole Apparatus is made and finished in a style so as to be an ornament to any office

All orders must be accompanied with the money and directed to

Dr. S. J HAYES,

629 Penn Avenue, - - - PITTSBURGH.

OR

LEE S. SMITH,

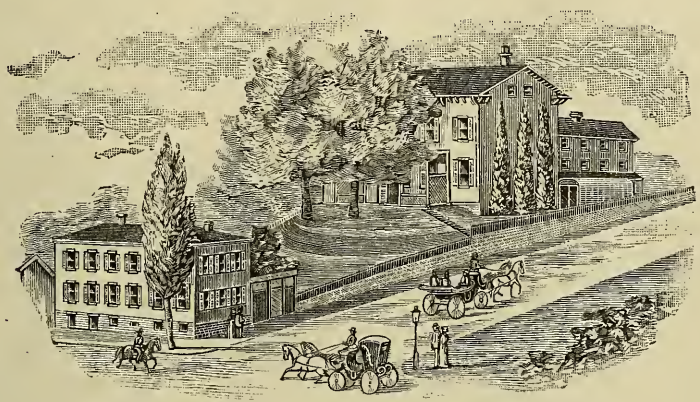
DR. R. S. SUTTON,

419 PENN AVE.,

PITTSBURGH, PA.



TERRACE BANK.

A Private Hospital for Women.

1. This institution is located on high ground, overlooking the Ohio River, at a point in Allegheny City opposite to and in full view of Pittsburgh.

2. The rooms are all front, looking south and east.

3. The number of patients taken is limited to twelve.

4. No lying-in cases, or cases of any infectious disease, are received.

5. The institution is a quiet home with the provisions of a sanitarium.

6. The nurses are good, and trained to their duties.

7. As far as practicable, patients are requested to present letters of introduction from their attending physicians.

8. The institution is especially adapted for abdominal and pelvic surgery.

TERMS:

Room, board and nursing, $21 per week, payable weekly.

In the above, fees for medical services are not included; they depend upon the character and extent of the services required.

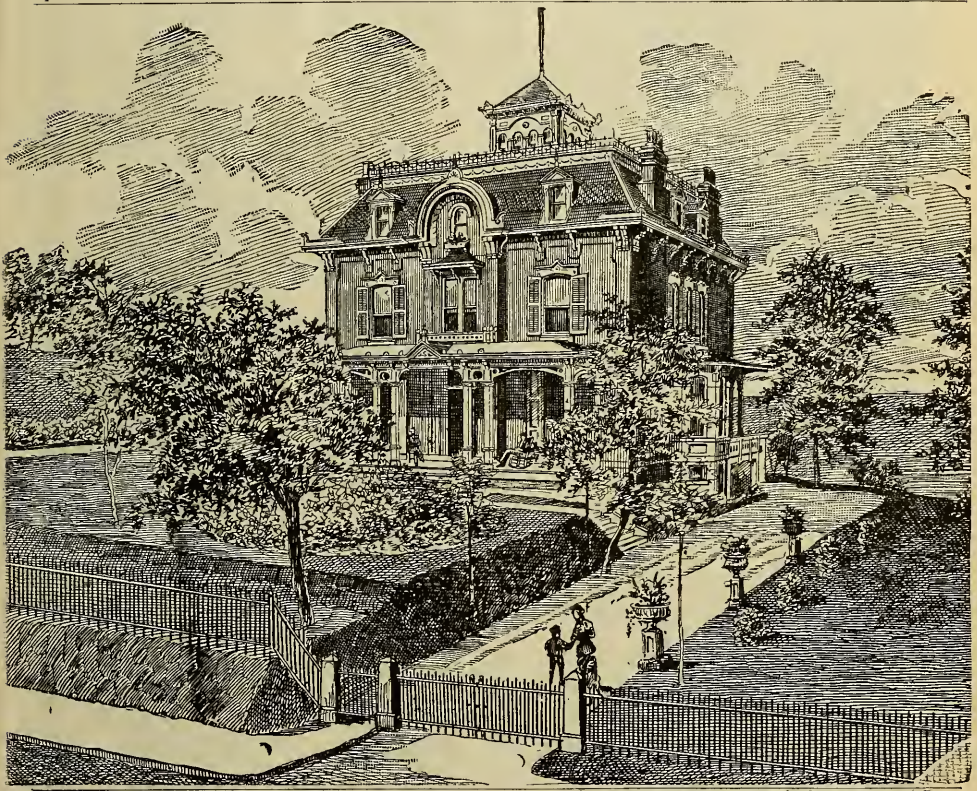
DR. SADLER'S

PRIVATE EYE AND EAR INSTITUTE,

Grandview Ave., Mt. Washington, PITTSBURG, PA.



As described by the New York Graphic, Sept. 29, 1882:

Among the many places worthy of note in or around this famous city, we would make especial mention of the beautiful residence of O. W. Sadler, M. D., the Oculist and Aurist. It is located on Mt. Washington, at a height of 450 feet above the din and confusion of the busy streets. The Doctor, appreciating the benefit of a Home for those requiring difficult operations on the eye and ear, has selected this most favorable spot for the purpose, and, at an outlay of thousands of dollars, has erected the palatial edifice shown in our illustration. It is built with all the latest improved conveniences. His most difficult and critical operations are performed here, where the patient remains under his care and receives the attention and homelike comforts so necessary to success in the treatment of these delicate organs. The grounds surrounding the place are large and beautifully decorated with trees, shrubs and flowers. The air is pure and bracing, free from the smoke and dust for which the "Smoky City" is so noted. From the Observatory, the views are perfectly grand in every direction. On one side is a beautiful country; on the other, two cities and the three rivers—Alleghany, Monongahela and Ohio, all forming an exceedingly interesting panorama, presenting a sight of grandeur and beauty not to be seen elsewhere in this country. Special advantages for cataract cases. Patients are treated as members of the Doctor's own family. Graduate of the Chicago Medical College 1868. Fifteen years' special practice—twelve years in Pittsburg. For particulars, address

O. W. SADLER, M. D.,

804 Penn Avenue, PITTSBURG, PA.

OFFICE HOURS:—9 A. M. to 5.30 P. M.; SUNDAYS, at home.

BULLEN'S
Popular Vegetable Compounds.

RHEUMATINE,

The only Remedy known that will cure Rheumatism, Lumbago, Sciatica, etc.

A. Bullen

Price, $1.00 per Bottle.

Rheumatism and Gout, although closely allied, may be distinguished from each other by the general location in which the disease exists; Rheumatism attacking the smaller joints; in Gout the larger ones are attacked. Rheumatism is divided into two forms—acute and chronic. The acute or inflammatory form is most commonly brought on by exposure to cold when the body is in a state of perspiration. The attacks may be of long or short duration, rendering the joints extremely painful and often crippling the patient. It comes on with high fever and inflammation of the parts affected; a peculiar tendency of this form is its shifting from one location to another, which is considered a dangerous symptom. The chronic form mostly attacks aged persons, and may be the result of blood poison; it occurs as a slow inflammation of the parts, and is severest at night.

Gout is due to a constitutional tendency and is brought on by excesses in eating and drinking and lack of proper exercise. It is usually preceded by symptoms of indigestion, then some joint, as the ankle or great toe, becomes inflamed and intensely painful, which pain usually lasts for several days. During a paroxysm there is danger of the disease shifting, as in Rheumatism, to the stomach or heart.

There have been 1800 bad cases of Rheumatism successfully treated with BULLEN'S RHEUMATINE. Testimonials of references furnished on application. Give it a trial.

AREND'S

KUMYSS

OR

MILK CHAMPAGNE.

The Original and Only Article of its Kind in the World.

A scientifically fermented Milk Champagne, in accordance with a process of manufacture of my own invention. First brought to the notice of the medical profession in 1874. Just as much superior to any and all the imitations as fine French Champagne is to cider.

AREND'S KUMYSS should be the reliance of the physician in all those cases of debility in which prompt improvement of the general tone is imperative. **Kumyss** is the blandest and most easily digested food, and as such the best nourishment for a weak stomach; at the same time, it possesses medicinal qualities which we vainly look for in materia medica.

In nausea, vomiting, extreme cases of dyspepsia, **Kumyss** acts like a charm, promptly relieving all the distressing symptoms of such cases. When the stomach rejects all else, **Kumyss** is retained and assimilated, affording the patient nourishment, strength and comfort, and, as a logical consequence, nervousness ceases and refreshing sleep follows. In scarlet, intermittent, gastric and typhoid fevers, **Kumyss** is the best diet. It satisfies thirst and hunger and allays the fever. **Kumyss** has considerably the advantage over drugs, in that it can never do harm.

AREND'S KUMYSS requires from four to five weeks to ripen, and when ripe and ready for consumption it should be used by the invalid in a week or two. We therefore do not sell to druggists. We supply consumers directly. Send for "Treatise on Kumyss."

A. AREND, Chemist,

MEDICAL LAKE,

WASHINGTON TERRITORY.

"Skookum Chuck Pe Sauklee Tyee Illihee," or Strong Water from Sacred Ground.

Its Waters Possess Life-Giving Properties.

LYING just North of the Northern Pacific Railroad, between Spokane Falls and Cheney, sequestered in a beautiful grove of Virginal Pines on the highest eminence in that immediate vicinity, is the wonderful Medical Lake. Long before the whites were allowed to visit its healthful shores its fame was widespread. Hundreds of the early settlers of Walla Walla Valley will remember to have seen the Indians take their sick, debilitated, rheumatic and maimed, and go north to what they called "Pe Sauklee Tyee Illihee," or the Sacred Grounds, and, after a few weeks' absence, noted their return restored to health. Their stories of the wonderful curative properties of the "Skookum Chuck," or strong waters of the mysterious lake, are yet among the well preserved legends of that locality. But it was not until "Joseph's Band" was driven from the home of their fathers by Gen. Howard in 1877, that the mysteries of this veritable "Fountain of Youth" was made known to the whites. For ages the Indians have resorted to this lake (which is about two miles long and half a mile wide) to drink of its marvelous waters, and far and wide its fame now draws to its shores a continual pilgrimage. The salts obtained by precipitating its waters contain eight medical properties, all being recognized by the most scientific physicians as the standard remedies of our age, and it is conceded that they are in their purest form, as they come directly from Nature's Mysterious Subterranean Laboratory, and have never been adulterated. Well may it be said that "The Creator has provided a balm unequalled by human invention." The Chicago Medical Lake Manufacturing Company ship the salts which are the result of evaporation.

MEDICAL LAKE SALTS.

Nature's Peerless Remedy

Sweetens the Stomach, Cures Indigestion, Dyspepsia, Sick or Nervous Headache.

Acts promptly on the Kidneys, Curing Incipient Bright's and Diabetes. Effective alike for Internal or External Use. Excellent in Rheumatism, Catarrh, and Diseases of the Skin and Blood. Invaluable as a Remedy for the Diseases of Women.

(Chartered by the State of Illinois.]

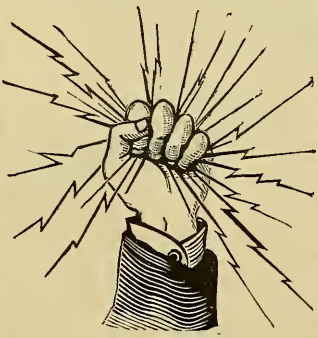
FACULTY AND DIRECTORS.

A. E. SMALL, M. D., Ph. D., Pres.
J. C. VALENTINE, A. M., M. D., Vice-Pres.
C. F. BLAKELY, A. M., Treasurer.
S. L. VALENTINE, M. D., Secretary.
R. S. G. PATON, Ph. D., M. D., Chemist.
F. E. DEGENHARDT, A. M., Electrician.

THE LARGEST AND MOST COMPLETE IN THE U. S.

LECTURES AND INSTRUCTIONS IN ELECTROPATHY.

This Institute has been organized in the interests of a more thorough and practical education than is unsually furnished by similar establishments of this country. The facilities offered to students for a systematic course of instruction, are the best that knowledge and means can afford; all departments are furnished with the latest improvements in Electricity, and presided over by efficient instructors, Our long experience and successful practice in Electro-therapeutics, and the thousands of cures of patients, who have failed to obtain relief from other forms of medication, have excited the admiration of the Profession, and of Scientists throughout the country A large number of students, comprising both sexes, have attended lectures and practical instruction, and are now in successful practice in different parts of the country.



MANUFACTURERS OF

Bath Apparatus, and every description of Galvanic Electric and Magnetic Appliances for Hospital, College, Institute, Professional and Private Use. Electric Belts, Soles, Trusses, Shoulder Braces. Abdominal Supporters, and

DR. VALENTINE'S

Celebrated Electric Batteries, Chairs, and Homeopathic Remedies.

THE DR. VALENTINE SCHOOL OF TELEGRAPHY.

(The only School that can give their students good paying Situations.)

At the solicitation of numerous persons of position and standing in the Telegraphic community, we have added this important branch to our Institute. Our Laboratory is well appointed, and Electricity in all its branches will be taught by means of systematic Lecturers, assisted by Diagrams, Charts, Models and Instruments, so as to address the understanding of the student through the medium of sight as well as hearing, and students will be instructed in all the details of repair, etc., thereby making them proficient in all branches.

91 and 93 Washington Street, CHICAGO, ILL., U. S. A.

Columbus Buggy Co.,

COLUMBUS, OHIO, U. S. A.

DOCTORS' PHAETONS A SPECIALTY,

AN ILLUSTRATION OF WHICH WE GIVE BELOW.

In the construction of these Phaetons we have consulted the convenience of the Profession, and believe no finer vehicle for Physicians' use can be obtained anywhere.

WE MANUFACTURE BUT **ONE GRADE** OF VEHICLES, AND THIS IS

STRICTLY FIRST-CLASS, ABSOLUTELY RELIABLE, AND FULLY GUARANTEED.

The objects we aim at are *Durability*, *Elegance in Style*, *Ease*, *Comfort* and *Light Draught*, all of which we believe we have attained in a remarkable degree.

Besides the Doctors' Phaeton, we manufacture a full line of light vehicles, such as

Buggies, Regular Phaetons, Surrey Wagons, Park Wagons, Jump Seat Wagons and Carriages.

You can SAVE MONEY by buying COLUMBUS BUGGY Co.'s Vehicles, because our prices are LOWER than can be obtained elsewhere for work of equal merit. Write for Catalogue and prices.

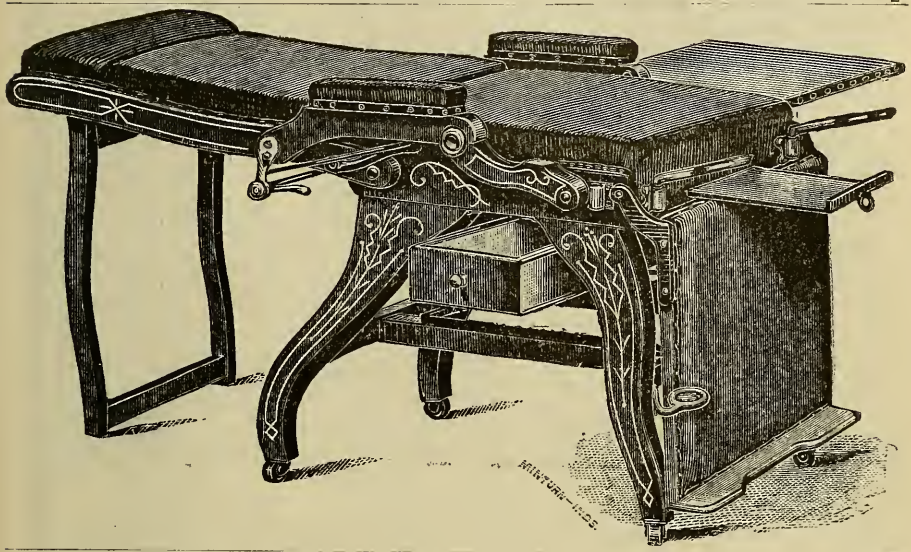
The "Clark" Physician's Office Chair



DEAR SIR:—We respectfully call your attention to the merits of our **OPERATING CHAIR.** Over 1,000 sold the past year.

The design is unique and beautiful, making it an ornament to any office. It is simple in its adjustment, absolutely noiseless, and can be placed at any angle, with the patient in or out of it. It is the proper height, does not have to be raised or lowered by ratchet in the presence of nervous patients. Its simplicity and adaptability obviates any embarrassment to physician or patient in cases of emergency.

We claim, with pardonable pride, that for the practice of Gynæcology, Surgery, and general office practice it has no equal. The stirrups are adjustable to different lengths and different widths. On all leather covered chairs we use leather gimp and leather nails. It has leather covered side table to use in operating in Sims' position; is double stitched, quilted seat and back before the leather or plush is put on, thus adding greatly to its durability; nickel-plated irons. It is the only plain, common sense chair made, having none of the complications so characteristic of other chairs.

The low price, considering its superiority over all others, places it within the reach of every physician.

See what Drs. Sanford and Reyburn say about it:

GENTLEMEN—Having tested the utility of your chair in a great variety of Gynæcological operations, I find that it answers all the requirements admirably. It is comfortable for the patient, convenient for the operator, and is more ornamental as a piece of office furniture than operating chairs usually are. I prefer a chair to a lounge or table for Gynæcological work, and yours is the most complete and excellent of any with which I am acquainted.

Very respectfully yours, L. S. SANFORD, M. D.,
Prof. of Anatomy in Yale College, New Haven, Conn.

Your draft for chair will be paid upon presentation to the Second National Bank. I like your chair very much. Yours respectfully, ROBERT REYBURN, M. D.,
Prof. of Physiology and Clinical Surg., Medical Dept. Howard University.

DIMENSIONS:—Length, 6 ft.; height, 28 in.; width, inside of arms, 21 in. Upholstered in Extra Fine Mohair Plush or Leather,

MADE from SELECTED WALNUT LUMBER, OIL FINISHED and NICELY CARVED.

ROBERTS & ALLISON,

Successors to J. H. CLARK & CO., Manufacturers,

Nos. 85 and 87 E. South St., - - INDIANAPOLIS, IND.

ANAL SPECULUM.

Fig. 1.

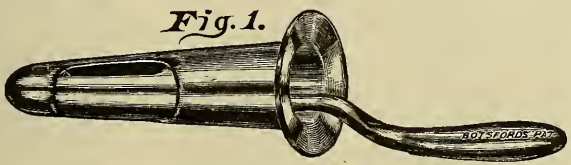

Fig. 2.

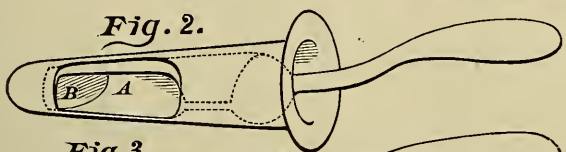

Fig. 3.

RUSSIA LEATHER CASE,

Containing a Full Set of Instruments for Treating Hemorrhoids.

DESCRIPTION.

Fig. 1 represents the Speculum with the interior portion inserted and slightly turned, so as to show a part of the opening through which the treatment is effected. Before inserting the Speculum this opening is entirely closed, by turning the interior portion by means of the handle.

Fig. 2 is an outline drawing showing the parts of the Speculum in position. Notice that the interior portion, A, has one side cut away, which may be adjusted to coincide with opening in outer shell.

Fig. 3 shows the interior part marked A, removed from the outer shell. The inclined portion B, is for the purpose of facilitating withdrawal, as it offers less resistance than an abrupt shoulder. It will be seen that the Speculum admits of being perfectly cleaned in every part.

Instructions will Accompany the Instruments.

For Circular, address,

YOUNG'S IMPROVED SURGICAL CHAIR.

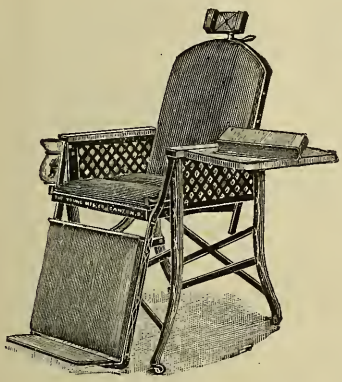

Fig. 1.

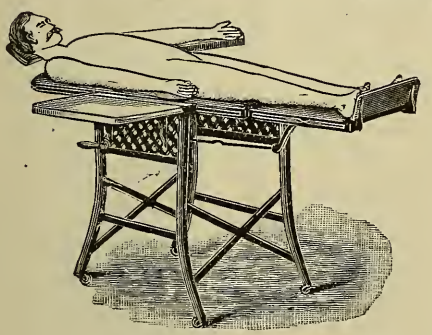

Fig. 2.

Fig. 3.

Fig. 1 shows the chair in its normal position, ready for use in examinations or operations, without any further preparation or arranging, before the patient is seated. It is of graceful design, and its appearance is not suggestive of its real uses.

With this chair the operator can easily and quickly get his patient into any position desired, without their co-operation and without moving from *his* position at the right of the chair.

For any examination or operation about the head, eye, ear, mouth or throat, the semi-reclining position gives excellent access. For those upon the trunk or extremities, the full reclining (Fig. 2,) is excellent, being thirty inches high, twenty-two wide, and over six feet long.

The lithotomy and dorsal position (Fig. 3) are so easily and quickly obtained that the exposure is scarcely realized by the patient, the hips resting on the front edge of the seat without handling the patient in the least, except to place the feet upon the stirrups. With this chair, either the right or left lateral positions are obtained with the greatest facility, the drop leaf or side extension supporting the feet in either case, and the seat elevating the hips automatically, gives this excellent position in less time than it takes to describe it.

In conclusion, the various claims for superiority are:

1st. The various positions are obtainable *after the patient is seated*, while all other chairs and lounges must be elevated and arranged, and the patient afterwards lifted or assisted to *climb* into position, or elevated by means of a screw, or rack and pinion movement.

2nd. It is easily and noiselessly operated, presenting a striking contrast to other chairs in which the seat is raised by means of a crank and the back lowered by complicated and noisy ratchets.

3rd. The patient is brought into position with the hips at the edge of the seat, without being lifted forward or moved in any manner.

4th. The stirrups, by their simplicity of construction and automatic action, are the most convenient and quickest adjusted.

5th. It is complete in construction, and simple in its operation, requiring no extras to be fitted and adjusted when desired for use.

6th. It folds up compactly for transportation.

Feeling confident we have an article unequalled in its adaptation to uses for which it is intended, we ask a careful examination. Any further information desired, will be cheerfully furnished on application.

PRICES AND TERMS:

Upholstered in leather, nickle trimmings.....$50.00

Upholstered in imitation leather, nickle trimmings.....$40.00

All chairs sent subject to inspection so that you can examine before buying.

Yours Respectfully,

F. E. YOUNG, Canton, Ohio.

The Medical Chronicle.

A MONTHLY JOURNAL FOR THE PRACTITIONER.

GEO. H. ROHE, M. D., - Editor.

PROSPECTUS.

THE MEDICAL CHRONICLE is a Monthly Medical Journal devoted to the interests of the Practitioner.

Each number will contain original articles, lectures, and clinical reports from practical physicians throughout the country.

Reports on the progress in the various branches of medicine will be frequently given.

Abstracts, translations and selections from current medical literature will form a portion of each number.

The book reviews will be made with a view of giving a correct notion of the scope of the book under notice.

In its editorial columns, "The Chronicle" will support all movements having in view the advancement of medical education, the establishment of a high legal status of the regular profession, and the popularization of preventive medicine. In all questions of medical politics the editor will seek to present the views of that large number of the profession who are not partisans, but who may be classed with "the independent voter" in national politics.

Arrangements have been made for a series of letters from Europe on topics of interest and value to the practitioner.

Records of interesting cases, therapeutic notes, and communications on matters of interest to the profession are solicited.

Subscription: $1.00 per Year in Advance.

All communication relating to THE MEDICAL CHRONICLE should be addressed to

DR. GEORGE H. ROHE,

139 N. Calvert Street, - BALTIMORE, MD.

THE MARYLAND MEDICAL JOURNAL.

A WEEKLY JOURNAL OF MEDICINE AND SURGERY.

PUBLISHED BY
JOURNAL PUBLISHING CO.

EDITED BY
THOMAS A. ASHBY, M. D.

THE MARYLAND MEDICAL JOURNAL was established in 1877 as a monthly publication. In 1880 it was changed to a bi-weekly, and since 1883 it has been issued weekly. These several changes in its character have resulted from the demand of the profession for a live and progressive medical newspaper in lieu of the older and slower forms of medical publications. So rapidly has the JOURNAL gained in professional favor by its vigorous and progressive policy that it is now conceded a position in the front rank of American medical periodicals.

The policy of the JOURNAL is to present its readers with the latest and best quality of original matter on all practical subjects in medicine and surgery, and at the same time to furnish in each week's issue the latest medical news from all parts of the world. The progress of the science of medicine is presented in brief abstracts of important papers published in other home and foreign journals. The editorials discuss important scientific questions, and fearlessly handle all subjects which relate to the progress of medicine and to its careful practice.

The JOURNAL publishes regular reports of the various medical societies of New York, Philadelphia, Baltimore, Washington and Chicago. In the conduct of the JOURNAL, the editor aims to make it strictly scientific, but at the same time to give it a thoroughly practical cast. Much attention is therefore given to the departments of clinical medicine and surgery, to practical obstetrics and gynæcology, and to materia medica and therapeutics. The arrangement of the matter is systematic and regular. Its appearance is attractive in design and neat in its get-up. The text is printed in clear type, on heavy tinted paper, so that it can be read with utmost comfort and ease. Each number of the JOURNAL contains twenty pages large double column, or a total of 1040 per annum, at as low a subscription price as any journal published in this country.

Shenandoah Alum Springs and Sanatarium

SHENANDOAH COUNTY, VIRGINIA.

A Health Home and Pleasure Resort,

OPEN ALL THE YEAR.

It is high and dry, the grounds free from fog and dampness, the elevation being 2,300 feet above tide-water. Its waters are identically the same, if not superior, to the celebrated Rockbridge Alum Springs, containing more iron. Persons overtaxed, suffering from chronic diseases or convalescing from acute disease, should not fail to visit this "Switzerland of America."

These Springs are located in Shenandoah County, Virginia, near the North Mountains, 12 miles from Mt. Jackson, on the Valley Branch of the Baltimore and Ohio Railroad, and are the finest in the State. The mineral waters are three Alum Springs, the largest in Virginia; and also five Springs comprising Chalybeate, Healing, Sulphur, Iron and Arsenic Waters. The general Mountain Scenery is so grand and picturesque that no description can do it justice. There are pleasant walks and daily excursions are made to De Lafayette Estate of revolutionary fame, Fort Ashby, Picks' Cave, Mountains, Towns, Villages and other points of interest. The amusements are such as are found at all first-class watering resorts—ten pins, croquet, etc., besides in the evening music, hops, recitations and entertainments.

The tables are plentifully suppled with everything fresh raised on the premises.

The location and grandeur of the place and surroundings, pure dry air and the natural mineral waters make Shenandoah Alum Springs the first resort in the United States for health, rest and recreation.

For terms, etc., send for pamphlet.

A. J. MYERS, PROPRIETOR,

Shenandoah Alum Springs,

SHENANDOAH COUNTY, VA.

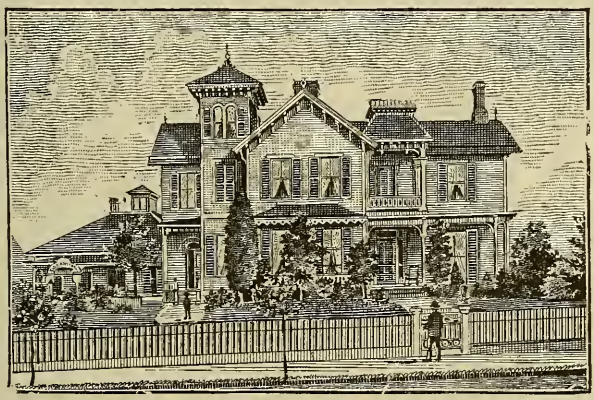
Southern Sanitarium

ATLANTA, GA.

U. O. ROBERTSON, M. D.,
MRS. M. B. ROBERTSON, M. D., } Physicians and Surgeons.



This strictly first-class "Hygienic Medical Institute" is in its 12th year of successful operation.

SITUATED 1200 FEET ABOVE LEVEL OF THE SEA,

IN A SECTION CONSIDERED AS "THE MECCA OF THE SOUTH."

Nearly three thousand patients, representing all the States and Canadas, have here been restored to health. Climate almost equable at all seasons. Splendid accommodations. Beautiful surroundings.

A PERFECT HOME FOR INVALIDS.

☞ **The Latest Scientific Bathing Apparatuses, Elegant Bath Rooms—exclusively separate appointments and departments—ever constructed or used in this country.**

In conjunction with usual approved remedial agents, are employed the celebrated Molierè Thermo-Electric Bath, Improved Turkish, Russian, Roman, Chemico-Electric, Electric Water Baths in twenty different forms, and other Hydro-Therapeutic processes, together with Swedish Movements, by steam-propelled machinery and by trained manipulators. Massage, Pneumatic and Vacuum Treatments, etc.

Remedial Facilities an Especial Boon for Invalid Ladies.

Physicians sending their stubborn chronic cases here, either for general treatment or special surgical operations, may depend that they will receive thorough scientific attention and conscientious care.

Address, "Sanitarium, Atlanta, Ga."

PRIVATE INFIRMARY

FOR THE

TREATMENT

OF

DISEASES OF WOMEN

170, 180 and 184 South Pryor Street,

ATLANTA, GEORGIA.

BY

V. H. Taliaferro, M. D. & Geo. H. Noble, M. D.

OFFICE AND RESIDENCE,

170 SOUTH PRYOR ST.

MRS. DR. POWERS, Matron.

This Infirmary has been fitted up with all the modern improvements, and with special reference to homelike comfort and elegance. Electric Call-Bells in each room convenient to patient's bed, by which the matron or nurse can be called at any moment day or night. The BATHS are the most complete and perfect of their kind, representing Hot, Cold, Shower, Plunge and Electric.

Patients who require it are treated by Massage, Electricity, Baths, Milk Diet, etc., without extra charge.

A Lying-in Department has recently been added to our Infirmary in a separate and adjacent building.

The residence of the Physicians is adjacent to and connected with the Infirmary by an arcade.

Physicians sending us patients for treatment or surgical operations may rest assured of their receiving every care and attention.

The Infirmary is in one of the healthiest sections of the city, and is absolutely free from malaria and sewage contamination.

Physicians Visiting the City are Invited to Call on us.

CELERINA.

NERVE-TONIC, STIMULANT AND ANTISPASMODIC,

FORMULA—Every Fluid-Drachm represents five grains each—Celery, Coca, Kola, Viburnum and Aromatics.

INDICATIONS.—Impotency, Spermatorrhea, Loss of Nerve-Power (so usual with Lawyers, Preachers, Writers and Business Men,) Nervous Headache, Neuralgia, Paralysis, Dysmenorrhea. Hysteria, Opium-Habit, Inebriety, Prostatitis, Dyspepsia, and all languid or debilitated conditions of the System—*Indispensable to restore a patient after alcoholic excess.*

DOSE.—One or two teaspoonfuls three or more times a day, as directed by the Physician.

ALETRIS CORDIAL

UTERINE TONIC AND RESTORATIVE.

PREPARED FROM THE ALETRIS FARINOSA OR TRUE UNICORN AND AROMATICS.

INDICATIONS.—Amenorrhea, Dysmenorrhea, Leucorrhea, Prolapsus Uteri, Sterility, to prevent miscarriage, etc.

DOSE.—One teaspoonful three or four times a day.

Unrivaled as a Uterine Tonic in Irregular, Painful, Suppressed and Excessive Menstruation.

It restores normal action to the Uterus, and imparts vigor to the entire Uterine System

☞Where women have aborted during previous Pregnancies, or in any case where abortion is feared, the Aletris Cordial is indicated, and should be continously administered during entire gestation.

ACID MANNATE

A MILD, SAFE AND PLEASANT APERIENT.

PREPARED FROM MANNA, PURIFIED CATHARTIC ACID, AND FRUIT JUICES.

INDICATIONS—Constipation, Biliousness, Congestions, etc. INDISPENSABLE as an Aperient for women during Pregnancy. In teaspoonful doses, 3 times a day, it favors the secretion and excretion of bile, and gradually removes the congested and torpid states of the liver, and keeps the bowels in a regular and soluble condition.

DOSE.—One or more teaspoonfuls before breakfast or oftener, as directed by the Physician.

S. H. KENNEDY'S

—CONCENTRATED EXTRACT OF—

PINUS CANADENSIS

DARK (A Non-Alcoholic Liquid.) WHITE.

A most Valuable Non-Irritating Mucous Astringent.

INDICATIONS.—Albuminuria, Diarrhea, Dysentery, Night-Sweats, Hemorrhages, Profuse Expectoration, Catarrh, Sore Throat, Leucorrhea and other Vaginal Diseases, Piles, Sores, Ulcers, Burns, Scalds, Gonorrhea, Gleet, etc.

When used as an Injection, to avoid Staining of Linen, the WHITE Pinus should be used.

Recommended by DR. J. MARION SIMS, and other Prominent Physicians.

Samples of any of the above Preparations sent free to any Physicians who will pay express charges and mention this Book.

C. K. Magee's Emulsion

— OF —

PURE COD-LIVER OIL,

In Combination with EXTRACT OF MALT, and SYRUP OF HYPOPHOSPHITES (Lime and Soda).

Formula: Oleum Morrhuæ. Syp. Hypophosphite Comp. Extract of Malt. Equal parts.

In this combination there is to be found a PERFECT Emulsion of these most useful and nutrient principles, so divided as to make each an important element in its administration. The perfect union of the Cod-Liver Oil with the Extract of Malt disguises the nauseous taste so effectively as to render the preparation the most palatable Emulsion of Cod-Liver Oil in use.

MEDICAL ENDORSEMENTS.

Messrs. J. A. Magee & Co. PHILADELPHIA, PA., February 12, 1885.

Gentlemen: I was favored with a sample of your Emulsion of Cod-Liver Oil, with Hypophosphites of Lime and Soda and Extract of Malt, presented to me by your agent a few days ago. Being troubled with Bronchial affection for several weeks, I was taking Cod-Liver Oil in plain form, but at once gave your Emulsion a trial, and am pleased to inform you that it is the most agreeable and pleasant Emulsion that I ever met with, being a perfect Emulsion and the disagreeable taste of the Oil being entirely disguised. In conversations with Drs. M and J. (two prominent physicians of this section of the city), on Sunday last, I was so enthusiastic in my endorsement of your Emulsion that my neighboring retail druggist received Dr. M.'s prescription for it on Tuesday. I know of none that has proved more satisfactory to me, being, I think, far superior to all other Emulsions.

Very truly yours, W. F. STEWART, M. D.

THE ALBANY MEDICAL COLLEGE, Medical Department, Union University,

J. A. Magee & Co. ALBANY, N. Y., December 15, 1884.

Gentlemen: From what I know of the composition or have seen of the results of the use of your Emulsion of Cod-Liver Oil, with Extract of Malt and Hypophosphites of Lime and Soda, I am of the opinion that it is not only an agreeable but also a very serviceable preparation. WILLIS G. TUCKER, M. D., Registrar, 4 Lancaster Street.

Millard Syringes—Metal Pipes.

No.	2,	Three	Pipes,	per	dozen, $5 50
"	3,	Two	"	"	" 4 00

We claim for our Syringes superiority over all others. They are connected by elastic packing instead of screw threads, and the connecting pipe can be quickly and easily inserted in socket, where it is firmly held in place, the joints being perfectly tight and remaining so. The valves are secured and cannot be lost. We use the best quality of rubber. Physicians recommend our Syringes as perfect in cleanliness, efficiency and durability.

No. 5 Throat and Ear. Patented Feb. 2, 1886

The Great Pharmaceutical Success of the 19th Century.

The Remedial Value of Tar is known to all Intelligent Physicians, and we claim to have removed all of its objectionable properties without in the least impairing its virtues.

MASON'S SOLUTION OF TAR

S. O. T.

This is a perfect solution of Tar in a highly concentrated form, adapted to both internal and external use. It contains all the curative properties of Tar, divested of its objectionable features.

Mason's Solution of Tar is specially adapted to the cure of diseases of the mucous and cutaneous membranes, as Nasal Catarrh, Bronchitis, Laryngitis, Obstinate Coughs, Pulmonary Catarrh, Colds, Phthisis, Influenza, Dyspepsia, Catarrh of the Bladder, Leucorrhœa, Gleet, Piles, Rheumatism, Pruritus, Salt Rheum, Tetter, Eczema, Scald Head, Tinea, etc. In perfecting a solution of Tar great service has been rendered the medical profession, for despite the objections to its use on account of its sticky properties, the therapeutic value of Tar has been recognized for centuries, as may be ascertained by reference to works on Materia Medica and Therapeutics.

Mason's Solution of Tar must not be confounded with *Tar Water* on the one hand, nor *Oil of Tar* on the other, for it is neither, but is, as its name implies, a SOLUTION OF TAR, pure and simple, uniform in strength, certain in its effects, pleasant to take, and cleanly in its application.

It is not a compound, but a simple solution, and is adapted to the requirements of the profession, and may be dispensed in combination with many other agents if desired, although in alcoholic solutions it is liable to become turbid.

To convince Physicians of its value I will send **FREE OF CHARGE** a 4-ounce sample bottle to any one who will pay the express charges on it.

Descriptive circulars giving full particulars, uses, doses and application free. Agents wanted, and the trade supplied by

L. D. MASON, Proprietor,

THE SIOUX CITY

Physio-Medical Dispensary

ESTABLISHED IN 1876 BY

DR. S. MOSHER.

Having fully demonstrated by years of successful practice and experience, that he is able to cure multitudes of diseases which baffle the skill of ordinary physicians, and he feels it his duty to make known to suffering humanity that he devotes his whole time and energy to this particular branch of the profession, and will prepare and furnish medicine at his office or visit those cases which may require personal examination. Patients at a distance may consult Dr. Mosher by letter, giving a cares fully written history of their cases, describing their symptoms minutely as possible, which will enable him to make correct diagnosis, and judge very accurately of the curability of the disease, and to apply proper remedies. Medicine forwarded either by mail or express; and all medicine prescribed by Dr. Mosher is prepared under his own personal supervision. He treats all diseases without mercury or other poisons, which always create disease of themselves.

The Doctor by his new RESTORATIVE TREATMENT cures all curable Diseases, and treats with success all affections of the Liver, Throat and Lungs, Catarrh, Epilepsy, Scrofula, Dyspepsia, Heart Disease, Rheumatism, Neuralgia, and all Nervous Diseases caused by over work, the indiscretion of youth, or the excesses of riper years, and whatever may tend to lower the latent force or the tone of life's vitality, causing physical debility, nervous exhaustion, insanity and premature decay.

Consultation personally or by letter, free, and strictly confidential.

Office and Residence, Corner Fourth and Jackson Streets, Nos. 405 and 407.

ADDRESS DR. MOSHER,

Postoffice Box 106. SIOUX CITY, IOWA.

SIOUX CITY SANITARIUM,

Private Lying-in Institute

FOR LADIES DURING PREGNANCY AND CONFINEMENT,

And a Thoroughly Equipped Private Medical and Surgical Infirmary for Women,

WOOD PARK, SIOUX CITY, IOWA.

One mile from business center. Telephone connections with all parts of the city and surrounding towns.

EVERY PHYSICIAN of extensive practice KNOWS from the many sad cases who have sought his aid or advice, the necessity of a Private Lying-in-Home for the SPECIAL and legitimate purpose of protecting UNFORTUNATE WOMEN from the arrows of public shame and a life of endless disgrace usually resulting from the one false step taken in a moment of confiding weakness.

Fully recognizing this necessity, I have selected and purchased a suitable site in a quiet suburban retreat, and built a HOME for this special purpose, with all modern conveniences and equipments, where all wishing to avail themselves of the best medical and surgical skill and care, with home comforts, will not be disappointed in patronizing me. Board from $7 to $15 per week (owing to apartments occupied and length of time they remain, etc., etc). Professional fees and attendance at reasonable rates (made known on application). Washing of personal clothing at laundry rates. Bedding, etc., after confinement, extra. Myself and wife reside in the institution, and give our personal attention to all cases. Rooms are private and patients are protected from any intrusion or exposure. Arrangements are also made when desired to find good homes for babies. Parties of respectability wishing to take a fine healthy baby as their own, call on or correspond with me at office or residence.

Physicians and all other parties interested are cordially invited to call on or address

N. E. WOOD, M. D.,

City Office, 401 Fourth, - - - - SIOUX CITY, IOWA,

Or Mrs. Dr. N. E. WOOD, at Sanitarium.

DR. DOUGLASS'

Portable Combined Turkish, Russian, Electro-Vapor & Sulphur

BATH APPARATUS.

(PATENTED OCT. 6, 1885.)

AGENTS WANTED. TERRITORY FOR SALE.

There has never been anything invented to take its place.
CAN GIVE ANY KIND OF A BATH.

Any person can run it with half an hour's instruction.
CAN GET UP STEAM IN SIX MINUTES.

DOUGLASS' DIPHTHERIA REMEDY

For Diphtheria, Croup, Quinsy, Bronchitis, Asthma, and all Throat Diseases, Colds, Coughs, Hoarseness, etc. Until the present there has appeared no remedy that would certainly reach Diphtheria. I am, I believe, in possession of as certain a cure for it as man can discover, and in order to have it doing its good work I place it on the market for sale, and any person, after faithfully employing the remedy as prescribed, and it fails to cure either Diphtheria, Quinsy, or Croup, it costs you nothing. It can be taken every hour without the least injury to the patients. It is not necessary to burn the throat with caustics or to use any swabs. The medicine can be swallowed according to directions without any bad effect, and will relieve the patient inside of twenty-four hours. All I ask is a fair trial and you will be convinced that it is the best remedy you have ever used for throat diseases of all kinds. **Price, 25c., 50c. and 75c. a bottle.** Try it. Send for Sample Bottle—FREE.

Prepared by DR. DOUGLASS, Sioux City, Iowa. ☞ **Agents Wanted.**

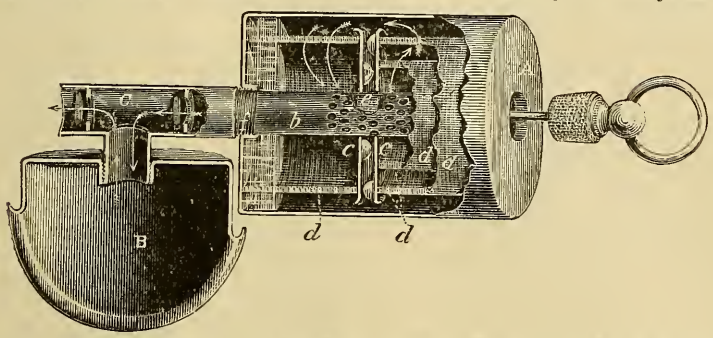
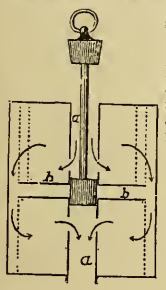
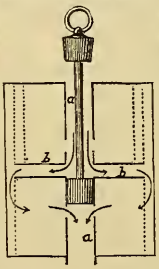
DR. YOUNG'S
COMBINED ANÆSTHETIC CAN AND INHALER
(CHLOROFORM OR ETHER.)

Safe, efficient, economical and convenient. Size, three inches long by three inches in diameter. Capacity, eight ounces. The anæsthetic may be kept in it constantly to be always ready.



The free admission of air cannot be prevented while in use, but the quantity of the vapor is varied at the will of the operator. Over 40 per cent. of the anæsthetic is saved, as there is no wasteful evaporation while administering. The expired air escapes through a valve. Especially desirable in Obstetric practice, as the patient can hold it herself, and when muscular relaxation ensues it drops from her hand. The piston is previously set by the operator, so that the patient cannot receive more than the proportion of chloroform desired. The construction is such that the liquid cannot run out in whatever position the instrument is held. The vaporizing device is kept moist by capillary attraction as long as any liquid remains in the can. The two small cuts show the direction of the vapor with the stopper at different points. The cap which fits over the nose and mouth is reversed over the body of the instrument when not in use, making it compact.



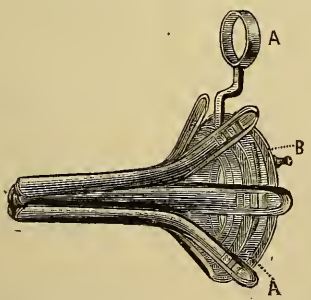


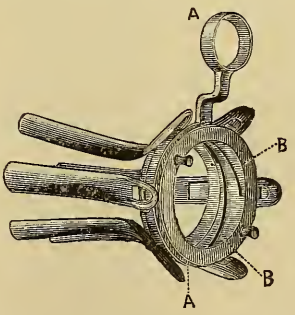
PRICE, $7.00.

Circulars with fuller description and testimonials sent.

F. J. YOUNG, M. D., Bridgeport, Conn.

YOUNG'S **UNIVERSAL** SPECULUM.





An expanding cylindrical speculum, readily changed into a quadri-valve, tri-valve, bi-valve, and a practical self-retaining "Sims," and into different sized instruments by varying the attachments of the blades. Capable of expanding from a diameter of less than three-quarters of an inch up to three and one-half inches at the uterine end and two inches at the outer extremity. In closing, alternate blades drop in ahead, so as to avoid pinching. It is painless to the patient, and self-retaining in all forms, giving a readier and better exposure of the "cervix" in all cases than any other Speculum made. It can be transformed into a self-retaining "Sims" by removing the three anterior blades, and replacing the two lateral ones by two blunt hooks made for the purpose, which hook under the ramus of the pubis each side of the urethra, thus maintaining the Sims blade in position. It is taken entirely apart for cleaning, in which shape it is very compact for carrying. By using two of the blades only it becomes a good anal speculum. **Price, $6.00.**

MERRELL'S DIGEST

— OF —

Materia Medica and Pharmacy,

By ALBERT MERRELL, M. D.,

Member of the State Board of Health of Missouri, Professor of Chemistry, Pharmacy and Toxicology, American Medical College, St. Louis, Mo.

Octavo, 512 pp. Half Dark Calf, Red Edges. Price, $4.00.

This digest embodies the result of study and observation of its author, who has had unusual experience as a manufacturing chemist, analyst, teacher and physician. It has been designed to meet a frequently expressed want for a MANUAL AS COMPREHENSIVE AS A DISPENSATORY, yet more condensed, MORE EXHAUSTIVE THAN THE PHARMACOPŒIA, and yet containing in a limited space the information pertaining to the composition, pharmacy, therapeutic applications and doses of EACH DRUG used by physicians of the different schools of medicine in America, that is required for its manufacture or rational employment in practice. It furnishes a complete and exhaustive list of all the drugs of the materia medica, OFFICINAL and UNOFFICINAL, their history, constituents, solubility and tests; their preparation, uses, doses, etc., arranged in a phabetical order, for easy and quick reference. It contains also, useful Tables, Rules for diluting alcohol, Re-agents and Tests for Laboratory work, tests for ascertaining impurities in chemicals, etc., with much other useful information, together with a very full index, of twenty-two pages, which greatly facilitates handy reference to the contents.

From the Druggist, Chicago.—"Taking the book as a whole, it is of decided value. It gives a clear, comprehensive review of the agents of the Materia Medica used by all schools of Medicine and the pharmaceutical procedures adopted by them."

From the Cincinnati Medical News.—"In brief, we have no hesitation in saying that the work is a very excellent treatise on Materia Medica, containing all that the physician or student would expect to find treated. In not a few respects it is of superior merit."

From the Druggists' Circular and Chemical Gazette, New York—"The treatise is indeed a model."

From the American Chemical Review, Chicago—"In clearness of style, simplicity of classification, and preciseness of directions, the treatise is indeed a model, and will be found alike instructive and useful for the physician and druggist."

From the New York Medical Times—"The author has prepared his work conscientiously, and with rare ability and skill. . . . . The work carved out from beginning to end in a thoroughly honest and philosophical spirit, is, in every sense of the word, an admirable epitome of Materia Medica and Pharmacy.

From the Chicago Medical Times—"It is brief, concise, and full of good things, and should be read by every physician who desires to keep posted in therapeutics."

Alex. Wilder, in Medical Tribune—"The conciseness, the simplicity, and at the same time the completeness, cannot be too highly praised. . . . . What has been done has been well done. It is a thorough digest of what is known and supposed, and will tend to fix the ideas of practitioners in the principles which underlie their profession. Its claims as scientific will pass in any candid and competent body of learned men."

☞ Sent by mail upon receipt of the price.

PEACOCK'S BROMIDES

(SYR: BROM: COMP: PEACOCK)

NERVE AND BRAIN SEDATIVE.

Each fluid drachm represents fifteen grains of the Combined C. P. Bromides of Potassium, Sodium, Calcium, Ammonium and Lithium.

USES.—Epilepsy, and all Congestive, Convulsive, Spasmodic and Reflex Neuroses.

DOSE.—One to two Fluid Drachms, in water, three or more times a day.

CAUTION.—The Popularity of "Peacock's Bromides" has caused several parties to claim that they can put it up "just as good." THIS IS NOT TRUE. No mere simple combination of Bromide Salts IS AT ALL COMPARABLE with this preparation in Purity, Safety and Therapeutic Value, and due caution should be used to prevent substitution in ALL cases.

Sample and Pamphlet FREE to any Physician who will pay Express Charges.

Portable Bath Apparatus,

(Patented Sept., 1877.)

For the Easy, Safe, and Effective Administration of TURKISH, HOT AIR, VAPOR, MERCURIAL VAPOR, DRY FUMES, HERB, and every description of

MEDICATED BATHS.

The great aid and advantage which these baths would impart to a physician's practice are self-evident, and will be keenly appreciated by the practitioner who introduces them into his practice.

Electricity can be combined with these baths with excellent results.

Physicians have and can more than double their income by using this Bath in their office and family practice.

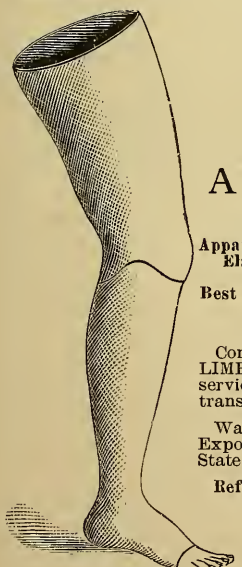
Physicians, Druggists, or others wishing to secure the control or exclusive right to use or sell this Bath Apparatus in their town, city or county, can do so on favorable terms, by addressing

DR. HIRLEY,

St. Louis, Mo., or Hot Springs, Ark.

These Baths are equally as good and in many diseases more beneficial than the famous Hot Springs of Arkansas.

SEND FOR CIRCULAR.



LATEST IMPROVED

ARTIFICIAL LIMBS.

Patented March 24th, 1885, and April 14th, 1885.

Dr. C. W. BENSON'S

Dermatological and Neurotic Institute

FOR THE TREATMENT OF

Skin Diseases and Diseases of the Nervous System,

Where patients suffering from any form of these diseases can secure the Best Medical Treatment and Medicines for their Cure.

Dr. BENSON has fitted up an elegant suite of Parlors and a Consultation Room adjoining, containing every comfort and convenience for the pleasure and benefit of his patients; and he is thoroughly prepared in every particular to successfully treat Skin Diseases and Diseases of the Nervous System, having all the latest approved apparatus and appliances for the proper diagnosis of disease and the application of the remedies. He treats many cases quite successfully by correspondence throughout the country, and sends the medicine by mail or express: but at least one personal examination is better in every case, if it is possible. But when the patient cannot come, a minute description of the character and symptoms of the case, with the family doctor's opinion of what the disease is, will generally enable him to treat the case successfully.

SUPERFLUOUS HAIRS.

Superfluous hairs on ladies' faces and necks have always been considered a blemish for which there was no permanent remedy, but science has recently proved equal to this great and growing demand, and it is now a fact settled beyond all question that the ELECTROLYSIS, or Electric Needle process, in the hands of a skillful operator, will permanently and forever remove them. The electricity kills the hair follicles. I perform the operation every day, and always with success, which I guarantee in every case. Ladies desirous of seeing me on this subject will please write or call and make engagements for sittings.

DR. C. W. BENSON.

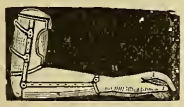
CELEBRATED PATENT



ARTIFICIAL LIMBS

Have all the Motions of the Natural Ones.

PERFECT SATISFACTION IN FITTING OR NO PAY ASKED.

A Large Assortment of Trusses, Abdominal Supporters, Shoulder Braces, Elastic Stockings, Crutches, etc., at reasonable prices and the best workmanship.

I will attend to the fitting of each instrument, and guarantee satisfaction. A lady will attend to lady customers.

The following certificate from a noted Surgeon is of interest:

NEW ORLEANS, Dec. 14th, 1881.

"I do not hesitate to say that I have been agreeably surprised at the facility and ease with which Mr. J. L. Gubernator uses an Artificial Leg made by Mr. McDermott of this city, and said to be on the Bly Patent. Having amputated Mr. Gubernator's limb, I feel interested and pleased with the result. Respectfully, A. W. SMYTHE, M. D.

ELECTRICAL MEDICATION.

Teaches how to treat numerous acute and chronic diseases with electricity. It teaches how to control inflammation with electricity to a certainty, thereby saving lives, by using it in conjunction with medicines, that would perish or die without it. Thirty years' experience with medicines, eighteen years of the time a clinical experience with electricity, justifies the above assertions of the author.

REFERENCE REVIEWS.

J. J. Lawrence, A. M., M. D., editor of *Medical Brief*, St. Louis, Mo., April, 1885, says: "Electrical Medication is worth many times the price asked for it. (Send for it.)"

J. S. Zerbe, editor *American Inventor*, March, 1884, says in conclusion of a review on Electrical Medication: "Dr. Tipton is to be congratulated for the successful manner in which he has presented the subject."

D. B. Goldsmith, M. D., Ramsey, Fayette Co., Ill., June, 1883: "I have read all the works of prominent electricians of Europe and the United States, but saw nothing based upon common sense and backed up by logical reasoning until I read your book."

Homœopathic News, St. Louis, April, 1882: "Physicians desiring to adopt the battery in their practice will find this a comprehensive and practical work."

American Medical Digest, New York, April, 1882: "From reading this work we are impressed with the author's true discipleship and his specific adaptation of electrical medicine to almost every malady to which man is heir."

Minnesota *Medical Mirror*, Cambridge City, April, 1882: "The very liberal and reasonable deductions of the author are convincing at once that he is not riding a hobby," etc.

American Medical Journal, St. Louis, Mo., April, 1882: "The subject of Electrical Medication is presented in a different manner from that to be found anywhere else. In this book we have a practice of medicine characterized by variety—electricity and all therapeutic agents employed by all branches of the profession."

E. O. Neil, M. D., Member Royal College Physicians and Surgeons, England—See review in the work.

From the *G. E. Medical Journal*, Atlanta, Georgia, 1882 (conclusion of review): "Dr. Tipton has presented these subjects of Electrical Therapeutics in a manner that will not fail to interest every reader; nor has he made a humorous hobby out of it."

We could furnish any number of endorsements similar to the foregoing and following.

Dr. J. A. Dougherty, United States Medical Examiner for Pensions, says: "The work is worth its weight in gold; entirely unlike anything of the kind that I have read."

☞Upon receipt of $3.00 I will mail the book to any address by return mail, post-paid.

OXFORD RETREAT,

OXFORD, OHIO.

D. A. MORSE, Superintendent.

THE RETREAT is a private Institution for the treatment of all forms of

NERVOUS AND MENTAL DISEASES

Including Epilepsy, select cases of Inebriety, the Opium Habit, and Nervous Disorders of Children.

The Retreat, now in successful operation, is extensive (over 100 rooms), well arranged, well fitted and furnished, with beautiful grounds (35 acres), and every facility desired; vapor, medicated and electric baths. Morphine cases treated with little suffering and inconvenience. Select cases of Inebriety received. Separate apartments for different forms of disease. Incurable cases cared for by the year at reduced rates. Special attendants furnished if desired. Regular night as well as day attendants for epileptics and others requiring it. The first floor is reserved for nervous disorders. **The Retreat is endorsed by the profession.**

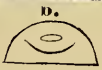
Barry's Clinical Thermometer.

Patented Sept. 9, 1884.



This instrument embodies the following improvements (reference being had to the annexed cut). The tube is of a similar shape, through which construction it is not liable to roll, and breakage is prevented. Besides, being broad and flat, the lines and figures are made more prominent, and are readily seen, both when the instrument is held vertically or when it lays flat on a table. It is a fact known to all responsible dealers, Thermometers that are made and finished new lose one degree of accuracy in one year. This is due to the natural contraction of glass before it assumes an absolutely homogeneous state. I will fully guarantee the quality of these Thermometers, as they are WELL SEASONED BEFORE THEY ARE MADE UP. Should you at any time desire this instrument (or any instrument of my manufacture) tested, I will do this, if sent to me direct or through those from whom you received them. In either case I will forward information as to their varied condition. Your attention is especially called to the above cut; A indicates the contracted part of the tube, and B an enlarged cross-section thereof.

The patent covering this instrument bears date September 9th, 1884, covering broadly all Clinical Thermometers having a flat back, a face semi-circular or nearly so, containing the graduations, etc., as therein described.

NOTICE.—I caution the public to beware of imitations, whether such be offered in plain, colored or twisted glass. Please note if my name and date of patent be on each instrument.

Price, $15.00 per doz. I will forward a sample in Pocket Case to any address for $1.25.

Also my Ordinary Clinical Thermometers, VERY OLD, WITH CERTIFICATES OF CORRECTION from Yale College. A sample to any address for $2.00.

Your attention is also called to my STANDARD THERMOMETERS for Chemists, Electricians, Incubators, and all other thermometrical instruments.

Renewable Term Insurance Challenges Criticism

AS ADOPTED BY THE

PROVIDENT SAVINGS LIFE

ASSURANCE SOCIETY,

No. 55 LIBERTY ST., NEW YORK CITY.

The SAFEST, most EQUITABLE and LEAST EXPENSIVE system ever devised.

AVOIDS the high cost of level premiums on the one hand, and of Assessment Insurance, which is without science or security, on the other.

ACTUAL cost of Insurance in THE PROVIDENT SAVINGS during the calendar year 1884, less than $10 per thousand.

The payments by a Life Insurance Company for death claims and expenses constitute the COST of insurance, any excess going to surplus or reserve. That company which shows the smallest percentage of outgo for these two items combined gives insurance at the lowest rate, and proves superior skill in the selection of risks, or the greatest economy in management, OR BOTH.

Among ALL the life insurance companies in the United States, the PROVIDENT SAVINGS LIFE ASSURANCE SOCIETY of NEW YORK showed for the year 1885:

1, Smallest outgo for Death Claims		**$5.01**	**per $1,000**
2, " " for Expenses		**4.25**	**" "**
3, " " for Deaths and Exp		**9.25**	**" "**
4, Largest Assets to Liabilities		**$287**	**to $100**
5, " increase in New Business		**125**	**per cent.**
6, " increase in Surplus		**13.56**	**" "**

SHEPPARD HOMANS, President and Actuary.

☞ Send for prospectus, or call in person. **WM. E. STEVENS, Secretary.**

The New York Life Insurance Company,

WILLIAM H. BEERS, President. 346 & 348 Broadway, New York.

ORGANIZED, 1845.

CASH ASSETS, January 1, 1886 ..... **$66,000,000.00**

SURPLUS (State Standard), January 1, 1886 ..... **13,000,000.00**

The NEW YORK LIFE, while holding fast to all that is good in the theory and practice of Life Insurance, seeks to adapt its policies to the actual facts of life, and not to an antiquated theory of what might be. It keeps always in view the circumstances and needs of the average man. And seeing that, of men living between the ages of 30 and 50, about one-third—*and only about one-third*—will die before the survivors are 65, the company's policies are written to cover the needs of the two who will live, as well as the needs of the family of the one who will die. With this end in view, it offers *a form of policy issued by no other company*, known as the "Non-forfeiting-Tontine, Limited-Endowment Policy," which secures to the insured the following

SEVEN ADVANTAGES:

FIRST ADVANTAGE—Insurance for a definite amount, or for an amount increasing with each premium paid, as desired.

SECOND ADVANTAGE—A definite cash endowment, and a tontine dividend, to policies in force at the end of endowment and tontine periods, which periods correspond, and may be either ten, fifteen or twenty years.

THIRD ADVANTAGE—Insurance for the full amount of the policy, extended for as long a time as the value of the policy will carry it, within the endowment period, in case of discontinuance of payment of premiums after three years.

FOURTH ADVANTAGE—A grace of one month in the payment of premiums, during which time the policy-holder's security is unimpaired.

FIFTH ADVANTAGE—Three valuable options, including cash value, to policy-holders who survive their tontine and endowment periods and keep their policies in force.

SIXTH ADVANTAGE—Practical freedom of action with respect to occupation, residence and travel.

SEVENTH ADVANTAGE—The payment of death-claims immediately upon the approval of the required proofs of death.

☞ Do not insure until you have seen full particulars of this policy. Do not fail to write the nearest agent, or the Home Office, for such particulars—**at once.** The NEW YORK LIFE INSURANCE COMPANY, 346 & 348 Broadway, New York City.

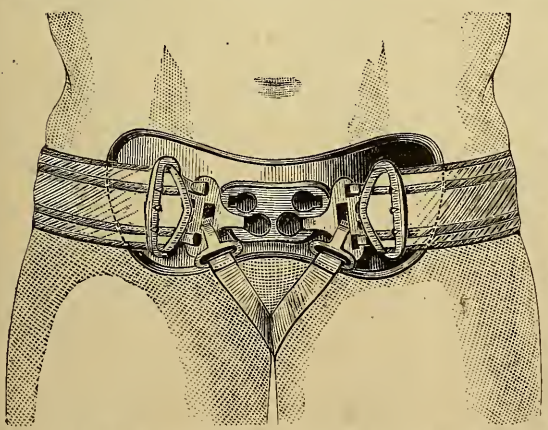
THE JONES

Ventilated Trusses and Abdominal Supporters.



Although these Trusses have been sold throughout the country for more than ten years, they are not known to very many physicians. Nothing has ever been produced so easy and so effective for the great majority of Hernial cases as these instruments. As shown in the cut, the nickel silver plate, while holding the finely perforated pads firmly in position, also supports the lower abdomen, and being kept in place by a flexible band and perineal straps made of soft material, is worn by night as well as day, without inconvenience and with the best results. By their use sufferings incident to the heavy pressure of the steel springs commonly worn is done away with, as thousands of testimonials in our possession abundantly testify.

Any physician desiring to try one of these Trusses in his practice can have one mailed to his address at one-half our regular list price, with privilege of return by mail if it does not prove satisfactory.

Private formulas a specialty. Price list and samples gratis to physicians. **James W. Gedney, 1714 1st Ave., N. Y.**

BEEF PEPTONOIDS

The Only Perfect Food Ever Produced.

THE NUTRITIVE CONSTITUENTS OF BEEF AND MILK WITH GLUTEN.

EACH OUNCE OF POWDER REPRESENTS 10 OUNCES OF BEEF, WHEAT AND MILK.

1st.—BEEF PEPTONOIDS, as now prepared, is both *pleasant to the taste and smell.*
2d.—There is no food preparation that compares to it in nutritive properties.
3d.—It contains over 98 per cent. of nutritious matter.
4th.—One ounce of Beef Peptonoids contains more nourishment than five pints of beef tea, prepared from eighty ounces of beef.
5th.—BEEF PEPTONOIDS is the only preparation, rich in nitrogenous matter, that is pleasant to the taste.
6th.—It has the advantage of being easily and quickly prepared for use.

BEEF PEPTONOIDS received the only Gold Medal and Highest Award at the International Health Exhibition, London, 1884, after a critical examination of numerous food productions by a Jury composed of the best Chemists in Europe.

"Beef Peptonoids is by far the most nutritious and concentrated food I have ever met with. Indeed, a palatable and assimilable and in every way acceptable article of food, containing nearly seventy per cent, of purely nutritive nitrogenous material, has never before, to my knowledge, been offered to the Medical Profession or to the public."
Prof. JOHN ATTFIELD, London.

"Beef Peptonoids has an extremely high nutritive value. It is easily digested, and is a valuable nutritive food for invalids and convalescents. Its odor and flavor surpass every preparation of meat ever examined by me. It merits my fullest endorsement." DR. STUTZER, Bonn, Germany, Director of the Imperial Chemical Laboratory for Rhenish Prussia.

"Beef Peptonoids is the most concentrated nitrogenous food I have ever examined. It is a complete food, consisting of 95 per cent. of assimilable solids of the most nutritious character." Prof. C. R. C. TICHBORNE, Dublin, Ireland, Professor Chemistry Carmichael College of Medicine, Fellow of the Institute of Chemistry. President Pharmaceutical Society of Ireland, etc.

Price, in four-ounce packages, $1.00; also, for convenience and economy, we put up Beef Peptonoids in 16-oz. tins, which will be sent to any physician's address, post paid, on receipt of $2.50. Sample mailed on application. Thanking the profession for generous support in the past, we remain, Very respectfully,

REED & CARNRICK, New York.

Waterman's Ideal Fountain Pen.

It is the only fountain holder that uses a gold or steel pen, and is *always ready and writes continuously without shaking.* It is the simplest (only four parts) and cleanest in use or in the pocket, as well as the readiest. It uses any good ink, and holds enough to write continuously from 10 to 25 hours.

"I find the Waterman 'Ideal Pen' the very best of all the Fountain Pens that have been upon the market during the past thirty-five years.—REV. THOMAS K. BEECHER, D. D., Elmira, N. Y.

"I constantly carry one in my pocket, and would not be without it for ten times its cost."—B. T. BABBITT, Soap Manufacturer, New York.

"I have two of your 'Ideals' in use, and would as soon think of returning to the old-fashioned candle at night, in place of gas, as to the use of steel pens and the abominable ink-pot.—JOS. C. GUERNSEY, M. D., Philadelphia, Pa.

"I write almost exclusively with the Waterman 'Ideal Pen,' and I find them not only better than any other, but I have no fault to find with them."—HENRY LABOUCHERE, Editor *London Truth*, England.

"Every physician should write his prescriptions in ink."—Medical Record.

It is warranted to give satisfaction, or purchase money will be refunded. *Your favorite pen can be fitted*, and the character of your writing preserved.

Send for a circular with full price list and testimonials. **Agents wanted.** Mention this Directory.

L. E. Waterman, Sole Manufacturer, **155 Broadway, New York.**

The Ideal Pocket, for pens and pencils of all sizes, holds from 1 to 6 securely at the same time. It fastens itself, and is easily changed from one vest pocket to another. Price of pocket, nickel-plated, 15 cents.

The New York College of Veterinary Surgeons is the ONLY VETERINARY INSTITUTION IN THE STATE OF NEW YORK which has an unquestioned authority to confer degrees and grant diplomas. Its Faculty endeavor by lectures, recitations, clinical teaching, and practical exercises, to thoroughly qualify the students for the practice of veterinary medicine. Special facilities are offered for clinical instruction, not only in the hospital connected with the College, but also in the various private hospitals devoted to the diseases incident to domestic animals.

Histology, Chemistry, Microscopy and Pharmacy receive particular attention. The College has also a department for instruction in SCIENTIFIC AND PRACTICAL SHOEING, which will supply a want long felt for a better knowledge of this much neglected subject.

This Course offers to enterprising young men, and even graduates in medicine, who are waiting for practice, an opportunity to adopt a more lucrative branch in an extensive field in which there is little or no competition.

For further particulars and circulars, address,

D. C. COMSTOCK, M. D., Secretary of Faculty, 332 East 27th St.

CARL L. JENSEN'S
"CRYSTAL" PEPSIN

Has achieved fame in the following treatments

1. In most varieties of dyspepsia.
2. In all forms of debility.
3. As a solvent for muco-purulent matter.
4. Injected as a solvent for coagulated blood in the bladder.
5. As a solvent for diphtheritic patches and membranes, using a hot acidulated solution not above 130° Fahr. as a spray or with a throat mop.
6. Mixed with food for rectal alimentation.
7. Injected into cavities through an aspirator needle for the solution and removal of diseased accumulations.
8. For predigestion of milk, to each pint of warm milk add a few grains of the Pepsin previously dissolved in a little lemon juice. Decidedly superior and more economical than pancreatin as a peptonizer.

Physicians unacquainted with the merits of this very popular Pepsin will receive a small sample gratis, or an ounce bottle postpaid on receipt of $1.65.

Pure concentrated Beef Peptone in scales, 50 cents per ounce.

DR. STRONG'S
REMEDIAL INSTITUTE

Saratoga Springs, N. Y.

Is open all the year as a resort for persons needing Treatment, Rest, Change or Recreation.

Among its remedial appliances—available only in an institution—for the treatment of Nervous, Lung, Female, Malarial and other Chronic Diseases are, viz: Turkish, Russian, Roman, Electro-Thermal, French Douche, and all other Hydropathic Baths; the Pneumatic Cabinet Vacuum Treatment, Swedish Movement, Massage, Faradic and Galvanic Electricity, Inhalation of Compressed and Rarefied Air, Health Lift, Calisthenics and Mineral Waters.

The Cathartic, Tonic, Diuretic and Alterative Springs—as efficient in winter as in summer—with our dry, uniform, tonic and anti-malarial climate, invite invalids here at all seasons of the year. The advantages of a well regulated Hygienic Institution, with such remedial appliances (of the best quality) for the treatment of special cases in the hands of *regularly educated physicians* must be obvious. The institution has the best possible location, and is COMPLETE and ELEGANT in all its appointments; it is heated with steam and thoroughly ventilated, and its Remedial and Boarding departments are first class; its Gymnasium and extensive piazzas afford opportunity for exercise at all times, constituting it a most desirable winter as well as summer home. It has an Organ, Pianos, and abundant means of entertainment; its society is choice, as it is the resort of leading men in Church and State for rest and recreation as well as treatment. Saratoga is a beautiful village of 12,000 inhabitants, has delightful walks and drives, also excellent yet cheap livery.

Saratoga has become somewhat of a winter as well as summer resort. Its elegant sleighing, tobogganing and other winter sports give life to the village, tend to prevent introspection and invite the overtaxed or the invalid into the out-door air of this dry, bracing climate. Saratoga is in the lower arc of the Adirondack Zone, with the Adirondack climate most beneficial to persons residing in damp atmospheres. The Institution is largely patronized by the profession.

☞Special rates to physicians and their families. Full particulars are given on application, also private professional references to physicians when desired.

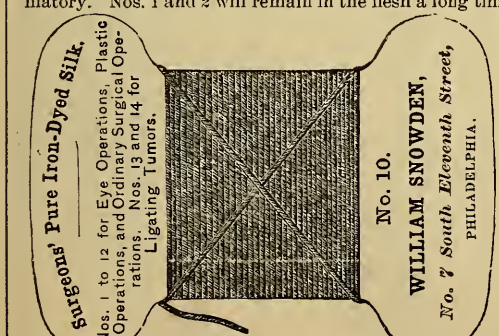
IRON-DYED SILK LIGATURE is the best and cheapest for general use. It is round, not plaited, well finished and durable. Can be waxed, oiled or carbonized. Can be readily seen. Is not Inflammatory. Nos. 1 and 2 will remain in the flesh a long time without causing irritation. It is the best for plastic surgery. Is the most delicate strong ligature. No. 14 is as strong as ever needed. Does not soften or loosen itself as catgut does. **Price, per Reel, 10 cents.**



Surgeons' Pure Iron-Dyed Silk.
Nos. 1 to 12 for Eye Operations, Plastic Operations, and Ordinary Surgical Operations. Nos. 13 and 14 for Ligating Tumors.
No. 10.
WILLIAM SNOWDEN,
No. 7 South Eleventh Street,
PHILADELPHIA.

A sample card of the Iron-Dyed Silk (14 sizes) will be sent to any address on application.

Used by Profs. Pancoast, Gross, Levis, and other leading surgeons.

"I think the Iron-Dyed Silk the best I have ever used. HUNTER MCGUIRE, M.D., "Richmond, Va."

"Black silk has two advantages over white silk. In the first place, it is more readily seen on the white surface; secondly, it is blackened with a salt of Iron which is not injurious to the parts with which it comes in contact. White silk is whitened with a salt of lead, which has certain injurious properties, and is more liable to produce suppuration. "ALFRED C. POST, M.D., LL. D."

"The Gynæcological Clinic, in Berne (Switzerland), uses this silk almost exclusively. "G. BECK, M. D."

RUPTURE

Radically Cured Without an Operation or Loss of Time.

TO PHYSICIANS :

We say to you all, **we do cure Hernia,** and it will pay you to investigate our claims, as we cordially invite all physicians to call and examine our appliances and get our theory on the cure of Hernia, by the only scientific method, except an operation, which must always cause pain, danger, and loss of time, while the results are doubtful at best. Therefore, our treatment is **surer, safer,** and in every way better than an operation, as every intelligent physician must understand, if he will take the trouble to call and see us and investigate our claims. We would ask that you do not confound this with the claims of ignorant pretenders, who copy our circulars and try to imitate our treatment, but with as little **practical success** as the parrot, who imitates the human voice, without himself understanding it. Our pamphlet will be sent free to all physicians who mention the *Medical Summary.*

Respectfully,

C. W. H. BURNHAM, M. D.,

GENERAL SUPERINTENDENT

TRIUMPH TRUSS CO.

[Established, 1872.]

ST. MARC HOTEL, cor. Pennsylvania ave. and 7th, WASHINGTON, D. C.

N. B.—We have on hand and make to order all the latest and most improved styles of Trusses, Supporters, etc., at the very lowest prices, while every truss applied at our office will be fitted by a PRACTICAL TRUSS EXPERT, with a thorough knowledge of Anatomy and all that pertains to the successful adaptation of a Truss to Hernia in every form.

☞ **Special terms to physicians.**

CASCARA CORDIAL

The most eligible preparation of Cascara Sagrada for the treatment of

Habitual Constipation, Dyspepsia, Hemorrhoids and Allied Affections,

And the most convenient and generally acceptable vehicle for the administration of nauseous medicines.

In Habitual Constipation—The great desideratum in the treatment of chronic constipation has heretofore been a remedy which would not only alleviate temporarily the existing malcondition, but permanently remove the cause upon which it depended for its continuance, and thus effect a radical cure. The extensive trial of Cascara Sagrada by physicians of this country and Europe has shown it to be the drug that most fully meets these indications.

As a Vehicle for Nauseous Medicines Cascara Cordial has become widely known to the profession. It not only effectually disguises the taste of such inherently bitter medicines as Quinine, but on account of its laxative properties, is a most valuable adjuvant or corrigent to any prescription containing drugs, such as iron, the continued administration of which tends to constipate.

To Dispel the Acute Effects of Alcohol and Opium Abuse—From letters received from physicians we are led to call the attention of the profession to the use of Cascara Cordial by those addicted to the alcoholic and opium habits. The headache and gastric irritation following excessive indulgence in alcohol is avoided by adding a little Cascara Cordial to the alcoholic stimulant taken, or by taking a full dose of the Cordial on retiring, after too free indulgence. The severe constipation also often attending indulgence in opium may be relieved by the systematic administration of Cascara Cordial.

BUSH'S FLUID FOOD.

BOVININE,

—OR THE—

Vital Principles of Beef and Mutton Concentrated.

The expressed juices of Fresh Meat, combined with pure albuminoids, forming a perfect Food, rich in nitrogenous constituents and wholly free from insoluble elements, containing no medication whatever, being a highly condensed nutriment, rapidly assimilated by the weakest digestive organs, capable of sustaining life for an indefinite period, and adapted to the wants of humanity from infancy to old age.

In Wasting Diseases it supplies the tissues with new and vitalized blood and stimulates the system to expel all poisonous and irritating accumulations most effectually.

It is the only Food that will satisfy the craving hunger of Consumptives. Puny Infants and Children thrive wonderfully from its use.

In the British Medical Journal, Dr. Fothergill says that a patient dying of exhaustion is generally dying of starvation. "We give him beef tea, calf's foot jelly, alcohol, seltzer and milk; that is, a small quantity of sugar of milk and some fat. But the jelly is the poorest sort of food and the beef tea a mere stimulant. The popular belief that beef tea contains 'the very strength of the meat' is a terrible error; it has no food value whatever."

During the last four months of his sickness, the principal food of my father, Gen. Grant, was BOVININE and Milk.

October 1st, 1885. **FRED D. GRANT.**

As a **Raw Food Extract** in which the albuminous portions are uncoagulated by heat, thereby rendering it easily absorbed by the enfeebled gastric forces, it stands unique before the world. ☞ **Sample bottles to Physicians on application.**

J. W. DAWSON'S

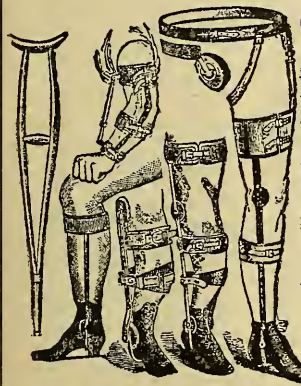
EXTERNAL ADJUSTABLE STEM UTERINE SUPPORTER,

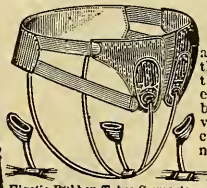
And Improved Abdominal Supporter,

FOR MECHANICAL TREATMENT

Of Prolapsus, Retroversion, Anteversion and the Flexions.

MANUFACTURER OF
SURGICAL APPLIANCES,
DEFORMITY APPARATUS
TRUSSES, CRUTCHES, ELASTIC STOCKINGS, SUSPENSORIES, BRACES, ETC., ETC.





Elastic Rubber Tubes Supporter

THIS SUPPORTER

Fills a want long felt for an adjustable stem, and the prime feature of this is the external manipulation of the stem. In length it has one inch of extension after insertion, the canal being elongated by degrees at intervals, giving time for the liguments to contract, so when the womb reaches a normal position it will be permanent. When the Supporter is to be discarded, contraction of the stem by degrees is equally important.

Supporter applied, showing Mode of Manipulation.

This principle of adjustment is possessed by no other supporter, patented June 25, 1878. The internal portion is made of pure black hard Rubber, with a high degree of polish, and perfectly adapted to the form of the Cervix.

For extreme *Versions* and *Flexions* I make a special large cup, with extended lip to reach high up under the fundos of the womb, open bottom, to relieve the os of pressure, for ulceration, enlargement, etc.

My *Silver Spring Supporter*, the point of attachment to belt is so pliable as to permit the organ to rise and fall with each respiration. The wire supporting frame is made of solid coin silver, stamped coin and warranted. It is attached to the stem by a hinge joint, under the base, which also forms an angular shoulder to prevent the cup from pressing back against the rectum.

The Improved Abdominal Supporter consists of a broad Morocco Belt, with elastic straps attached to the lower front edge. By tightening these straps, a "*lift up pressure*" is obtained. You can readily see that this is a great improvement.

My Reduced Prices to Physicians.

Abdominal Supporter, with Elastic Tubes, Cup and Adjustable Stem	each,	$4.50
" " " " " " Non-adjustable Stem	"	3.00
" " " Silver spring " " Non-adjustable Stem	"	5.00

ACME
Disinfectant, Deodorizer,
AND GERMICIDE.

Purifies a tainted atmosphere. Neutralizes noxious gases. Removes offensive odors. Destroys disease germs. Prevents the spread of contagious diseases. Being odorless and incapable of injuring Bedding, Carpets, etc., peculiarly adapts it for

A HOUSEHOLD DISINFECTANT,

And an indispensable article for the

SICK ROOM.

This valuable preparation is manufactured in a highly concentrated form, and when diluted as per directions is at once the most economical as well as the most effective disinfectant ever offered to the public. We desire to caution customers and the trade generally against imitations of our goods. See that the name "ACME" is on the package, and there will be no disappointment in results.

Sold in Barrels, and in Cases of One Dozen Quarts, at Popular Prices.

Furnished on Application.

COMMON SENSE

Nursing Bottle

THE ONLY BOTTLE

THAT HAS NO FAULTS.

W. J. RIGGS, M. D., ALLEGHENY, PA., writes: "The 'Common Sense' is the only nursing bottle a physician can recommend without qualification. It is nearer perfect than any other bottle in the market. No bottle is fit for such purpose except one that admits of every portion of its interior being easily reached by wash-rag or fingers.

The Common Sense Nursing Bottle does that, and for that reason deserves to supersede all others."

For sale by Wholesale Dealers in all the principal cities.

WM. HUGHES, Sole Manfr.,

290 Beaver Avenue, - - ALLEGHENY CITY, PA.

HERBERT HALL.

A Home for the care and treatment of Persons afflicted with Mental Diseases.

FOR TERMS, &c., ADDRESS:

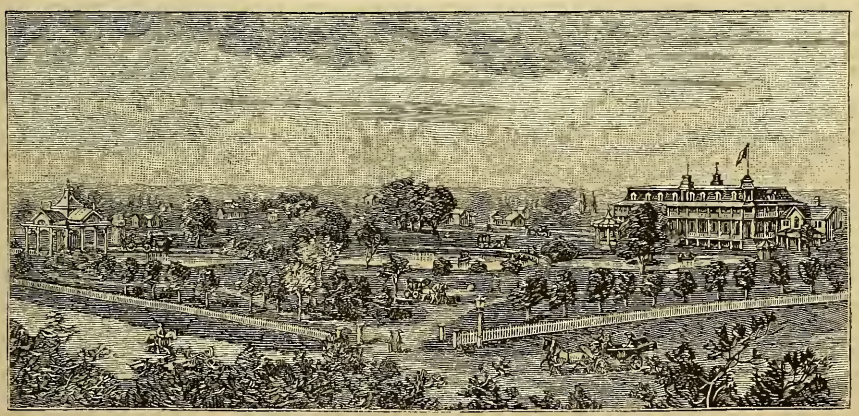
MERRICK BEMIS, M. D., ...

. . . . . HERBERT HALL.

TOWN OFFICE, 34 PEARL STREET,

OFFCE HOURS:
10 TO 12 A. M., AND 2 TO 4 P. M.

WORCESTER, MASS.



"VITA PARK," BEAVER DAM, WIS.

HERE is a great boiling Mineral Spring of pure cold water, with its grand palace pavilion; a fine Hotel and its Cottages, bath-house, lakes, row boats, arching bridges and hanging boughs, flowers and fountains, green sloping lawns, under large elm, oak and maple trees, billiards, bowling, swings, air castles, grottoes, rink, music and dancing, and every comfort and pleasure for the many who here come. Beaver Dam is 60 miles from Milwaukee, on the C. M. & St. P. Ry., has a population of over 4,000, stands at an altitude of 350 feet above Lake Michigan, has a pure, bracing atmosphere, is the handsomest town in the State, with an adjacent lake ten miles long. Any who desire further facts will please write me for a pamphlet. Truly,

G. E. SWAN.

P. S.—Vita Park has about 2,000 trees, which cannot be shown in a cut of this size.

CAULOCOREA.

The most important Therapeutic Agent ever presented to the Medical Profession in the treatment of the Diseases of the Female Reproductive Organs.

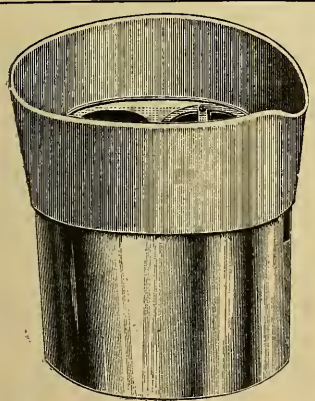
FORMULA.—Caulocorea is composed of the active principles of Caulophyllum Thalictroides, Viburnum Opulus, Prunifolium, Dioscorea Villosa, Mitchella Repens, Aletris Farinosa, combined with Spts. Aetheris Comp. and Aromatics.

This elegant Elixir is Emmenagogue, Parturient, Antispasmodic, Diuretic and Tonic, and is particularly efficacious in the treatment of Engorgement, Inflammation and Induration of the Uterus, Dysmenorrhœa, Menorrhagia, Leucorrhœa, Amenorrhœa, Prolapsus Uteri, Hysteria, Melancholia, Pruritus Vulvæ, Impaired Vitality, Vomiting of Pregnancy, Habitual Abortion and Uræmic Eclampsia. It being a powerful uterine sedative, is the remedy *par excellence* in Dysmenorrhœa or threatened Abortion.

DOSE.—Tablespoonful three or more times a day, as indicated. To females who are subject to convulsions during Gestation or Parturition, it should be given for several weeks previous to the time of the threatened paroxysm, alternating weekly with Bromide Potassium. For Dysmenorrhœa, give Caulocorea for a week previous to the appearance of the Catamenia. Immediately upon its appearance, should any pain ensue, give it every few minutes until pain is alleviated. In case of Habitual Abortion, give Caulocorea as soon as pregnancy is discovered, and continue until gestation is far advanced.

CAULOCOREA is put up in pound bottles for physicians' prescriptions only. To be had of all druggists. For handbook, containing more definite directions.

Address, **Dr. J. W. LOWELL & CO., F. V., Portland, Maine.**



Adams' Automatic Etherizer.

ABSOLUTELY SAFE.

ALWAYS WORKS.

The valves never get out of order.

SIMPLE IN CONSTRUCTION.

No springs to be replaced, the lightest breath operates the valves.

ECONOMICAL.

It saves 50 per cent. over the ordinary method of administration. The saving of ether will pay for it in a short time.

CHEAP.

It costs less than any other etherizer now in the market.

CONVENIENT.

It is small, light and always ready for use. The most inexperienced can use it with perfect safety.

In fact when once used no Physician or Dentist will be without one. It gives perfect satisfaction every time. One Physician writes, "I formerly used from *four* to *twelve* ounces of ether to produce Anæsthesia where now with 'ADAMS' ETHERIZER, a 4 oz. can of Squibbs Ether answers for *from two to four persons.*"

Packed in a neat box and sent by mail or express for **$5.00** each. With attachment for administering Nitrous Oxide, $6.00.

If sent by mail 15c, additional for Postage.

Send money by Post Office Money Order or Registered Letter.

Address all orders to **A. W. BROWNING,**

P. O. Box 4. **SPRINGFIELD, MASS.**

CO-OPERATIVE HOSPITAL and EYE and EAR INFIRMARY,

Hubbell, Geiger & Heddens,
Proprietors.

S. W. Cor. Felix and Ninth Sts,
ST. JOSEPH. MO.

This Institution will be conducted as a General Hospital, where all Chronic and Surgical Diseases will be treated by the best approved methods. All modern instruments and appliances known to Medical Science, with the various baths and electrical apparatuses, will be used in the Hospital The Eye, Ear, and Throat Department is fully equipped with all the necessary and newly devised instruments for treating that class of Diseases. A Lying-in-Department is also in connection with the Hospital. Patients entering this institution will be constantly under the care of experienced nurses. Boarding and nursing from $5 to $12 per week, according to the requirements of the case. Charges for professional services will be reasonable. The advantages to the patient of being treated in a private hospital must be obvious to all. To the busy general practitioner, who has neither time, inclination, nor suitable appliances to treat special cases, this hospital is offered as an institution that will possess all the facilities which are to be found in similar institutions elsewhere.

We solicit correspondence and invite physicians visiting the city to call and examine our Institution, as it is to THEM we look for patronage. All correspondence should be addressed to

DR. C. C. Hubbell,
Resident Physician

A New Treatment For Consumption, Asthma, Bronchitis, Dyspepsia, Catarrh, Headache, Debility, Rheumatism, Neuralgia, and other Chronic and Nervous Disorders.

A CARD.

We, the undersigned, having received great and permanent benefit from the use of "COMPOUND OXYGEN," prepared and administered by DRS. STARKEY & PALEN, of Philadelphia, and being satisfied that it is a new discovery in medical science, and all that is claimed for it, consider it a duty which we owe to the many thousands who are suffering from chronic and so-called "incurable" diseases to do all that we can to make its virtues known and to inspire the public with confidence.

We have personal knowledge of Drs. Starkey & Palen. They are educated, intelligent and conscientious physicians, who will not, we are sure, make any statement which they do not know or believe to be true, nor publish any testimonials or reports of cases which are not genuine.

WM. D. KELLEY, *Member of Congress from Philadelphia.*
T. S. ARTHUR, *Ed. and Pub. "Arthur's Home Magazine," Philadelphia.*
V. L. CONRAD, *Editor "Lutheran Observer," Philadelphia.*

PHILADELPHIA, PA., JUNE 1, 1882.

In order to meet a natural inquiry in regard to our professional and personal standing, and to give increased confidence in our statements and in the genuineness of our testimonials and reports of cases, we print the above card from gentlemen well and widely known and of the highest personal character.

Our "*Treatise on Compound Oxygen,*" containing a history of the discovery of and mode of action of this remarkable curative agent, and a large record of surprising cures in Consumption, Catarrh, Neuralgia, Bronchitis, Asthma, etc., and a wide range of chronic diseases will be *sent free.* Address Drs. STARKEY & PALEN, 1529 Arch Street, Philadelphia, Pa.

SANITARIUM

FOR THE TREATMENT OF

DISEASES OF WOMEN

No. 111 COURT STREET,

MEMPHIS, TENN.

Drs. MITCHELL & MAURY

Have opened an Infirmary for the accommodation of ladies who are suffering from diseases of a special character, and who have to leave home for treatment.

This Infirmary is intended chiefly for those whose disease requires some form of surgical operation for relief.

It is located in one of the healthiest portions of the city, and its rooms are large, well ventilated, and furnished in the most comfortable manner.

A kind and skillful nurse in attendance day and night.

Physicians desiring to send their patients from home for treatment, may feel assured that everything possible will be done here to provide for their comfort and safety.

To the inmates of the Infirmary, Dr. Maury gives his personal attention every day.

Further information will be given by letter when desired.

GARDNER'S

Unalterable Syrup of Hydriodic Acid

Hydriodic Acid (Iodide of Hydrogen), formerly discarded from the U. S. P. (1870) as useless and impracticable because of its almost instaut decomposition, rendering it entirely unfit for internal use, was abandoned by the Medical Profession, and had become obsolete. In October, 1878, the undersigned prepared this unalterable Syrup, thus rendering it for the first time available for therapeutic application. It will thus be seen that but for his efforts the remedial value of Hydriodic Acid would be unknown and unappreciated.

It would be obviously unfair that the subscriber should be held accountable for the effects produced by numerous imitations of his **Syrup of Hydriodic Acid** now offered by the trade. They are prepared in a different manner, are much weaker in Iodine strength, incapable of fulfilling the same therapeutic indications, and are offered by various parties to reap the advantage of the years of labor and the great expense of legitimate introduction by the undersigned.

Physicians are therefore requested to specifically designate Gardner's on their prescriptions if they desire the results which have given this preparation its reputation, acquired by a constantly increasing use during the past eight years.

Should this meet the eye of any Physician who has not yet received the pamphlet entitled "Hydriodic Acid, etc., 3d Edition, Nov., 1884," containing details, culled from Medical journals, of remarkable instances of successful treatment of Hay Fever, Asthma, Bronchitis, Rheumatism, Adenitis, etc.; also complete synopsis of Churchill's method of using Hypophosphites, indications for the use of the several Salts, contra-indicated remedies, etc. (64 pages), it will be promptly sent, free of charge, upon notification to the undersigned. Respectfully,

R. W. GARDNER,

158 William St., New York City.

DREXEL'S ESSENCE OF MALT.

We offer this as a scientific Essence, which is obtained by making a concentrated mash, in conformity with the laws governing the extraction of glucose and diastase, removing this by repercolation and allowing the extract to undergo slow vinous fermentation, in the manner as practiced by wine makers. The dose for adults is one tablespoonful three or four times daily, after meals; for children in proportion. One tablespoonful of our Essence is more strengthening than a wineglassful of other makes. **PRICES—40 and 75 Cents per Bottle.**

TESTIMONIALS:

This is to certify that I have examined a sample of Essence of Malt, manufactured by Theo. B. Drexel & Co., and consider it to contain all the nutritious and efficacious principles that play such an important part in the treatment of many diseases.

PHILA., October 29, 1885. M. FRANKLIN, M. D.

I fully concur in the above statement. Drexel's Essence of Malt is gaining a strong foothold in our therapeutics. LAMBERT OTT, M. D.

PHILADELPHIA, March 31, 1886.

MESSRS. T. B. DREXEL & Co.—Dear Sir: The "Malt Essence" originated by yourself, used in my practice, gave full satisfaction, and I shall continue to order it whenever a malt preparation is indicated. Wishing so good an article an extended sale, I remain respectfully,

A. B. HIRSH,
Chief of Orthopedical Department, Phila. Polyklinic and College of Graduates in Medicine.

I would respectfully suggest that Drexel's Malt be introduced into the Philadelphia Hospital Obstetrical Department and Nursery. The samples sent for trial gave satisfaction.

MARCH 19, 1886. JOHN M. KEATING.

Drexel's Essence of Malt is AT THE TOP. It is delicious, nutritious and exhilarating and "has become a favorite among the ladies."—*Medical World*, Dec. 1885.

GERMAN HOSPITAL, PHILA., June 1, 1886.

Having had ample opportunity to test Drexel's Essence of Malt as to its efficiency, etc., I here take pleasure in recommending the same, it being also palatable, and small doses answering all purposes. Very respectfully, GEO. A. BODAMER, Physician in Chief, German Hospital.

CURES

CATARRH, COUGHS, COLDS, ASTHMA, DIPHTHERIA, HAY FEVER, BRONCHITIS, NERVOUS HEADACHES,

And All Diseases Connected with the Breathing Organs,

NO. 46 SOUTH THIRD ST., COLUMBUS, OHIO.

SANDUSKY, O., March 3, 1885.

Dr. M. C. Beebe, Columbus, O.—Sir: Please send another bottle of the Inhalent. My little daughter, who has had asthma for eight years, has been more benefited by this simple means than anything that we have ever tried. Although we have consulted the best medical authority and changes of climate, the benefit would only prove temporary. Of course we have only been using it for a short time (about two months). But from being in a state which we considered dangerous she was immediately relieved, and is now as free from any symptoms of the disease as anyone. Her case is widely known and I feel glad to tell you the happy result of what we considered a mere experiment.

THE DANSVILLE SANATORIUM.

We invite the attention of the Medical Profession to certain advantages offered by the Sanatorium at Dansville, N. Y., as a resort for recuperation and rest, and for the scientific treatment of chronic diseases. In the practice of every physician cases are apt to occur which cannot be successfully treated at home, owing to the impossibility of properly regulating and controlling the social and domestic life of the patient. To meet this class of invalids the present Institution has been established.

The Sanitarium consists of a main building and nine cottages, all situated in the midst of a pleasant woodland park of forty acres, located on the eastern mountain slope, two hundred feet above the village of Dansville, and twelve hundred feet above the level of the sea. It is under the personal care and management of thoroughly educated physicians, all graduates of the best regular schools in America, some of them having spent several years of additional study in the hospitals of London, Paris, Berlin and Vienna.

For beauty of scenery, healthfulness of climate, purity of air and water, the Institution has no equal in our country. *Malaria is utterly unknown.* The main building, three hundred feet long and five stories high, of brick and iron construction, is *absolutely fire-proof.* It is heated throughout by steam, and is especially adapted for a winter Sanatorium. No expense has been spared to render it perfect in the minutest sanitary details. There are three systems of sewerage, and all the water closets are in an annex.

The plan of treatment is conservative and includes a proper regulation of the daily life of each patient. Every form of bath and therapeutic appliance of any value is employed, including the Molière Thermo-Electric, Turkish, Roman, Russian, Thermo-Electric, Massage, Electro-Massage, Dr. Taylor's Swedish Movements, and every form of electricity. The dietary is varied and well prepared. Abundant opportunities for recreation—in-doors as well as out—are afforded where desirable and entire freedom from the taxations of fashionable life is not the least of the advantages secured. A large corps of thoroughly skilled attendants minister to every want. Physicians sending patients to the Institution are cordially invited to keep in correspondence and consultation with the Faculty. For further particulars, address,

Drs. JACKSON & LEFFINGWELL,

"THE SANATORIUM," DANSVILLE, NEW YORK.

ITALIAN HOSPITAL

PRIVATE.

No. 5 University Place, New York City.

This is the first and only Institute of this kind under the management of an Italian physician in this country, open especially for the Latin people. The rooms are large, well ventilated and lighted; the location central, and every convenience for the very best care of patients.

Simple and Medicated Baths, Vapor Baths, &c.

JAMES HART,

DEALER IN

DENTAL GOODS OF ALL KINDS

No. 58 Saratoga Street,

3 DOORS WEST OF CHARLES ST.,

BALTIMORE, - MD.

☞ORDERS PROMPTLY FILLED.

MEDICINAL LOZENGES.

JOHN F. HANCOCK,

MANUFACTURER OF

Standard Pharmaceutical Preparations,

BALTIMORE, MD.

Below I name a few preparations prepared by me, formulated by Dr. Morell Mackenzie, of London, which are extensively prescribed by leading physicians: Benzoic Acid Lozenges, Carbolic Acid Lozenges, Catechu Lozenges, Cubeb Lozenges, Guaiacum Lozenges, Marshmallow Lozenges, Rhatany Lozenges, Sedative Lozenges, Tannic Acid Lozenges. I also manufacture all other lozenges formulated by Dr. Morell Mackenzie; also, Comp. Benzoic Acid, formula of Dr. Sam'l Johnson, of Baltimore, Md.: Comp. Rhatany, formula of Dr. J. H. Hartman, of Baltimore, Md.; Comp. Guaiacum, formula of Dr. Wm. Pepper, of Philadelphia, Pa.; Comp. Cubeb, formula of Dr. J. J. Chisolm, of Baltimore, Md.; Comp. Guaiac Ammonia, formula of Dr. G. L. Magruder, of Washington, D. C., and a full line of officinal and semi-officinal Lozenges, a list of which will be sent upon application, free to any address.

☞The attention of physicians is *especially* called to the following preparations, which are the result of long study. They are from my own laboratory, and compounded under my direct supervision:

Hancock's Aromatic Liquid Pepsin.—A pleasant and active preparation of pure Pepsin, highly endorsed by physicians who have prescribed it.

Hancock's Mistura Phosphatica.—A pleasant and rich demulcent of Cod Liver Oil, Egg, Glycerine and Jamaica Spirit.

Hancock's Liquor Senna-Dulcis.—A solution of Cathartic Acid, obtained by an improved process. It is free from the digusting taste of other Senna preparations, and does not usually gripe, excepting in large doses. In drachm doses daily, it is most effectual in curing habitual constipation, and it also is well suited for children and pregnant women.

Full information gladly furnished to those applying. My reference is to the "Physicians of Baltimore." Demand supplied through wholesale druggists, or through me direct. I shall be pleased to correspond with any physician, and answer all inquiries.

COHOTHEDRÆ COMPOUND,

THE NEW ANTIZYMOTIC.

The efficiency of Cohothedræ Compound in aborting attacks or in breaking down Typhodi Fever, has been fully demonstrated wherever used as suggested in working bulletin. Excellent results have been obtained by its use in the treatment of Puerboral and other Septic Fevers; also in all zymotic diseases. THERAPA: Antizymotic, antipyretic, mildly diuretic, sudorific, and slightly sedative to the nerve centres. In medical doses it is non-toxic. It does not reduce the number or force of the heart-beats, and is eliminated by the skin and kidneys. It is not unpleasant to the taste, and is retained by the most fastidious stomach.

DOSE, THIRTY-FIVE DROPS.

Analysis on each bottle, and Working Bulletin accompanying. Address,

J. O. DAVY & CO., Springfield, Ohio.

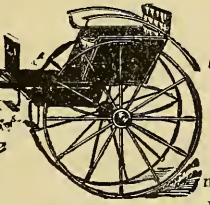
PERRY ROAD CART.

The first and only two wheeler ever produced that positively has no horse motion whatever.



ABBOTT BUGGY CO.

TIMKEN SPRING BUGGIES,

AND

PROPRIETORS "PERRY ROAD CART."

Read the following testimonials from the three first-named Professors in Rush Medical College:

RUSH MEDICAL COLLEGE, CHICAGO, June 18, 1884.

TO THE ABBOTT BUGGY CO., OR WHOM IT MAY CONCERN:

From the time when, nearly forty years ago, I went the rounds of practice in an ancient doctor's sulky, up to a few days since, when I bought a "Perry Road Cart" of the Abbott Buggy Co., I have experimented with all sorts of vehicles to ascertain which was least conducive to physical grief, and I gave the "Perry" the preference "by a large majority" over them all. With a suitable "roadster" in this, one may traverse even the rough streets of Chicago, like a good medicine, *cito, tuto, et jucunde.*

J. ADAM ALLEN, 125 State Street.

I fully concur in the expressions of Professor Allen regarding the "Perry Road Cart."

DELASKIE MILLER.

ABBOTT BUGGY CO. OFFICE OF DR. MOSES GUNN, 2101 CALUMET AVE., CHICAGO, Sept. 17, 1884.

Gentlemen:—In replying to your request for my opinion of the "Perry Road Cart" which you recently built for me, I have to express my unqualified approbation. The motion which is usually communicated to two-wheeled vehicles by the gait of the horse being overcome by the peculiar construction of your cart, it is a delight to ride in it.

MOSES GUNN.

EYE AND EAR INFIRMARY and SANITARIUM

McAdam Road, bet. Porter and Wood Sts.,
SOUTH PORTLAND, OREGON.

J. B. PILKINGTON, M. D. (late Professor of Eye and Ear Diseases in Medical Department of Willamette University), has been established as above some five years. The grounds comprise two blocks, the location being in the most beautiful and healthful part of the most beautiful city in the Union.

Special attention given to **Nervous Diseases,** and a considerable and successful experience in treatment of **Opium Habitues** gives assurance of making cures where the patient can come under our personal supervision.

Freedom from drouths and extremes of temperature—average rainfall of 57 inches and a mean annual temperature of 51° makes this city probably the best location for nervous sufferers of any in the United States.

Address, **DR. PILKINGTON,**
City Office, cor. 1st and Washington Sts.
Portland, Oregon.

ST. JOSEPH'S HOSPITAL,

360 Garfield Ave., cor. Burling, CHICAGO, ILL.,
Conducted by the Sisters of Charity.

ST. JOSEPH'S HOSPITAL was established in 1869 by the Sisters of Charity. It is admirably situated in the northern section of the city, within one-fourth mile of Lake Michigan and Lincoln Park, and is of easy access by four lines of street cars. The location is in the highest and dryest portion of the city, and from its proximity to the Lake and Park, is one of the healthiest and pleasantest in the West.

The Hospital is fitted with all modern improvements, and has accommodations for 100 patients in wards and private rooms. Both males and females are received. Meals are served in the rooms of the private, and at the bedside of the ward patients. Parents who have children with chronic medical or surgical diseases requiring prolonged treatment can arrange to leave them in the care of the Institution.

TERMS, etc. (per week)—Private Rooms, inclusive of all expenses, save liquor and washing, $10 to $15 per week; General Wards, including all expenses, save liquor and washing, $7. Lying-in Cases—An extra charge is made for attention at time of confinement. Patients are required to pay two weeks' board in advance; but those who leave before the first week expires shall have the second week's board refunded. For extra materials required at operations, deformity apparatus, etc., an additional charge will be made.

MEDICAL STAFF—Surgeons in Charge, Prof. Moses Gunn, Prof. C. Parkes; Prof. F. L. Wadsworth, M. D., Physician in Charge; Prof. Dan. R. Brower, M. D., Mental and Nervous Diseases; Prof. E. F. Ingals, M. D., Diseases of Throat and Nose; Dr. Geo. W. Reynolds, Obstetrician and House Physician; Dr. Robert Tilley, Diseases of Eye and Ear; Dr. E. W. Whitney, Diseases of Genito Urinary Organs; Dr. C. W. Johnson, House Surgeon; B. S. Palmer, Dentist.

P. O. Box 3519. Catalogue sent on application.

Subscribe for the AMERICAN MEDICAL DIGEST.

Subscription can begin with January or July of each year.

It is the most popular Medical Journal issued, as it presents monthly, in a very attractive and readable form, a digest of the best current Medical Literature of this country and Europe, embellished with numerous wood cuts, and edited by well-known and distinguished writers.

H. CAMPBELL & CO., Law and Medical Publishers,
140 and 142 Nassau Street, NEW YORK.

In a review, Dr. Henry Reynolds says: "The American Medical Digest" presents a digest of the best current medical literature of this country and Europe. The most important and practical medical news and discoveries are brought in an available form to the attention of the busy practitioner with slight demands upon his time. It is one of the most valuable medical publications extant. Few publications, if any, so completely cover the whole field of medicine and surgery as does the "American Medical Digest," and the practitioner who can take but few medical journals should certainly subscribe for this one.

SUBSCRIPTION PRICE, $2.00 PER ANNUM, IN ADVANCE. The Digest and Bartley's Celebrated Metal Pocket Urinary Test Case, $3.50.

The Best Truss Ever Made!

The IMPROVED ELASTIC TRUSS and SUPPORTER Is Now Superseding all Others.

The success and universal satisfaction they have given, as well as the great number of radical cures they have effected, has demonstrated the fact that RUPTURE can be SURELY CURED without suffering or annoyance, and without the danger of incurring Spinal Disease or Paralysis, often caused by the severe pressure of Metal Trusses and Supporters.

The superiority of these instruments over all others admits of no argument. Their perfect adaptability to all kinds of rupture, is apparent to all upon the slightest examination. It consists of an ELASTIC BAND, attached to a flexible body brace, with adjustable pads. It is worn night as well as day without annoyance.

LETTER A—Single Truss, $3; Umbilical Truss, $3; Double Truss, $4.50; Abdominal Supporter, $4.50. LETTER B—Single Truss, $6; Umbilical Truss, $6; Double Truss, $9; Abdominal Supporter, $9. JOHN H. LYNCH'S

PURE COD LIVER OIL,

MANUFACTURED BY HIMSELF.

TO PHYSICIANS AND DRUGGISTS.

A PERFECTLY PURE COD LIVER OIL, of full natural strength, and yet of surprising delicacy of taste, is what we present to you. We, practical Oil men and wholesale fish dealers, manufacture it under strict personal supervision, from selected livers of the live Cod, and have obtained here in New York, among institutions and the private sick, a reputation not approached. The oil can be taken by the delicate invalid or feeble infant, **being more pleasant** than a prime sweet salad or olive oil, and brings all the benefits which make JOHN H. LYNCH'S Pure Cod Liver Oil so marvellous in its cures for THROAT, BRONCHIAL AND LUNG DISEASES. In preparing Emulsions it has no equal. Druggists may order of the Trade or of

HEALTH FOR 50 CENTS PER YEAR.

50 CENTS pays for one year's subscription for Dr. Foote's Health Monthly, and the subscriber receives in addition a premium worth fully the cost of the subscription! The Health Monthly is a 16-page Royal Octavo edited by Dr. E. B. Foote, author of "Medical Common Sense, Plain Home Talk, Science in Story," etc., assisted by his son, Dr. E. B. Foote, Jr., author of "Health in the Sunbeam," etc. The excellence of the paper is attested by the fact that its articles are quoted by the press throughout the country. It already has over 5,000 delighted readers. Besides topics relating directly to Health, it advocates the improvement of humanity through scientific breeding, and gives more attention to sexual physiology than any other paper. Send for a sample copy, and thus obtain the page or more of advertised premiums. Samples free. Address

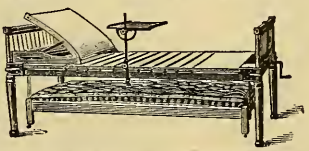
THE SARGENT INVALID FURNITURE COMPANY,

Office and Salesroom, NO. 56 SUDBURY STREET, BOSTON, MASS.

J. Q. A. SARGENT, Superintendent.



This invention is absolutely perfect in its workings. As will be seen, it consists of two parts,—a frame, not unlike a common bedstead, having soft, flexible bands extending from side to side, on which the patient rests while wounds are being dressed or any attention rendered that may be required. These bands are adjustable and may be easily removed. The other part is a sort of movable car, or trundle bed frame, on which the bed is made. It is so arranged as to be raised or lowered by a crank, being elevated to the bands and supporting the patient, or depressed and removed as occasion may require. It is admitted to be the most complete invention of the kind in use. For cases of severe wounds, amputations and every kind of disease which requires the patient to maintain a quiet state, and in which extreme weakness makes it painful to move, it is invaluable, inasmuch as it permits of a change of bed-clothes, cooling and airing the mattress, adjusting bandages, and any service on the part of the nurse without pain or even annoyance to the sick or to attendants.

MILK FOR BABIES, Etc.

DR. DYER'S "SPECIAL CREAM BRAND."

Absolutely pure cow's milk, which DOES NOT CURD in the stomach like ordinary milk—contains **no cane sugar** or other additions—keeps years in any climate—is concentrated and preserved in glass. Infants and Invalids who reject all other foods digest this readily. Yielding neither curd, starch, or sugar to ferment, without medicine or lime water, it corrects acidity and cures **Cholera Infantum**, diarrhœa, &c. It is convenient in form, and the safest most easily digested and nourishing food known. Seven medals already awarded. Send stamp for circular, testimonials, &c.

Depot—52 Boylston Street, BOSTON, Mass.

☞ SELECT THE BEST MEDIUMS.

In making your Advertising Contracts with Medical Journals, do not forget the

EASTERN MEDICAL JOURNAL,

(Published on the 1st of the month). 5,000 Practitioners read it! It is patronized by the best houses in America. This enviable position has been gained on its own merits, and its largely increased and increasing circulation is a guarantee of its value as an advertising medium. The rates, considering the circulation, the quality of paper and beauty of typography, are lower than those of any other journal. Send for sample copy and terms, addressing

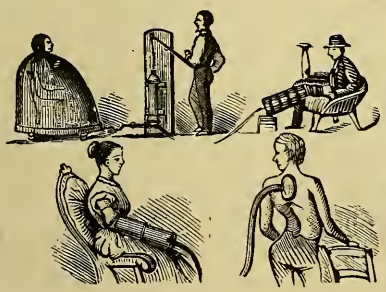
SWEDISH MOVEMENTS and MASSAGE

A Panacea for Overworked Brains.

Dr. Creighton Browne says that the men of to-day eat bread "not in the sweat of their faces, but in the fever of their brains." Apoplexy, nervcephalous, and paralysis are, he says, carrying off an increased number of victims every year. By attending the Institution of A. G. SCHLOESSER, M. D., S. C., at 3 and 4 Central Music Hall, this can be avoided.



CHICAGO VACUUM INSTITUTE

Office Room 10, 205 Clark Street. Established in 1877.

Dr. H. N. D. PARKER, Proprietor.

The treatment of Chronic, Nervous, Spinal, Brain, Kidney and Lung Diseases by the VACUUM. EQUALIZER OR DIFERENTIAL PROCESS A SPECIALTY. A Pamphlet entitled "A Plain and Simple Statement of the Origin and Results of the Treatment of Diseases by the Equalizer and Vacuum Process at the Chicago Vacuum Institute, by Dr. H. N. D. PARKER," will be sent to any address Free. All inquiries as to treatment, prices of instruments, etc., and any other information cheerfully answered.

OAK LAWN RETREAT FOR THE INSANE,

JACKSONVILLE, ILLS.

Founded 1872. Situation retired, with extensive grounds, of remarkable beauty. The proprietor, with forty years of very wide experience in the care of the insane, devotes his time exclusively to a limited number of patients. Only the most carefully selected nurses and attendants employed.

ANDREW McFARLAND, M. D., Propr.

THE ST. LOUIS PERISCOPE AND CLINICAL REVIEW

Of Homœopathic Medicine and Surgery.

A Monthly Journal, Edited by Prof. W A. Edmonds, A. M., M. D., and Prof. S. B. Parsons, M. D., Assisted by other well-known Physicians. ST. LOUIS, MO.

The St. Louis Periscope is issued on the 15th of every month. It will be published in the interest of the entire medical profession. It has no connection with any College, or exclusivism in potency. Its guiding principle will be "*Similia, Similibus, Curantur.*"

It is the aim of the publisher to conduct a journal which shall represent the interests of the above school, both by enabling its practitioners to present their experiences in the pathology and treatment of diseases, as met with in daily practice, as well as to bring to them in a concise and practical way, the result of scientific research elsewhere.

All communications, Exchanges, Books for Review, Subscriptions, etc., should be addressed to

FRED. N. NIXON, Publisher and Proprietor, Singer Building,

SUBSCRIPTION, $2.00 PER ANNUM. ST. LOUIS, MO.

Detroit Electrical Works,

DETROIT, MICHIGAN.

A Book to Amuse and Entertain the Busy Doctor in his Leisure Hours.

The London Medical Student:

And Other Comicalities. Selected and compiled by **Hugo Erichsen**, M. D., L. R. G. P. and S.

COMMENTS OF THE PRESS.

"Crisp and readable throughout, and exquisitely humorous."—*Leonard's Ill. Med. Journal.*

"We are sure that everyone with any humor in his soul will enjoy the fun which is crowded into the pages of this book."—*Medical Chronicle.*

"This book is a specific for that which physicians as well as other people are occasionally affected with—called the 'blues.' "—*Medical Summary.*

"It is compounded for the doctor, and every doctor in the land should appreciate it by possessing himself of a copy."—*Eastern Medical Journal.*

"This book should be found on every office table."—*Medical Advance.*

Handsomely printed on superior paper, with clear, sharp type, over 200 pages, neatly and strongly bound in cloth, gilt title on the back, **Price $2.00.** Mailed postpaid to any address on receipt of price. Address orders to **Dr. H. ERICHSEN**, 11 Farmer st., **Detroit, Mich.**

OPIUM SCALE,

(SQUAMAE PAPAVERIS),

A preparation of opium from which the nauseant and convulsant properties have been removed, leaving the medicinal elements of opium in their natural and most effective combination. It is far less liable to disturb the stomach or produce sick headache than crude Opium or the Salts of Morphia.

OPIUM SCALE is odorless and more pleasant to the taste than the Salts of Morphia. It is positively of a uniform, definite strength, always containing **10 per cent.** of Morphia by *assay.* It is put up in the form of Scales. The average adult dose is 1 gr., dispensed in the form of pills, powders or liquids.

Samples will be furnished to physicians who wish to give it a fair trial.

Manufactured by A. B. STEVENS, 33 Lafayette Ave., Detroit, Mich.

DR. O. E. HERRICK'S

Soft Rubber and Silver Wire Uterine Supporter.

Now used by many of the foremost physicians and gynecologists in this country and Europe with unfailing success. The reason for this is that it can be bent into any shape and adapted to any case by the operator, a quality that any pessary *must possess* to be of universal use.

Price to Patients, $4.00, to Physicians only $2.10.

Address, O. E. HERRICK, M. D.,

54 Monroe St., Grand Rapids, Mich.

A TREATISE ON THE GENERAL PRINCIPLES OF

BIOLOGY.

BY W. J. COLE, M. D.

A new theory of life that has no interruptions, inconsistencies, abrupt transitions nor contradictions, and does not reverse the order of nature, but begins with the lowest classes of matter and energy, and follows the natural evolutionary changes to the highest functions of the mind.

Duodecimo, bound in Cloth, price $3.00.

Sold by the Trade, or sent, post-paid, on receipt of price, by

W. J. COLE, M. D.,

The Improved American Pocket Battery

Gives the Faradic and Primary Current.
For Physicians' and Family Use.

The design of this Battery is entirely original (not copied). In convenience, portability, power, economy and durability it has no equal. Our patent hard rubber screw top revoluble cell (like a pocket ink-stand), holding the mercury solution without leaking, therefore can be carried in the pocket fully charged. H indicates heavy brass strips connecting the cell with induction coil, superseding the small wire connections on the bottom of all other Batteries, so difficult to repair when broken. Two pair of nickle-plated electrodes for clamping sponge free with each machine.

Sold by the trade—RETAIL PRICE, $10.00—and **every Battery warranted. Send for descriptive circular B, giving special price to physicians for a sample battery, prepaid.**

RUPTURE--I-X-L Elastic Truss Co.,--HERNIA.

646 MARKET STREET, SAN FRANCISCO, CAL.

The I-X-L Elastic Truss is endorsed by the Medical Faculty of the world as the most scientific. This Truss has effected hundreds of wonderful cures. It is not an electric or magnetic humbug.

Received First Premium at World's Industrial Exposition (over all competitors), New Orleans, 1884-85, having previously received First Premiums, consisting of Gold, Silver and Bronze Medals, at all Expositions where shown in the United States and Europe for the **best scientific instrument** for the retention and radical cure of Rupture (Hernia).

Prof. A. A. McLEAN, Rupture Specialist and inventor I-X-L Elastic Truss, treats Rupture to a radical cure, having already cured thousands of cases pronounced incurable, feels justified in announcing to those who are ruptured, of both sexes, that he will in the future devote his time to those who require his services. To those who only desire a Truss he will guarantee a proper pad adjusted for each and every case. ☞ Address for for Circulars, etc., **Prof. A. A. WINDSOR HOUSE,

HOT SPRINGS, ARK.

This pleasant house has an admirable location on Park Avenue, just back from the noise and dust of the street, is next door to a good bath house, and offers superior inducements for the accommodation of visitors. The rooms are large and elegantly furnished with marble-top chamber suits, woven Wire Springs, and hair mattresses, and from the windows a fine view can be had of the surrounding scenery. The house is a model of neatness, elegance and comfort, and combines the freedom of a hotel with the comforts of a private house. The table is not surpassed by any hotel in the State. Special attention is given to the wants of guests, who are always pleased with their sojourn at the Windsor. For particulars, address,

SANITARIUM.

THE KENOSHA WATER CURE.

Is pleasantly located on the western shores of Lake Michigan, in one of the most healthful towns in the Northwest. The summers are remarkably cool, and climate invigorating. Baths, electricity, and all available hygienic measures are used. The diseases of women, nervous and mental diseases, receive special attention. The table is liberal. Mineral water from one of the finest artesian wells in the State supplies the institution. For Circulars, Terms, etc., address N. A. PENNOYER, M. D., or

E. PENNOYER, Proprietor,

KENOSHA, WIS.

NOTICE.

We will Publish, at an early date, DR. LIBBEY'S New Medical Work, entitled

The Home Comforter, or Medical Common Sense,

It will be something new, novel, and decidedly interesting to all classes. It will be full of practical and desirable knowledge, treating upon Hygiene, Diseases, Causes, Cures, How to Prevent, Remedies for all forms and developments of Chronic Diseases, proper diet for sick or well, directions in Household Economy in all its varied branches, etc. Its value could hardly be estimated; it is indispensable in every family. The same amount of useful knowledge cannot be found in any other publication. We expect the book to make about *one thousand pages.* It would be cheap at $10.00 per volume; we shall place the price at the nominal sum of $3.00 only. Just enough to pay the *cost of publication.* There will be but a *limited number* printed, and be sold *to subscribers only.* Those who wish to subscribe for a copy will please send us their names; we will forward a blank to be filled out and signed. The edition is being rapidly subscribed for. Send your name and secure one of the most valuable books of reference yet published. Address **Boston Hygiena Publishing Co.**

Dr. C. B. ROBBINS

Still Continues to Manufacture

Surgeons' Adhesive Plaster, Isinglass Plaster, and Dressing Plaster.

Robbins' Surgeons' Adhesive Plaster.—We have received specimens of this excellent plaster from the manufacturer, and it really seems to be the very perfection of plasters. It is water proof and requires only to be moistened to stick most tenaciously. It is strongly recommended by eminent surgeons, both in civil and military service. It adheres equally well after two, three or a half dozen applications, and may thus be employed very economically in re-dressing wounds when the supply may run short, as is very likely to happen at times in military service. It is carefully put up in rolls, and inclosed in tin boxes. The inventor is a member of the profession, and it is prepared under his own eye.—Boston Medical and Surgical Journal.

WARNER EUREKA PEN HOLDER PAT. APR. 29, 1884

The features peculiar to the **Warner Eureka Pen Holder,** which make it superior to all others, are the form of the finger rests and the rubber seat or cushion for the pen.

The Finger Rests afford a perfectly adjusted contact for the thumb and first two fingers; a flat face for the flat end of the thumb, a concave face for the convex end of the first, the lever finger, and a convex face toward the second, the pivotal finger.

The Rubber Pen Seat or Cushion holds the pen firmly, makes the inscription and removal of pens always easy, gives the pen an easier action by yielding slightly when under pression in writing, and diminishes the unpleasant vibration from the scratch of the pen.

We will mail a sample Eureka Pen Holder, gold mounted, for a silver quarter. Plain finish, for school use, silver dime. Wrap securely so that it shall not cut through the envelope. Write full address very plainly. **Agents Wanted.** Address

PROF. LIZZIE HILL,

Graduate of the Electro-Therapeutic College of Philadelphia, treats

Acute and Chronic Diseases

WITH

GALVANISM, MAGNETISM and other modifications of Electricity.

By her Electrical treatment Prof. HILL instantly relieves or permanently cures diseases peculiar to females—inflammations, paralytic affections of long standing, kidney and liver troubles, neuralgia, headache, chronic diarrhœa, dropsy, bronchitis, asthma, ague chills, rheumatism, vertigo, spinal diseases, uterine weakness and kindred ailments. By a process known as Electrolysis Prof. Hill also removes superfluous hair, moles, wine marks and birth marks from the face and body.

SUBSCRIPTION REDUCED TO $4 00. FORTY-FIRST YEAR OF REPUBLICATION.

The London Lancet for 1885,

CONDUCTED BY

JAMES G. WAKLEY, M.D., M.R.C.S. (Editor since 1855), and THOMAS H. WAKLEY, F.R.C.S.

THE LANCET for 1885 will contain over 1200 double-column pages of closely printed matter, exclusive of the advertising sheets. The type is clear, and printed on the very best calendered book paper. Our pages contain nearly twice as much reading matter as any other monthly medical journal published on this side of the Atlantic. Illustrated with engravings by the best artists.

Send for our Enlarged Prospectus and Club Rates with other Journals. A specimen copy will be sent on receipt of four two-cent stamps.

Leube-Rosenthal's Beef Solution

Truly represents lean beef with all its original constituents. Its advantage over kitchen cooked and raw meat lies in the fact of its being reduced to a state of minute division, forming an emulsion with the fat natural to muscle, and of its being partially digested. It necessarily embodies all soluble extractive matter of beef, together with the nourishing insoluble part, in a state in which it is most easily digested, this being a marked distinguishing feature from the so-called Extracts, Essences, Juices, etc., of beef, all of which contain only the soluble part of it. Its superior adaptability for nutrition makes itself readily manifest in the ease with which it is borne by most irritable stomachs and in the rapid benefit derived from its use by sufferers from severe digestive troubles. This solution is made according to the published process of Prof. Leube, who originated it in his endeavors to replace the extractive meat preparations, delusive in their nutritious value, by a truly nutritive and easily digestible meat diet for the sick and convalescent.

Private Course on the AFFECTIONS OF THE EYE & EAR.

BY FLAVEL B. TIFFANY, M. D.

Professor of Ophthalmology, Otology and Histology in the University of Kansas City, and Oculist and Aurist to All Saints Hospital.

The Spring Term of this course begins on the 1st day of April, 1886, and closes the 30th day of May. The Autumn Term begins the 2d day of November, and closes the last day of Dec. This course of study is intended to meet the wants of the general practitioner to refresh his knowledge on these special subjects—subjects, which perhaps for want of time and opportunity, were more or less neglected during his college days. It is also intended as a preparatory course for him who wishes to make a specialty of the affections of the Eye and ear. Tuition, including Certificate, $25.00.

1044 Main St., Kansas City, Mo.

To the Medical Profession: The Physician, by the use of Edward Taylor's (Manchester, England) **Belladonna Plasters,** will obtain far more rapid and certain results than from any other Belladonna Plaster yet offered. Prepared with fresh Alcoholic Extract Belladonna, P. B., and spread with an Emp. Adhes. base only, they are light, thin and porous, yielding the full properties of the drug on application to the surface, whereas a Plaster with India Rubber base must necessarily hold a great proportion of its Medication insoluble. Test them in your R's, and we think, you will use no other.

Private Treatment of Opium Habitues.

Dr. J. B. MATTISON

Continues to receive Opium Habitues at his residence, 314 State Street, Brooklyn, N. Y., to whom he devotes his exclusive professional attention. Number limited—six—and select. None but opium habitues admitted. Advantages: Handsomely furnished apartments, desirable privacy, a liberal cuisine, cheerful social surroundings, and personal professional attention, based upon several years' experience in the management of this disease. Details on application.

NEW YORK

The course of instruction is arranged in such a manner that students may enter at any time. For further particulars apply to the Secretary, Dr. W. F. MITTENDORF, 123 East 25th St.

DR. A. BROWN, OCULIST,

New Haven, Conn.,

Treats all diseases of the Eyes, restores sight to the Blind, removes Cataract without an operation, cures Inflammation of the Eyes, Paralysis of Optic Nerve, Granulated Eye-lids, Eyes that can not bear the light and restores sight to old and weak Eyes, Spectacles fitted by examination. Consultation free.

Amongst the many wonderful cures lately effected was that of a Miss Belle Treat, of New Haven, who lost her sight at 5 years of age from vaccination, and continued till she was 15 years old; ophthalmia had set in and ulcers grew over the pupils of her eyes. The most eminent doctors in New Haven had treated her without success, and she was pronounced by the doctors of the Eye Infirmary at Boston as incurable. Dr. Brown succeeded, after a short treatment, in restoring her sight perfectly.

COLLEGE OF MEDICINE

OF

SYRACUSE UNIVERSITY.

THIRTEEN PROFESSORS. NINE INSTRUCTORS.

Three years of nine months each, graded course. Two Hospitals Supply Abundant Clinical Material. Frequent Oral and Written Examinations test the fitness of pupils for advancement.

* * * Fourteen years' experience has proven that the step-by-step system of this College is in every respect incomparably best for the student. It utilizes all his time, furnishes instruction carefully adapted to each stage of his progress, and thus secures natural growth and healthy development, instead of distension.

Dr. Robert Hamilton's Medical Institute.

AT SARATOGA SPRINGS, NEW YORK.

OPEN ALL THE YEAR.

This establishment, under the management of Dr. R. HAMILTON, is charmingly located near the principal Springs, Churches and Hotels, and carefully adapted to the requirements of invalids and guests.

THE BOARDING DEPARTMENT

Is well regulated, the Halls and Parlors unusually pleasant, and the Sleeping Rooms cheerful, airy and well furnished.

SPECIAL INDUCEMENTS

Are offered to those Seeking Health; as, in addition to the ordinary medicinal agents employed in general practice, the most scientific remedial appliances are here in use, including Hot Air, Electro Chemical, Sulphur, and other Baths, Swedish Movement, Health Lift, Inhalation, &c. Specialty of Chronic Cases, Female and Lung Diseases. Lectures once or twice a week by Dr. Hamilton and others.

TERMS—FROM $10 TO $20 PER WEEK.

Depending upon Room occupied and attention required.

The Proprietor is pleased to announce that he has associated with him L. O. GOETCHIUS, M. D., who has been eminently successful in curing Cancers without the use of the knife. Fistula, Tumors, Goitre, and kindred diseases successfully treated. A separate department is organized for the treatment of Cancers, under the personal care of Dr. Goetchius. This treatment is mild, safe and efficacious. Patients seldom lose a meal or a night's rest. It is decidedly superior to any other treatment now known.

Ample arrangements are made for Boarding Patients in pleasant apartments near the Institute. References and testimonials given on application.

Dr. Hamilton would inform his patrons that he has a safe and sure remedy for the cure of the Opium or Morphine habit, quickly and painlessly. For further information apply to

INGLIS'
COMPOUND ELIXIR OF FIR.

A palatable and highly efficient remedy in all sub-acute and chronic affections of the mucous membranes generally. Its action is to stimulate the mucous membranes to a healthy action, and thus to remove the cause of the excessive secretion which gives these affections the name "Catarrhal."

It is therefore especially valuable in Consumption with profuse expectoration; in chronic Bronchitis, Dilatation of the bronchial tubes, chronic Laryngitis, Catarrh of the nasal passages, etc.

At the same time its free and continuous use produces no irritation of the digestive organs, and unlike Cod Liver Oil, and most expectorants, does not impair, but rather improves the appetite, and so assists in maintaining the general strength.

Dose for adult, dessert spoonful four or five times a day.

PREPARED ONLY BY

FIRST-CLASS ARTIFICIAL LIMBS.

Charles M. Evans,

U. S. GOVERNMENT MANUFACTURER,

177 West Fourth St., CINCINNATI, O.

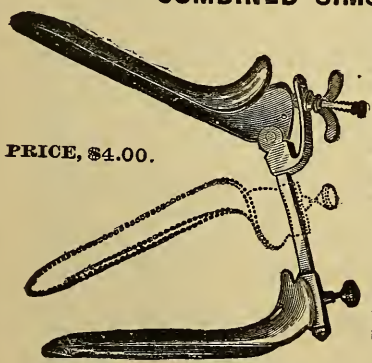
GOLD MEDAL at International Exposition, Atlanta, Ga., 1881. **HIGHEST AWARD** at Cincinnati Expositions since 1870, and wherever competing for merit. **Send for Circular.**

New GYNÆCOLOGICAL INSTRUMENTS

All designed by C. HENRI LEONARD, A.M., M.D.,

Professor of Medical and Surgical Diseases of Women, and Clinical Gynæcology, Detroit College of Medicine.

COMBINED SIMS' AND BI-VALVE SPECULUM.



PRICE, $4.00.

This cut shows my new Speculum as made into a Sims'. To do this remove the lower (dotted) blade from the perineal bar, and replace it in a REVERSED position, screwing its milled-head screw closely home, and elevating the superior blade (by its thumb-screw) as far as possible. In case it is only wanted as a bi-valve, the dotted line shows the inferior or longer blade in its position. IT CAN BE ADJUSTED AT ANY POINT UPON THE PERINEAL BAR to gain space for operation upon tumors, or the uterus. When FULLY EXPANDED, the base of the blades are 3¾ inches apart, and the tips 5½ inches. This is now **by far the cheapest and best Speculum made.**

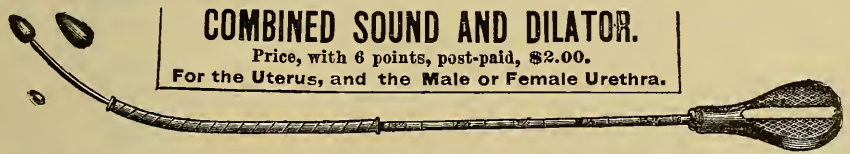
UTERINE DRESSING FORCEPS.

Made of the best steel, nickel-plated, price, post-paid, **$1.25.** Ordered with either of the above, **$1.00.** This instrument is *nine* inches in length; the blades are straight, with the handles bent down, so as to be out of the way of vision through the Speculum.

COMBINED SOUND AND DILATOR.

Price, with 6 points, post-paid, $2.00.

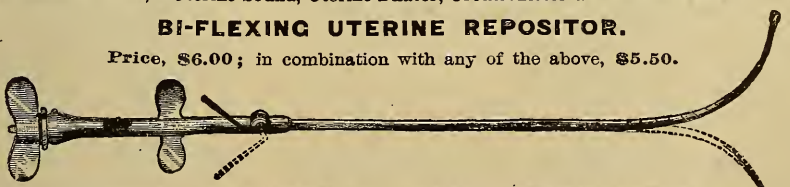
For the Uterus, and the Male or Female Urethra.



The points may be used as *Uterine* or *Urethral* dilators, or measures of the diameters of these canals. Also to break down Strictures in the *Male Urethra*, besides locating their position and size. *It is virtually* **four** *instruments in one*, a Uterine Sound, Uterine Dilator, Urethrometer and Stricture Dilator.

BI-FLEXING UTERINE REPOSITOR.

Price, $6.00; in combination with any of the above, $5.50.



This is the only instrument now made that can, by turning a thumb-screw at the handle, change a Uterus from a retro-flexed to an ante-flexed position, or *vice versa*. Besides, it does not injure the endometrium as do Uterine Sounds when used for this purpose. Its action is similar to the index finger when being flexed upon the hand-palm.

Portable Bath Apparatus

Patented Sept., 1877.

For the Easy, Safe, and Effective Administration of TURKISH, HOT AIR, VAPOR, MERCURIAL VAPOR, DRY FUMES, HERB, and every description of

MEDICATED BATHS.

The great aid and advantage which these baths would impart to a physician's practice are self-evident, and will be keenly appreciated by the practitioner who introduces them into his practice.

Electricity can be combined with these baths with excellent results.

Physicians have and can more than DOUBLE their income by using this Bath in their office, outside and family practice.

Physicians, Druggists, or others wishing to secure the control or EXCLUSIVE right to use or sell this Bath Apparatus in their town, city or county, can do so on favorable terms, by addressing

DR. J. V. HIRLEY,

291 Elm Street, CINCINNATI, O.

P. O. Box 573.

These Baths are equally as good and in many diseases more beneficial than the famous Hot Springs of Arkansas. SEND FOR CIRCULAR.

Price to Physicians, $10. Cash when ordered.

ELECTRICAL MEDICATION.

Teaches how to treat numerous acute and chronic diseases with electricity. It teaches how to control inflammation with electricity to a certainty, thereby saving lives, by using it in conjunction with medicines, that would perish or die without it. Thirty years' experience with medicines, eighteen years of the time a clinical experience with electricity, justifies the above assertions of the author.

REFERENCE REVIEWS.

J. J. Lawrence, A. M., M. D., editor of *Medical Brief*, St. Louis, Mo., April, 1885, says: "Electrical Medication is worth many times the price asked for it. (Send for it.)"

J. S. Zerbe, editor *American Inventor*, March, 1884, says in conclusion of a review on Electrical Medication: "Dr. Tipton is to be congratulated for the successful manner in which he has presented the subject."

D. B. Goldsmith, M. D., Ramsey, Fayette Co., Ill., June, 1883: "I have read all the works of prominent electricians of Europe and the United States, but saw nothing based upon common sense and backed up by logical reasoning until I read your book."

Homœopathic News, St. Louis, April, 1882: "Physicians desiring to adopt the battery in their practice will find this a comprehensive and practical work."

American Medical Digest, New York, April, 1882: "From reading this work we are impressed with the author's true discipleship and his specific adaptation of electrical medicine to almost every malady to which man is heir."

Minnesota *Medical Mirror*, Cambridge City, April, 1882: "The very liberal and reasonable deductions of the author are convincing at once that he is not riding a hobby," etc.

American Medical Journal, St. Louis, Mo., April, 1882: "The subject of Electrical Medication is presented in a different manner from that to be found anywhere else. In this book we have a practice of medicine characterized by variety—electricity and all therapeutic agents employed by all branches of the profession."

E. O. Neil, M. D., Member Royal College Physicians and Surgeons, England—See review in the work.

From the *G. E. Medical Journal*, Atlanta, Georgia, 1882, conclusion of review): "Dr. Tipton has presented these subjects of Electrical Therapeutics in a manner that will not fail to interest every reader; nor has he made a humorous hobby out of it."

We could furnish any number of endorsements similar to the foregoing and following:

Dr. J. A. Dougherty, United States Medical Examiner for Pensions, says: "The work is worth its weight in gold; entirely unlike anything of the kind that I have read."

Upon receipt of $3.00 I will mail the book to any address by return mail, post-paid.

After 60 days if you do not consider the work worth ten times the price asked for it, return the same and get your money less transportation.

A. W. TIPTON, M. D., Topeka, Kas.

DR. DOUGLASS'

Portable Combined Turkish, Russian, Electro-Vapor & Sulphur

BATH APPARATUS.

(PATENTED OCT. 6. 1885.)

AGENTS WANTED. Territory for Sale, - Address Dr. GEO. DOUGLASS, SIOUX CITY, IOWA.

There has never been anything invented to take its place.
CAN GIVE ANY KIND OF A BATH.

Any person can run it with half an hour's instruction
CAN GET UP STEAM IN SIX MINUTES.

DOUGLASS' DIPHTHERIA REMEDY.

For Diphtheria, Croup, Quinsy, Bronchitis, Asthma, and all Throat Diseases, Colds, Coughs, Hoarseness, etc. Until the present there has appeared no remedy that would certainly reach Diptheria. I am, I believe, in possession of as certain a cure for it as man can discover, and in order to have it doing its good work I place it on the market for sale, and any person, after faithfully employing the remedy as prescribed, and it fails to cure either Diphtheria, Quinsy or Croup, it costs you nothing. It can be taken every hour without the least injury to the patients. It is not necessary to burn the throat with caustics or to use any swabs. The medicine can be swallowed according to directions without any bad effect, and will relieve the patient inside of twenty-four hours. All I ask is a fair trial and you will be convinced that it is the best remedy you have ever used for throat diseases of all kinds. **Price, 25c., 50c. and 75c. a bottle.** Try it. Send for Sample Bottle—FREE.

Prepared by DR. DOUGLASS, Sioux City, Iowa. ☞Agents Wanted.

LEONARD'S

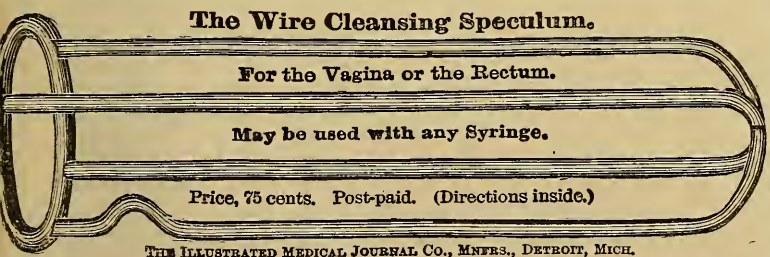
Gynæcological Instruments.

UTERINE APPLICATOR.

This is made of flexible material, nickel-plated, and with a close-fitting, sliding spiral ribbon, so that ne cotton can be removed without soiling the fingers after the application has been made. Used for pplying liquid or semi-liquid medicines to the Endometrium or Urethra. PRICE, post-paid, 60 cents.

FLEXIBLE UTERINE MEASURING PROBE.

This instrument is eleven inches in length, neatly nickel-plated, and is made out of specially annealed opper, so as to be *readily flexed* to any shape. It has, also, a measuring steel slide upon it, so that the epth of the womb-cavity Sinus or Urethra, can be easily ascertained. *This does not take the place of he* SOUND, *but acts as a channel-finder for it.* PRICE, post-paid, 75 cents. Ordered with either of the bove, 60 cents.



The Wire Cleansing Speculum.
For the Vagina or the Rectum.
May be used with any Syringe.
Price, 75 cents. Post-paid. (Directions inside.)

THE ILLUSTRATED MEDICAL JOURNAL CO., MNFRS., DETROIT, MICH.

This instrument distends the vaginal walls so the stream from the syringe will wash off any adhering secretion. It may also be revolved in the Vagina, thus scraping off the more tenacious mucus from the vaginal rugæ.

Either of the above will be sent post-paid, upon receipt of price. Address ALL orders (none filled ithout *full* remittance) to

☞ Send 10 cents extra if you wish your goods sent in *registered* package.

(Discounts in quantities or to the trade.)

DOCTORS,

Give the old horse a rest. To be sure, he will die without exercise, but so will you.

YOU CAN RIDE A CYCLE.

Dr. Richardson, of London, says:—"I can ride forty miles on my tricycle easier than I can ride twenty miles on horseback, or walk ten miles."

YOU NEED THE EXERCISE.

LUNGS, LEGS and LIVER

MADE NEW BY RIDING A WHEEL.

Wheeling is better than walking. It is healthful to wheel. It is fashionable to wheel. It is fun to wheel. You will eat, you will laugh, you will sleep,—when you wheel!

The International Review of Medical and Surgical Technics

Is a Quarterly Journal devoted to the Publication of Instruments, Appliances and Methods of Operation that have been Recently Devised or Published.

It will also contain articles upon the manufacture, use, care and repair of surgical instruments, and upon the treatment of emergencies. In addition to this, it will be the official publication of the AMERICAN ASSOCIATION OF THE RED CROSS, a society formed "under the provisions of the Geneva Treaty, promulgated at Geneva, Switzerland, in 1864, and signed since by all the nations of the earth, including the United States, for the relief of suffering by war, pestilence, famine, flood, fires, and other calamities of sufficient magnitude to be deemed national in extent."

The IOWA STATE MEDICAL REPORTER,

PUBLISHED AT DES MOINES.

EDITOR—F. E. CRUTTENDEN, M. D. **ASSOCIATES**—C. M. HOBBY, M. D., L. C. SWIFT, M. D., D. S. FAIRCHILD, M. D., W. L. ALLEN, M. D., H. B. YOUNG, M. D.

TO THE PROFESSION.—This journal is published about the twenty-fifth of each month. It is strictly professional. Its columns are open to communications from the regular profession of the State. Not being connected with any mercantile house, it will not be used, as is frequently the case, to advance the pecuniary interests of the publisher or proprietor.

The following special departments will be maintained: Original Articles, Correspondence, Reports of Cases, Society Reports, Editorial, Medical Notes, Statistical Reports of State Institutions. Commencing with number 1, volume III, the Reporter will be published on cream white paper and will be increased to thirty-six pages reading matter; double the number of the present volume. SUBSCRIPTION, $2.00 per annum.

TO ADVERTISERS,—We present the best medium for advertisements that are intended to reach the profession of this State. We are about completing our second year. Our support has been such that, commencing with volume III we shall increase our reading matter, making the Reporter still more attractive. During the last two years we have published and sent to regular subscribers nearly 2,000 copies monthly. Advertisements reaching us before we make up our forms for the next volume will receive the advantage of Special Rates on yearly contracts. Address all communications to

MANUFACTURERS OF THE

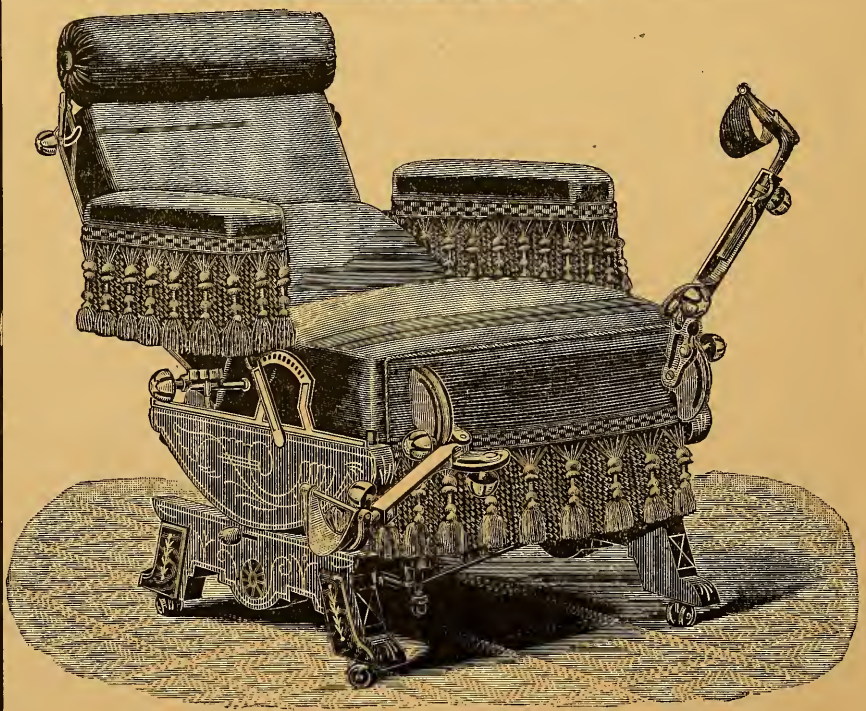
Geo. F. Child Adjustable Parlor Chair,

For the Parlor and Library, or for PHYSICIANS and Invalids.

Office and Salesroom, 281 Wabash Avenue, cor. Van Buren Street,

CHICAGO, - ILLINOIS.

The back adjusts up and down backward and forward. The foot rest hinges to the seat. The seat slides on the rocker, always balancing the chair. The rocker locks in all positions. Nothing automatic: fits all height and sized people, and is easily adjusted to all positions of the human body.



THIS is the only complete **PHYSICIAN'S HOUSE AND HOSPITAL CHAIR** ever made. As an Examination Chair, the advantages are many. The Stirrups are complete. The use of the Rockers in handling patients are of the greatest value, fully and easily controlling the elevation of the part of the body desired. RUPTURE--I-X-L Elastic Truss Co.--HERNIA.

646 Market Street, SAN FRANCISCO, Cal.

The I-X-L Elastic Truss is endorsed by the Medical Faculty of the world as the most scientific. This Truss has effected hundreds of wonderful cures. It is not an electric or magnetic humbug.

Received First Premium at World's Industrial Exposition (over all competitors), New Orleans, 1884-85, having previously received First Premiums, consisting of Gold, Silver and Bronze Medals, at all Expositions where shown in the United States and Europe for the **Best Scientific Instrument** for the Retention and Radical Cure of Rupture (Hernia).

Prof. A. A. McLEAN, Rupture Specialist and Inventor I-X-L Elastic Truss, treats Rupture to a radical cure, having already cured thousands of cases pronounced incurable, feels justified in announcing to those who are ruptured, of both sexes, that he will in the future devote his time to those who require his services. To those who only desire a Truss he will guarantee a proper pad adjusted for each and every case. ☞Address for Circulars, etc., **Prof. A. A. McLEAN, or I-X-L ELASTIC TRUSS CO., 646 Market St., San Francisco, Cal.**

THE POPULAR MEDICAL JOURNAL OF AMERICA.

OPINIONS.

We have space for only a few of the many expressions received daily.

Dr. J. T. Coveny, of Argus, Iowa, writes: "I fell in love with THE WORLD at first sight, and now would not be content without its company. I like it better than any journal I take, and am surprised that I did without it so long."

Dr. W. G. M. Seiple, of Lehighton, Pa., writes: "One article in the January number is worth the subscription price for several years. I take nine medical journals with this one."

Dr. J. O. Nellis, of Herkimer, N. J., writes: "I think of all the medical journals I ever saw, THE MEDICAL WORLD stands at the *head*. I would not be without it for *ten times* the price."

Dr. Geo. W. Flagg, of Kent, N. H., writes: "I did not intend to go without THE WORLD. Am lonesome without it. I enclose subscription. It is refreshing and surprising to have a journal stop promptly at the end of subscription."

Dr. W. W. Scott, of Cedar Springs, Va., writes: "It is a perfect gem. I think *no* physician can afford to do without it for ten times its cost."

Dr. W. E. Buxton, of Samsville, Ill., writes: "I would almost as soon lose one of my weeklies for the rest of the year, as one number of THE MEDICAL WORLD.
